

DESCRIPTION OF
2013-14 NEW YORK STATE
EXECUTIVE BUDGET RECOMMENDATIONS
FOR
ELEMENTARY AND SECONDARY EDUCATION

EDUCATION UNIT
NEW YORK STATE DIVISION OF THE BUDGET
January 22, 2013

INTRODUCTION

This report provides a summary of the 2013-14 New York State aid programs for elementary and secondary education as recommended in the Executive Budget submitted by Governor Cuomo to the Legislature on January 22, 2013.

The descriptions provided in this report were prepared for use by school district officials, representatives of educational organizations, State officials, and other persons interested in New York State public school aid.

Although other aspects of the State's budget may directly or indirectly affect public school districts, except where noted, only appropriations which are administered by the State Education Department are covered in this booklet.

This booklet is also available at the Division of the Budget web site under "Publications/Archive," "Descriptions of School Programs": <http://www.budget.ny.gov>.

SCHOOL AID OVERVIEW

The 2013-14 Executive Budget reflects a strong commitment to improved student outcomes, sustainable cost growth, and an equitable distribution of aid. It builds upon reforms implemented in prior years as well as the first round of recommendations from the New NY Education Commission.

For the 2013-14 school year, the 2013-14 Executive Budget recommends a total of \$20.81 billion for School Aid, a year-to-year funding increase of \$610.30 million or 3.02 percent which is consistent with the School Aid Growth Cap. High need districts will receive 75 percent of the 2013-14 allocated increase and 69 percent of total formula-based School Aid. In addition to the amounts available through General Support for Public Schools, the Executive Budget provides for \$203.47 million in Fiscal Stabilization funds and \$75.00 million in competitive grants including \$25.00 million for full-day prekindergarten. Key components of the 2013-14 Executive Budget for elementary and secondary education include the following:

- A two-year school aid appropriation.
- An overall increase of \$610.30 million (3.02 percent) in school aid, including an increase of \$550.31 million (2.77 percent) in formula-based aids including Building Aids and an increase of \$9.99 million (3.41 percent) in grant programs reflecting existing reimbursement methodologies. The Executive Budget provides an additional \$50.00 million in competitive grant funding for a total of \$100.00 million for the 2013-14 school year.¹
- As provided for by Chapter 58 of the Laws of 2011, annual growth in school aid is based on the rate of growth in New York State personal income - an increase of 3.0 percent for the 2013-14 school year.
- Within formula-based aids, including Building Aids, 517 school districts have aid increases totaling \$591.23

¹ For additional information regarding recommended formula aid for public schools for 2013-14, see the January 2013 school aid computer listing entitled "BT131-4" which is based on data supplied by the State Education Department.

million and 159 school districts are projected to have aid decreases amounting to -\$40.92 million.

- The 2013-14 Executive Budget continues the Foundation Aid program as well as the Universal Prekindergarten Aid program. For 2013-14 Foundation Aid, districts statewide, including the State's 207 high need districts,² will receive \$15,005.36 million, the same as last year.
- Reflecting the continuation of current formula calculations, funding for Universal Prekindergarten Aid is expected to total \$385.03 million. For the 2013-14 school year, school districts may qualify for additional amounts for full-day prekindergarten through a competitive grant application process.
- The Gap Elimination Adjustment (GEA) is continued within formula-based aids. As was the case last year, the GEA is adjusted to maintain growth in school aid at sustainable levels. The GEA total of -\$1,834.73 million reflects a \$321.55 million adjustment to the 2012-13 school year GEA, with the 2013-14 adjustment calculated to distribute the increase in a manner that recognizes a district's pupil need, fiscal capacity and its 2012-13 GEA amount. High need school districts will receive 75 percent of the allocated increase.
- Aids continued at base-year amounts based on data on file with the State Education Department for the 2013-14 Executive Budget include:
 - Supplemental Public Excess Cost Aid -- \$4.31 million
 - Academic Enhancement Aid -- \$8.32 million
- Grants funded at base year amounts include:
 - Academic Achievement Grant -- \$1.20 million
 - Supplemental Educational Improvement Grant -- \$17.50 million
- For the 2013-14 school year, consistent with existing statutory provisions, \$204.19 million, a decrease of -\$1.28 million, is available for Special Services Aid for

² The State's 207 high need school districts include the Big Five City school districts and other districts identified by the State Education Department based on pupil need and school district fiscal capacity.

career education programs and school computer services. This aid, which also includes the Academic Improvement Aid category, is provided to both Big Five City school districts and other districts that are not components of BOCES.

- Funding is continued under the current statutory formulas for selected aids, primarily expense-based, including High Cost Excess Cost, Private Excess Cost, BOCES, and Transportation Aid.
- Reflective of existing statutory formula calculations and reported expenditures by school districts, High Cost Excess Cost Aid for the 2013-14 school year will total \$532.04 million, an increase of \$79.79 million. Private Excess Cost Aid, which provides State reimbursement to school districts for children placed by the school district's Committee on Special Education (CSE) in private school special education programs and Special Act school districts, will increase by \$38.89 million to a total of \$358.98 million. As previously noted, funding for Supplemental Public Excess Cost Aid is continued at \$4.31 million.
- Aid for Board of Cooperative Educational Services (BOCES) totals \$724.86 million, a year-to-year increase of \$20.73 million.
- An increase of \$60.87 million, for a total of \$1,722.49 million (including summer transportation aid), is provided for expense-based Transportation Aid to reimburse school districts for the cost of transporting 2.3 million students statewide. Statewide, up to \$5.00 million continues to be available for reimbursement of district-operated summer school transportation expenses.
- Reflective of existing statutory formula calculations and reported expenditures by school districts, Charter School Transitional Aid will provide \$33.47 million, a decrease of -\$1.14 million, for 21 qualifying school districts that have a concentration of children attending charter schools.
- A total of \$13.83 million, an increase of \$6.56 million, is provided for Full-Day Kindergarten Conversion Aid.

- The statutory formulas for Textbook and Library Materials Aids are continued for 2013-14. For expense-based Textbook Aid, funding of \$181.34 million, an increase of \$2.29 million, is provided for the 2013-14 school year. For 2013-14, Library Materials Aid totals \$19.48 million, an increase of \$0.47 million.
- Computer Hardware Aid, calculated based on the existing statutory formula, will increase by \$0.84 million to a total of \$38.86 million. Consistent with current statute, public school districts must loan computer hardware and equipment to nonpublic school students.
- Funding for Computer Software Aid will total \$46.69 million, an increase of \$0.96 million.
- Consistent with existing statute (Chapter 53 of the Laws of 2011), the Executive Budget continues flexibility for school districts to interchange aidable expenses for textbooks, software, hardware and library materials in order to purchase the materials that best fit their needs and to receive State aid.
- Funding for Reorganization Incentive Operating Aid will total \$2.57 million, a statutorily provided for decrease of -\$0.29 million.
- The Executive Budget recommends a two-tier High Tax Aid formula which will direct a greater portion of aid to school districts with both lower wealth and high property taxes. High and average need districts will receive over 80 percent of statewide funding for High Tax Aid which will total \$154.74 million, a decrease of -\$50.03 million.
- For the 2013-14 school year, funding of \$2,783.33 million, an increase of \$69.22 million, or 2.55 percent, is provided for Building Aid, including Reorganization Incentive Building Aid.
- The NY Safe Act provides that, for projects approved by the commissioner on or after July 1, 2013, specified safety system improvements will be eligible for enhanced re-imbusement under the Building Aid formula (a rate 10 percent higher than the district's current building aid ratio).

- A total of \$27.00 million is provided in funding for 2013-14 school year programs to attract, retain and support teachers. The "Teachers of Tomorrow" initiative will be maintained at \$25.00 million. The Teacher-Mentor Intern program is continued at \$2.00 million.
- Funding of \$13.84 million is maintained to support school health services in the Big Four City school districts.
- A total of \$96.00 million is continued for Employment Preparation Education Aid.
- The 2013-14 Executive Budget continues a total of \$12.50 million in funding for the Bilingual Education Grants categorical aid program.
- For the 2013-14 school year, \$181.76 million, including \$127.02 million for New York City, is available for State payment of EXCEL-related debt service.³ EXCEL provides school districts with grants to support school construction costs that are associated with increasing school capacity as a response to overcrowded classrooms and projects related to improving energy efficiency and public health and safety.

In addition, the 2013-14 Executive Budget provides a total of \$100.00 million, an increase of \$50.00 million, in competitive grants for school districts. The 2011-12 Enacted Budget authorized two competitive grant programs totaling \$500.00 million to encourage school districts to implement innovative approaches to achieve academic gains and management efficiency. The first round of these grants has been awarded to school districts that exhibited either dramatically improved performance or innovative management. The 2013-14 Executive Budget will continue this reform with another round of grants which will provide another \$50.00 million in annual funding through a competitive grant process to school districts.

³ The enacted 2006-07 State budget included authorization for up to \$2.60 billion for school construction through bonds issued by the State Dormitory Authority for the EXCEL (Expanding our Children's Education and Learning) program, including \$1.80 billion for New York City.

2013-14 EXECUTIVE BUDGET RECOMMENDATIONS

For 2013-14, the Executive Budget maintains prior-year funding for several aid categories including Foundation Aid and Universal Prekindergarten Aid. Other aids, those that are primarily expense-based, are funded under the current statutory formula. The Executive Budget recommends a reallocation of High Tax Aid to provide a greater proportion of funding for high and average need districts. Similar to last year, the Executive Budget continues a Gap Elimination Adjustment (GEA) reduction including a funding adjustment of \$321.55 million.

A. 2013-14 SCHOOL AID

The 2013-14 Executive Budget recommends total funding of \$20,806.55 million, a \$610.30 million or 3.02 percent year-to-year increase. Formula-based aids including Building Aids will increase by \$550.31 million or 2.77 percent to \$20,403.86 million. Grant programs will increase by \$9.99 million to \$302.69 million. Competitive grant awards will total \$100.00 million, a \$50.00 million increase for 2013-14.

FORMULA-BASED AIDS

Foundation Aid: The Foundation Aid formula calculates funding based on the cost of education in successful school districts, student need, and local ability to pay. For 2013-14, school districts statewide will receive \$15,005.36 million, the same as last year.

Foundation Aid Setaside Requirements: For districts receiving Foundation Aid, the 2013-14 Executive Budget continues a \$170.30 million Magnet School and a \$67.48 million Teacher Support Aid setaside requirement for selected districts. New York City must set aside an amount from its Foundation Aid that is equal to its base year funding of \$50.48 million for programs for Attendance Improvement/Dropout Prevention. A setaside requirement totaling \$2.62 billion is also provided for public school district support for children with disabilities.

Universal Prekindergarten Aid: The 2013-14 Executive Budget provides an expected \$385.03 million in funding for this program which serves approximately 103,600 students throughout the State. For the 2013-14 school year, school districts may qualify for additional amounts for full-day prekindergarten through a competitive grant application process.

The following aids and grants are continued at base year amounts based on data on file with the State Education Department for calculation for the 2013-14 Executive Budget:

- Supplemental Public Excess Cost Aid: As was the case last year, this aid category will provide \$4.31 million to districts statewide.
- Academic Enhancement Aid: This aid category will be continued at last year's total of \$8.32 million.
- Education Grants: For the 2013-14 school year, the Yonkers City school district will continue to receive a \$17.50 million Supplemental Educational Improvement Grant. A total of \$1.20 million is maintained for the New York City school district for its Academic Achievement Grant.

Public Excess Cost High Cost Aid: Public Excess Cost High Cost Aid will continue to be calculated based on the existing statutory formula and will total \$532.04 million in 2013-14, an increase of \$79.79 million. This program supports the additional costs of providing resource-intensive public school and BOCES programs for students with disabilities.

Private Excess Cost Aid: This program supports special education programs serving public school children placed by a school district's Committee on Special Education (CSE) in private school settings, Special Act school districts, and the State-operated schools at Rome and Batavia. All existing provisions of law are continued. State funding in 2013-14 will total \$358.98 million, an increase of \$38.89 million.

Charter School Transitional Aid: For the 2013-14 school year, the existing statutory formula provides \$33.47 million, a decrease of -\$1.14 million, for aid for 21 qualifying districts with a concentration of children attending charter schools. Formula elements target aid to districts based on the percentage of resident pupils enrolled in charter schools and the percentage of payments made to charter schools compared to a district's Total General Fund Expenditures (as reported to the State Education Department on the annual ST-3 form).

Special Services Aid: Special Services Aid funds career education programs, computer services and enhanced academic services for Big Five City and other school districts which are not components of a BOCES. The Career Education Aid ceiling for 2013-14 is continued at \$3,900. Computer Services Aid is based

upon an aid ratio multiplied by expenses up to \$62.30 multiplied by the district's K-12 enrollment. The Career Education and Computer Administration Aid categories are supplemented by an additional wealth-adjusted amount calculated as Academic Improvement Aid.⁴ Reflective of per pupil calculations as well as school district reported expenditures, for 2013-14, aid calculated by the existing statutory formula will total \$204.19 million, a decrease of -\$1.28 million.

BOCES Aid: School districts that are components of a Board of Cooperative Educational Services (BOCES) are eligible for BOCES Aid. The State's 37 BOCES provide services upon the request of two or more component school districts with the approval of the Commissioner of Education. Aid is provided for approved service costs, administrative expenditures, and facility rental and construction costs. For 2013-14, aid to reimburse districts for expenditures for BOCES services in the 2012-13 school year will total \$724.86 million, an increase of \$20.73 million.

Transportation Aid: Transportation Aid will total \$1,722.49 million in 2013-14 (including summer transportation aid), an increase of \$60.87 million compared to the previous year. The minimum aid ratio for Transportation Aid continues to be 6.5 percent (dependent on district wealth, aid will range from 6.5 percent to 90 percent of a district's approved transportation expenses). The aid ratio choice permitting school districts to receive aid based on public and nonpublic enrollments is continued and will benefit districts transporting large numbers of nonpublic school students. Districts will be eligible for reimbursement for capital expenditures based on the assumed useful life of the asset. District expenditures for transportation to and from school district-operated summer classes to improve student performance will be aided up to a maximum of \$5.00 million statewide.

Textbook, Software and Computer Hardware and Library Materials Aids: For the 2013-14 school year, the Executive Budget continues statutory per pupil funding for Textbook Aid, Computer Software Aid, Computer Hardware Aid, and Library Materials Aid. As provided for by Chapter 53 of the Laws of 2011, the Executive Budget continues flexibility for school districts to interchange excess 2012-13 expenses for these aids

⁴ The additional amount is equal to \$100 plus \$1,000 divided by a district's Combined Wealth Ratio (but not less than \$1,000) multiplied by the aid ratio for Career Education Aid. The result is multiplied by the sum of aidable career education pupils.

in order to receive 2013-14 State aid to purchase the materials that best fit their needs.

- Textbook Aid: These funds reimburse school districts for the purchase of textbooks which are loaned to both public and nonpublic pupils. Schools are also able to qualify for reimbursement based on eligible purchases of content-based instructional materials in an electronic format. Districts will be reimbursed for expenses up to \$58.25 per pupil (of this amount, \$15.00 per pupil is funded through the Lottery account and \$43.25 is funded through the General Fund). This aid will total \$181.34 million in 2013-14, an increase of \$2.29 million. Materials purchased under this program and designated for use in public schools are to be loaned on an equitable basis to nonpublic school pupils.
- Computer Software Aid: Under this program, aid is apportioned to districts for the purchase and loan of computer software. Software programs designated for use in public schools are to be loaned on an equitable basis to nonpublic school pupils pursuant to the Rules of the Board of Regents. For the 2013-14 school year, districts will be reimbursed for expenses up to \$14.98 per pupil based on public and nonpublic school enrollment. For 2013-14, Computer Software Aid will total \$46.69 million, an increase of \$0.96 million.
- Instructional Computer Hardware and Technology Equipment Aid: This aid category provides reimbursement for expenses up to a wealth-adjusted \$24.20 per pupil for the lease or purchase of mini- and micro-computers, computer terminals and technology equipment for instructional purposes, as well as for repair costs and for staff development. Per pupil aid is based on public and nonpublic pupils. Consistent with current statute, public school districts must loan computer hardware and equipment to nonpublic school students. For the 2013-14 school year, funding of \$38.86 million, an increase of \$0.84 million, is provided.
- Library Materials Aid: Districts are reimbursed for expenses up to \$6.25 per pupil based on public and nonpublic school enrollment. For 2013-14, Library Materials Aid will total \$19.48 million, an increase of \$0.47 million. Materials purchased under this program and designated for use in public schools are to be loaned on an equitable basis to nonpublic school pupils.

Full-Day K Conversion Aid: This aid category provides funding to encourage school districts to establish full-day kindergarten programs intended to strengthen the quality of education for five-year-old children. School districts first offering full-day kindergarten programs in 2013-14 will receive Selected Foundation Aid per pupil for any increase in the number of students served in full-day programs in 2013-14 compared to 2012-13. For 2013-14, a total of \$13.83 million, an increase of \$6.56 million, is provided for this program.

Reorganization Incentive Operating Aid: For 2013-14, aid for operating expenses incurred by school districts that reorganized will amount to \$2.57 million, a statutorily provided for decrease of -\$0.29 million. For districts that reorganize after July 1, 2007, Reorganization Incentive Operating Aid is paid as a supplement based on 2006-07 formula Operating Aid. The Operating Aid enhancement for reorganizing districts will be 40 percent per year for the first five years, after which the percentage of additional operating aid decreases by four percent per year.

High Tax Aid: Funding for this aid category will total \$154.74 million for 2013-14, a decrease of -\$50.03 million. The recommended two-tier formula will direct a greater portion of this aid to school districts with both lower wealth and high property taxes. High and average need districts will now receive over 80 percent of statewide funding for High Tax Aid.

Gap Elimination Adjustment (GEA): A GEA of -\$1,834.73 million is included within formula aids for the 2013-14 school year. The GEA is continued as calculated for the 2012-13 school year, but is adjusted by \$321.55 million. The increase is calculated in a manner that reflects a district's pupil need, its fiscal capacity and the district's 2012-13 Gap Elimination Adjustment amount. A district will receive up to 41.5 percent of its 2012-13 GEA. High need districts will receive 75 percent of the allocated increase.

Building/Reorganization Incentive Building Aid: For the 2013-14 school year, Building Aid to support school building projects throughout the State (including Reorganization Incentive Aid for building expenses incurred by those school districts that reorganize under section 3602 of the Education Law) will total \$2,783.33 million, an increase of \$69.22 million, or 2.55 percent. Projects receive aid based on the date of approval by voters with Building Aid based on the greater of their current year AV/RWADA aid ratio or a prior year selected

Building Aid ratio. An additional enrichment of up to 10 percent is provided for projects approved July 1, 1998 and thereafter.

For aid payable for projects approved after July 1, 2005, for high need school districts including the Big Five City schools, districts may compute an additional amount equal to .05 times their selected aid ratio. The maximum aid payable is 98 percent of the project's approved costs.

For projects for which a contract is signed July 1, 2004 or later, the 2005-06 Enacted Budget included changes to the Building Aid formula that address increased costs specific to New York City. These are continued in 2013-14. The New York City cost allowance will include legitimate extraordinary costs related to:

- multi-story construction necessitated by substandard site sizes,
- site security costs,
- difficulties with delivery of construction supplies,
- increased fire resistance and fire suppression costs,
- site acquisition,
- environmental remediation and
- building demolition costs.

Payment for new construction projects otherwise eligible for aid continues to be deferred in instances in which the school district did not file a notice that a general construction contract has been signed with the Commissioner of Education by the November 15, 2012 database.

A similar provision applies to initial aid payments for New York City. This aligns the claiming process for New York City more closely with that of districts in the rest of the state.

Chapter 58 of the Laws of 2011 requires school districts to notify the State Education Department if a school building is sold or ownership transferred and the building is no longer operated by the district. SED will re-compute the district's Building Aid to exclude from aidable cost any revenue received from the transaction.

Also, Chapter 97 of the Laws of 2011 provides that, except for New York City projects, the assumed amortization for projects approved by the Commissioner of Education on or after July 1, 2011 will begin the later of eighteen months after State Education Department (SED) approval or when the final cost report and final certificate of substantial completion have been

received by SED or upon the effective date of a waiver based on a finding by the Commissioner that the district is unable to submit a final certificate of substantial completion or final cost report due to circumstances beyond its control.

NY Safe Act: The NY Safe Act provides that, for projects approved by the commissioner on or after July 1, 2013, specified safety system improvements will be eligible for enhanced reimbursement under the Building Aid formula (a rate 10 percent higher than the district's current building aid ratio).

OTHER FUNDING

EXCEL Debt Service⁵: A total of \$181.76 million for EXCEL debt service payments, including \$127.02 million associated with debt service payments for grants to New York City, is available for the 2013-14 school year. EXCEL provides school districts with grants to support school construction costs that are associated with increasing school capacity as a response to overcrowded classrooms, and projects related to improving energy efficiency and public health and safety.

GRANT PROGRAMS AND ADDITIONAL AID CATEGORIES

Teachers of Tomorrow: For the 2013-14 school year, \$25.00 million will continue to be available for incentives such as awards and stipends to retain and attract teachers into New York's classrooms, particularly in areas where teacher shortages exist. Of available funds, up to \$15.00 million, or 60 percent, will go to New York City.

Teacher-Mentor Intern: Under this program, funding of \$2.00 million will be available to support school-year programs through which new teachers work with an experienced teacher as their mentor.

School Health Services: For the 2013-14 school year, \$13.84 million in funding is continued to provide necessary health services to students in the Big Four City school districts.

⁵ The enacted 2006-07 State budget included authorization for up to \$2.60 billion for EXCEL funding (Expanding our Children's Education and Learning) to support school construction through bonds issued by the State Dormitory Authority. New York City will receive up to \$1.80 billion with an additional \$400 million available for the State's high need school districts. The remaining \$400 million is allocated for projects in average and low need districts. As additional bonds are issued up to the total authorized amount of \$2.60 billion, the annual amount of EXCEL debt service is projected to increase to \$191.00 million.

Employment Preparation Education (EPE) Aid: EPE funding is available for adult education programs such as literacy, basic skills and high school equivalency programs for persons who are 21 years of age or older who have not received a high school diploma. School districts and BOCES offering such programs are required to submit plans of service to the Commissioner of Education for approval. Total aid will be \$96.00 million for the 2013-14 school year, the same amount as in 2012-13. If approved claims exceed such amount, all claims will be subject to proration.

Urban-Suburban Transfer: A total of \$2.73 million is continued to districts that participate in a voluntary interdistrict transfer between urban and suburban school districts for the purpose of promoting diversity. Related transportation expenses are eligible for Transportation Aid.

Education of Homeless Children: Chapter 348 of the Laws of 1988 amended Section 3602 of the Education Law to institute this program of State aid under which school districts where homeless children are temporarily located are reimbursed for the direct cost of educating such children. This cost to the State is partially recaptured from the district of last attendance for each homeless child by deducting an amount equal to the district's basic contribution per pupil⁶ from the district's State aid. For the 2013-14 school year, aid for homeless pupils is estimated at \$21.23 million, an increase of \$3.00 million.

Aid for Incarcerated Youth: A total of \$21.00 million, an increase of \$0.50 million, is provided in support for the provision of educational services to youth detained in local correctional facilities. Pursuant to the provisions of Chapter 53 of the Laws of 1992, such services may be provided, and aided, during summer sessions as well as the regular school year.

Bilingual Education Grants: The 2013-14 Executive Budget provides \$12.50 million, the same amount as last year, for funding for regional bilingual programs at BOCES and to support programs such as innovative Two-Way Bilingual Education Programs. Such courses employ two languages (one of which is English) for the purpose of instruction and involve students whose native language is other than English.

⁶ A district's basic contribution per pupil is equal to its total base-year property and non-property taxes divided by the base-year public school resident enrollment.

Education of OMH/OPWDD Pupils: A total of \$80.00 million, the same amount as last year, is provided in the School Aid appropriation for apportionment to school districts for the purpose of providing educational services for children who are residents in, and those formerly receiving services from, Office of Mental Health and Office for People with Developmental Disabilities (formerly the Office of Mental Retardation and Developmental Disabilities) facilities pursuant to Chapter 66 of the Laws of 1978 and subdivision 5 of section 3202 of the Education Law. Aid is also provided for children who reside in intermediate care facilities for the mentally retarded who receive educational services pursuant to Chapter 721 of the Laws of 1979.

Learning Technology Grants: Learning technology programs, including services benefiting nonpublic school students, will continue to be funded at \$3.29 million. These programs provide both technology and staff development which facilitate student learning.

Bus Driver Safety: A total of \$400,000 is continued in funding for grants to schools for training purposes including, but not limited to, funding of a statewide school bus driver safety program and the distribution of training materials.

Roosevelt School District: For the 2013-14 school year, \$12.00 million is continued for academic improvement in the Roosevelt Union Free School District located in Nassau County.

Education of Native Americans: Based on projected claims, a total of \$45.30 million, an increase of \$7.69 million, is provided for the 2013-14 school year for the full cost of elementary and secondary education (including transportation expenses) for Native American children as authorized by Article 83 of the Education Law. The program benefits approximately 2,500 children living on 9 reservations and educated in 3 reservation schools, 13 public school districts and 4 BOCES.

COMPETITIVE GRANTS

the 2013-14 Executive Budget provides a total of \$100.00 million, an increase of \$50.00 million, in competitive grants for school districts. The 2011-12 Enacted Budget authorized two competitive grant programs totaling \$500.00 million to encourage school districts to implement innovative approaches to achieve academic gains and management efficiency. The first round of these grants has been awarded to school districts that exhibited either dramatically improved performance or innovative

management. The Executive Budget will continue this reform with another round of grants which will provide \$50 million in annual funding through a competitive grant process to school districts.

B. OTHER STATE AID PROGRAMS

The Executive Budget includes a two-year appropriation for education funding for 2013-14 and 2014-15. The aids and 2013-14 appropriation amounts highlighted below are shown in Table II-B on a State fiscal year basis. These programs affect school districts, but they are typically not funded in the School Aid appropriations.

Basic Education for Public Assistance Recipients: For 2013-14, \$1.84 million is continued for basic education programs including reading, mathematics, and life skills offered to public assistance recipients 16 years of age or older who have a reading level below the ninth grade. Funding is also available for programs in Literacy Zones in high-need communities to improve education and literacy levels.

Children of Migrant Workers: A total of \$89,000, the same as last year, is provided to school districts supplementing Federal funds used to develop educational programs for the children of migrant farm workers.

Adult Literacy Education: For 2013-14, an appropriation of \$5.29 million, an increase of \$300,000, is available for a program of adult literacy consisting of competitive grants to community-based organizations, literacy volunteer organizations, and two- and four-year colleges and libraries.

New York State Center for School Safety: For 2013-14 \$466,000, the same as last year, is available through the New York State Center for School Safety to disseminate information and provide training and technical assistance on violence prevention to schools and communities.

Lunch/Breakfast Programs: A total of \$34.40 million in State funds, an increase of \$700,000, is provided to subsidize school lunch and school breakfast programs. This amount is based on projected increases in the number of school lunches provided, including support for additional expenses of school breakfast programs for schools with extraordinary needs. The Federal share of the School Lunch and Breakfast Program under the Food and Nutrition Fund will equal \$1,052.00 million for the 2013-14 Federal fiscal year.

Health Education Program: For 2013-14, \$691,000 will continue to be available for health-related programs including those providing instruction and supportive services in comprehensive health education or AIDS prevention programs.

Primary Mental Health Project: A total of \$894,000 is continued in 2013-14 for State support for school-based programs for the early detection and prevention of school adjustment and learning problems experienced by children in the primary grades.

Student Mentoring-Tutoring Program: A total of \$490,000 is continued for model programs to improve pupil graduation rates.

Consortium for Worker Education: For the 2013-14 school year, this not-for-profit organization, which provides adult education services to union members and workers in New York City, will be funded at \$11.50 million, a decrease of -\$1.50 million from last year.

Extended School Day/School Violence Prevention: A total of \$24.34 million awarded through a competitive process continues to be available to fund local school-based intervention programs, including the establishment of appropriate before- and/or after-school programs.

Academic Intervention for Nonpublic Schools: A total of \$922,000 will continue to support a program of academic intervention services to enhance the educational performance of students attending nonpublic schools.

Nonpublic School Aid: An appropriation totaling \$128.57 million, a year-to-year increase of \$4.95 million, is available to reimburse the actual expenses, as approved by the Commissioner of Education, incurred by nonpublic schools for specified State testing and data-collection activities, pursuant to the provisions of Chapters 507 and 508 of the Laws of 1974.

Private Schools for the Blind and Deaf: An apportionment of \$97.10 million in State funding, a decrease of -\$2.20 million, is provided for costs associated with the eight private schools for the deaf, two private schools for the blind, and the Henry Viscardi School for children with multiple disabilities. Nearly 1,500 students attend these schools. The educational costs for these schools will be paid by school districts in the first instance for services provided in the 2013-14 school year. School districts will receive reimbursement, less a local contribution, in the 2014-15 State fiscal year.

Preschool Special Education: Pursuant to section 4410 of the Education Law, \$983.50 million in State funding is provided for the State's preschool special education program. This constitutes a \$46.80 million year-to-year increase compared to total State funding for 2012-13.

These funds will support the State's 59.5 percent share of the costs of education for three- and four-year old children with disabilities. Similar to 2012-13, prior year claims on file with the State Education Department as of April 1, 2013 will receive payment priority. Any remaining claims for which there is insufficient appropriation authority to pay in 2013-14 will receive priority status for payment in 2014-15.

The State's spending on Preschool Special Education has doubled over the past ten years. In order to address the unsustainable rate of program growth, as well as concerns resulting from recent provider audits which have uncovered high levels of inappropriate billing by several preschool special education providers, the Executive Budget proposes several changes that will slow expense growth by improving fiscal oversight in the program. These initiatives include conducting a large-scale audit of preschool special education providers, building counties' capacity to monitor providers and empowering New York City to implement a competitive process to select providers for needed services and to set provider payment rates within certain State parameters.

Summer School Program for Disabled Students: An appropriation of \$321.70 million is continued to meet the State's share of costs of summer school programs for school-age pupils with disabilities pursuant to Section 4408 of the Education Law.

Center for Autism and Related Services: For 2013-14, a total of \$740,000 in State funds is provided for this SUNY-affiliated resource center that provides evidence-based training and support to families, professionals, school districts and peers of people with autism and related disabilities. As was the case last year, this State support is supplemented by \$500,000 in funding through Federal Individuals with Disabilities Education Act (IDEA) resources for a total of \$1,240,000.

Targeted Special Education Teacher Salary Supplement: A total of \$4.00 million in Federal IDEA funds will provide support to private special education providers that serve students with disabilities. This will allow them to provide targeted adjustments to teacher salaries or benefits to help

allow these schools to attract new teachers and prevent excessive turnover of existing teaching staff.

Summer Food Program: A total of \$3.05 million in State funds is continued to subsidize summer food service programs operating during the 2013-14 school year.

Math and Science High Schools: For the 2013-14 school year, \$1.38 million is continued to support three math/science academies to provide expanded learning opportunities.

Small Government Assistance to School Districts: For the 2013-14 school year, \$1.87 million is continued to school districts impacted by assessment reductions resulting from a forest land management program.

OTHER INITIATIVES

The 2013-14 Executive Budget reflects a strong commitment to improved student outcomes, sustainable cost growth, and an equitable distribution of aid. It builds upon reforms implemented in prior years as well as the first round of recommendations from the New NY Education Commission.

Fiscal Stabilization Fund

In recognition of extraordinary increases in fixed costs, including pension contributions, the Executive Budget provides \$203.47 million in one-time financial relief to school districts for the 2013-14 school year.

New NY Education Reform Commission

Recognizing the need to do more to build a world class education system for New York, the Governor established the New NY Education Commission in April 2012. The Commission presented the Governor with a Preliminary Education Action Plan which addresses every phase of a student's education from the earliest days of pre-kindergarten through college and career. These competitive programs, which will be funded outside of School Aid, include:

- Full-Day Pre-kindergarten Program (\$25.00 million): The Executive Budget will provide support for a full-day pre-kindergarten program targeted toward the higher need students in lower wealth school districts via a competitive process.
- School-wide Extended Learning (\$20.00 million): In order to provide increased learning opportunities for high need students, funding will be prioritized to support high-quality extended school day or extended school year programs, with academically enriched programming. The grant will cover the cost of expanding learning time for students.
- Community Schools (\$15.00 million): The Executive Budget will support an innovative program designed to transform schools into community hubs. The community schools will integrate social, health and other services, as well as after school programming to support students and their families.

- Improved Science and Math Education (\$11.00 million): Modeled after the successful Math for America program in New York City, this approach will be expanded to districts in the rest of the State and provide a \$15,000 annual stipend to the most effective math and science teachers. By providing performance incentives for high performing teachers, enhancing professional development and utilizing these teachers to train other teachers, this innovative program will drive improvements in mathematics and science education.
- Early College High School Programs (\$4.00 million): The Executive Budget will provide a total of \$4.00 million in new State funding, bringing the State's total investment in Early High School programs to \$6.00 million to improve college access and success.

The State Education Department will also begin to implement State administrative actions recommended by the New NY Education Reform Commission that are necessary to transform and modernize public education. To ensure the best and brightest are teaching our children, the State Education Department will increase the standards for teacher certification to require passage of a "bar exam" in addition to longer, more intensive and high-quality student-teaching experience in a school setting. The Department will also create a school performance management system that will streamline school district reporting and increase the fiscal and programmatic transparency and accountability of school districts.

Improved Student Outcomes

The Executive Budget continues the State's commitment to improve student performance through the competitive grant program, the new teacher evaluation process and continuation of the Contracts for Excellence program.

- Funding Based on Performance: The 2011-12 Enacted Budget authorized two competitive multi-year grant programs totaling \$500.00 million to encourage school districts to implement innovative approaches to achieve academic gains and management efficiency. The first round of these grants has been awarded to school districts that exhibited either dramatically improved performance or innovative management. The Executive Budget will continue this reform with another round of grants which will provide \$50.00 million in annual funding through a competitive grant process to school districts.

- Teacher Evaluations: In 2010, as part of its successful application for the Federal Race to the Top grant, New York State made a commitment to implement a teacher evaluation system. The system has made student performance a major component of teachers' evaluations - and thus an element of employment decisions. While 99 percent of school districts have successfully worked with their employees to negotiate agreements on teacher evaluation, six school districts including New York City have not been able to reach agreement. Those school districts are ineligible to receive State Aid increases for 2012-13, and remaining payments for the 2012-13 school year will be adjusted accordingly. The 2013-14 Executive Budget will continue to link increases in State Aid to compliance with the evaluation system to ensure implementation and accountability for improving student performance. School districts will not be eligible for aid increases unless they have fully implemented the teacher evaluation process for the 2013-14 school year by September 1, 2013. To be eligible for future year aid increases, school districts will continue to be required to maintain implementation of the teacher evaluation process.
- Contracts for Excellence: In recognition of both the fiscal circumstances facing the State and the continued need to encourage improvements in academic outcomes, all school districts currently in the Contracts for Excellence program will remain in the program unless all of the school buildings in the school district are reported as "In Good Standing" for purposes of the State accountability system. This approach will ensure participation of 15 school districts, including the Big Five City school districts. School districts that remain will be required to maintain funding for Contract for Excellence programs at the same level required for the 2012-13 school year.

Equitable School Aid, Sustainable Growth

The Executive Budget provides a \$610.30 million increase in School Aid for the 2013-14 school year, consistent with the School Aid Growth Cap. High need districts will receive 75 percent of the allocated increase and 69 percent of total School Aid. The Executive Budget reaffirms the State's commitment to future funding increases for school districts by also including an appropriation that covers School Aid payable in the 2014-15 state fiscal year. This appropriation provides a 3.3 percent increase in School Aid for the 2014-15 school year based on projected growth in the State's personal income.

Preschool Special Education Reform

The State's spending on Preschool Special Education has doubled over the past ten years. In order to address the unsustainable rate of program growth, as well as concerns resulting from recent provider audits which have uncovered high levels of inappropriate billing by several preschool special education providers, the Executive Budget proposes several changes that will slow expense growth by improving fiscal oversight in the program. The proposals will ensure that scarce resources be focused on serving the needs of young children with disabilities, not dissipated through fraud. The Executive Budget proposes to:

- Select a vendor through a competitive process to audit providers and collect extensive provider data to develop a comprehensive database to improve oversight;
- Build counties' capacity to monitor providers through the provision of \$1.00 million in targeted grants to counties and through the development of a fiscal integrity tool to better detect fraud and abuse. In addition, to incentivize county oversight of providers, the Executive Budget will allow counties to retain 75 percent of all audit recoveries; and
- Empower New York City which is both the county and the school district to implement a competitive process to select providers for Preschool Special Education services, and to set provider payment rates within certain State parameters. This will allow New York City to better control costs and improve programmatic and fiscal oversight of providers.

II

SUMMARY OF 2013-14 SCHOOL YEAR/FISCAL YEAR APPROPRIATIONS

School Year/Fiscal Year Impact

There are two time frames to consider when discussing 2013-14 New York State aid programs relating to support for public schools: the 2013-14 school year which runs from July 1, 2013 through June 30, 2014; and the 2013-14 State fiscal year which runs from April 1, 2013 through March 31, 2014. Tables in this section summarize: the school year and State fiscal year State-funded appropriations for School Aid and the 2012-13 and 2013-14 State fiscal year appropriations from the General Fund and Lottery Fund.

- Table II-A shows the school year changes for aid programs funded within the School Aid appropriations for 2013-14. Formula-based aids, including Building Aids, increase by 2.77 percent. The net increase for all aids is 3.02 percent.
- Table II-B gives the 2012-13 and 2013-14 State fiscal year appropriations from the General Fund, School Tax Relief Fund, and Lottery Fund.

(a) Funding from 2011-12 is reappropriated.

(b) An additional \$500,000 in Federal funding is provided to support this program.

(c) A total of \$4.00 million in Federal funding is provided to support this program.

Source: Laws of the State of New York: Chapter 53 of the Laws of 2012, 2013-14 Executive Budget.

General Effects of Aid Changes: Statewide, New York City, Big Five Cities and Rest of State

Recommended formula-based aid provisions, including funding for Building Aids, will increase payments to 517 major school districts by a total of \$591.23 million in the 2013-14 school year. There are 159 districts that are projected to have decreases totaling -\$40.92 million. The combined total of increases and reductions produce a net formula aid increase statewide of \$550.31 million, or 2.77 percent.

- Table II-C lists the aid amounts allocated to each of the Big Five City school districts. The aids analyzed are those shown in Table II-A and include formula aids and selected other School Aid programs.
- Table II-D lists changes in all School Aid individual aid categories for New York City. The net increase for all aids is 2.84 percent.
- In Table II-E, major 2013-14 formula aid categories have been combined to show the overall impact upon school districts in the State's 18 most populous counties, New York City, and the rest of the State.

The State average increase for these aids will be 2.77 percent. The 368 districts in the 18 most populous counties contain 47.77 percent of the State's public school pupils. These districts will receive 42.52 percent of the 2013-14 combined aids total. Districts in the 18 most populous counties will have an average increase in combined aids of 2.57 percent. Districts in the rest of the State, exclusive of New York City, will have an average increase of 3.11 percent and will receive 17.68 percent of the 2013-14 combined aids total.

TABLE II-C
SUMMARY OF SELECTED AIDS TO THE BIG FIVE CITY SCHOOL DISTRICTS FINANCED THROUGH
SCHOOL AID APPROPRIATIONS: 2012-13 AND 2013-14

III

APPENDICES

The third section consists of five appendices. Each of the appendices is described below.

- Appendix III-A summarizes the School Aid categories and adjustments recommended for 2013-14 and compares them with the 2012-13 aid categories.
- Appendix III-B provides the mathematical formulas for computing 18 different aids for 2013-14 school aid payments.

For Foundation Aid and Universal Prekindergarten Aid a district will receive aid as calculated for the 2012-13 school year.

- Appendix III-C describes the pupil counts used in aid formulas other than Foundation Aid.
- Appendix III-D describes weightings used to calculate pupil needs for aid and district wealth for Foundation Aid.
- Appendix III-E provides the regional cost indices used for the Foundation Aid formula.

APPENDIX III-A
COMPARISON OF 2012-13 AND 2013-14 SCHOOL AID PROGRAMS

<u>Category</u>	<u>2012-13 School Year</u>	<u>2013-14 School Year</u>
<u>FOUNDATION AID</u>		
Foundation Aid Increase	A district will receive its 2011-12 Foundation Aid amount plus a Foundation phase-in increase equal to 1.7 percent of the difference between the 2011-12 base amount and its fully phased-in Foundation Aid amount. For the 2012-13 school year and after the phase-in increase will be determined annually.	A district will receive the same aid for 2013-14 as was calculated for 2012-13 by the State Education Department.
Base Amount	A district's 2011-12 Foundation Aid	
Minimum/Maximum Increase	No district will receive less than 1.006 times its 2011-12 Foundation Aid. The maximum allowed increase is 1.15 times 2011-12 Foundation Aid	
<u>URBAN-SUBURBAN TRANSFER SUPPLEMENTATION</u>	Qualifying districts that receive pupils from another district for the purpose of promoting diversity are eligible for an apportionment based on Selected Foundation Aid per pupil	Same
Apportionment	Selected Foundation Aid x (Number of Pupils Received - Formula Pupil Margin)	Same
Formula Pupil Margin	Formula Pupil Margin = .365 x (Total Foundation Aid - Total Foundation Aid Base)/Total Foundation Aid/Selected TAFPU	Same
<u>PUBLIC EXCESS COST HIGH COST AID</u>		
Wealth Measure	Combined Wealth Ratio	Same ⁷

⁷ For the 2013-14 school year, for aids other than Foundation Aid, a district's Combined Wealth Ratio is equal to: (.5 x Pupil Wealth Ratio) + (.5 x Alternate Pupil Wealth Ratio). The district's Pupil Wealth Ratio is equal to:

$$\frac{2010 \text{ Actual Valuation}/2011-12 \text{ TWPU}}{\$562,300} ; \text{ and the}$$

State Share	.49	Same
Minimum Aid Ratio	.25	Same
High Cost Eligibility	Lesser of 4 x AOE/TAPU for Expense or \$10,000	Same

PRIVATE EXCESS COST AID:

Ceiling Range for Aid	Tuition - Deduct	Same
Deduct	Local Levy/Enrollment	Same
Wealth Measure	Combined Wealth Ratio	Same
State Share	.85	Same
Minimum Aid Ratio	.50	Same
Pupils	Attending private or State-run schools	Same

FULL-DAY K CONVERSION AID

<u>Eligible Districts</u>	A district that offers Full-Day Kindergarten to all students is eligible for aid if in 1996-97 <u>and</u> 2011-12 it had half-day kindergarten enrollment <u>or</u> if it had no kindergarten enrollment in 1996-97 <u>and</u> 2011-12.	A district that offers Full-Day Kindergarten to all students is eligible for aid if in 1996-97 <u>and</u> 2012-13 it had half-day kindergarten enrollment <u>or</u> if it had no kindergarten enrollment in 1996-97 <u>and</u> 2012-13.
Pupil Count	2012-13 full-day kindergarten enrollment minus 2011-12	2013-14 full-day kindergarten enrollment minus 2012-13 full-day

Alternate Pupil Wealth Ratio is equal to: $\frac{2010 \text{ District Income}/2011-12 \text{ TWPU}}{\$169,600}$

For the 2012-13 school year, for aids other than Foundation Aid, a district's Combined Wealth Ratio is equal to: $(.5 \times \text{Pupil Wealth Ratio}) + (.5 \times \text{Alternate Pupil Wealth Ratio})$. The district's Pupil Wealth Ratio is equal to:

$\frac{2009 \text{ Actual Valuation}/2010-11 \text{ TWPU}}{\$590,100}$; and the

Alternate Pupil Wealth Ratio is equal to: $\frac{2009 \text{ District Income}/2010-11 \text{ TWPU}}{\$158,500}$

	full-day kindergarten enrollment	kindergarten enrollment
Aid Per Pupil	Selected Foundation Aid per pupil.	Same
<u>TRANSPORTATION AID</u>		
Wealth Measure	Actual Valuation/Full Year Attendance RWADA, a district's Combined Wealth Ratio or Selected AV/enrollment	Same
State Share	The greatest of: 1.01 - (.46 * AV/RWADA wealth ratio) or 1.263 * State Sharing Ratio or (NYC excepted): 1.01 - (.46 * AV/public + nonpublic enrollment wealth ratio)	Same
State Sharing Ratio	The greatest of: 1.37 - (1.23 x CWR) 1.00 - (0.64 x CWR) 0.80 - (0.39 x CWR) 0.51 - (0.22 x CWR) The maximum aid ratio is 0.90. For a district of average wealth (CWR = 1.000), aid ratio is 0.41.	Same
Sparsity Adjustment	21 - 2010-11 public enrollment/square mile)/317.88	Same except for the use of 2011-12 public enrollment
Minimum Aid Ratio	.065	Same
Maximum Aid Ratio	.90	Same
Base	Approved Expenditures	Same
Urban-Suburban Transfer	Approved expenditures of transportation of pupils in voluntary interdistrict programs.	Same
<u>BOCES AID</u>		
Wealth Measure	Actual Valuation/ RWADA	Same
State Share	.49	Same
Minimum Aid Ratio	.36	Same

Salary Ceiling	\$30,000	Same
Millage Formula	8 mills	Same
Save-Harmless	100% of 1967-68 Aid	Same

BUILDING AID

Wealth Measure	Actual Valuation/RWADA	Same
----------------	------------------------	------

Aid Ratio Choice	Districts may use the higher of the current year aid ratio or the aid ratio computed for use in any year commencing with the 1981-82 school year.	Same
------------------	---	------

	Starting with all new building projects approved by the voters beginning July 1, 2000, the selected building aid ratio is based upon the greater of a district's current-year building aid ratio or the ratio selected for use in 1999-00 reduced by 10 percentage points.	Same
--	--	------

	School districts with a pupil wealth ratio greater than 2.50 and an alternate pupil wealth ratio less than .850 in the school year in which the project was approved and the approval date was between 7/1/00 and 6/30/04 may select an aid ratio equal to 1.263 multiplied by the district's State sharing ratio.	Same
--	--	------

	School districts with a pupil wealth ratio greater than 2.50 and an alternate pupil wealth ratio less than .850 in the 2000-01 school year and the voter approval date was between 7/1/05 and 6/30/08 may select an aid ratio equal to 1.263 multiplied by the district's State sharing ratio.	Same
--	--	------

HNSBAR	High Need Supplemental Building Aid Ratio: For aid	Same
--------	--	------

payable in the 2005-06 school year and after for projects approved after July 1, 2005, high need school districts, including the Big Five City schools, may compute an additional amount equal to .05 times their selected aid ratio. The maximum aid payable is 98 percent of the approved costs.

Base	Approved Expenditures	Same
Additional Adjustments	For aid payable in 1998-99 and after for new projects approved by the voters after 7/1/98, districts will receive an additional 10 percent State reimbursement. In addition, cost allowances on all contracts awarded after 7/1/98 will be adjusted to reflect regional costs for school districts in high cost areas of the State.	Same
New York City Data	In order to align the claiming process for New York City more closely with that of districts in the rest of state, aid on debt service in excess of that based on estimates submitted by New York City before November 15 of the base year will be considered payable in the following year.	Same
Sale of School Building	Chapter 58 of the Laws of 2011 requires school districts to notify the State Education Department if a school building is sold or ownership transferred and the building is no longer operated by the district. SED will re-compute the district's Building Aid to exclude from aidable cost any revenue received from the transaction.	Same
Final Cost Report	Chapter 97 of the Laws of	Same

2011 provides that, except for New York City projects, the assumed amortization for projects approved by the Commissioner of Education on or after July 1, 2011 will begin the later of eighteen months after State Education Department (SED) approval or when the final cost report and final certificate of substantial completion have been received by SED or upon the effective date of a waiver based on a finding by the Commissioner that the district is unable to submit a final certificate of substantial completion or final cost report due to circumstances beyond its control.

REORGANIZATION INCENTIVE

BUILDING AID

Prior to July 1, 1983:

Building Aid:

<u>TEXTBOOK AID</u>	Up to \$58.25 per public and nonpublic pupil (district of residence)	Same
	Aid cannot exceed the amount of base-year textbook expenditures.	Same

The existing formulas for Textbook, Computer Software, Computer Hardware and Library Materials Aids are continued. If a district exceeds its maximum allocation in any	Existing formulas are continued as is flexibility in allocating 2012-13 expense (with the exception of Library Materials expense) for
--	---

of the above aids, the 2011-12 expense over the maximum allocation can be designated as an expense for 2012-13 aid in one or more of the other aid categories, with the exception of Library Materials expense.

2013-14 aid

COMPUTER SOFTWARE AID

Up to \$14.98 per public and nonpublic pupil (district of attendance)

Same

Aid cannot exceed the amount of base-year software expenditures.

Same

Regarding flexibility in how 2011-12 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2012-13 aid, see Textbook Aid above.

Continued for 2013-14, see Textbook aid above

INSTRUCTIONAL COMPUTER
HARDWARE AND TECHNOLOGY
EQUIPMENT AID

Based on approved expense up to an amount equal to \$24.20 x public and nonpublic pupils (district of attendance) x current year Building Aid ratio

Same

Aid cannot exceed the amount of base-year approved expenditures.

Same

Regarding flexibility in how 2011-12 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2012-13 aid, see Textbook Aid above.

Continued for 2013-14, see Textbook aid above

LIBRARY MATERIALS AID

Up to \$6.25 per public and nonpublic pupil (district of attendance)

Same

Aid cannot exceed the amount of base-year library expenditures.

Same

Regarding flexibility in how 2011-12 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2012-13 aid, see Textbook Aid above.

Continued for 2013-14, see Textbook aid above

UNIVERSAL PREKINDERGARTEN AID

A district will receive the same aid for 2012-13 as was calculated for 2011-12 by the State Education Department. For certain districts with corrected data the maximum grant will be the amount included in the May 2011 update of the 2010-11 aid included on the 2011-12 enacted budget computer run.

Same

HIGH TAX AID

A district will receive the same aid as that for 2008-09 calculated by the State Education Department based on data on file for the computer run "SA0910" for the 2009-10 enacted budget.

A district will receive aid for the 2013-14 school year based on the two-tiered formula described in Appendix III-B

Tier 1 Aid		
Eligible Districts (Enrollment or TGFE ⁹)	2011-12 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2011-12 charter school payments greater than 2 percent of 2011-12 total general fund expenditures.	2012-13 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2012-13 charter school payments greater than 2 percent of 2012-13 total general fund expenditures.
Basic Tuition ¹⁰	0.8 x 2011-12 charter school adjusted expense per pupil.	0.8 x 2012-13 charter school adjusted expense per pupil.
Pupils	Increase in charter school enrollment from 2010-11 to 2011-12.	Increase in charter school enrollment from 2011-12 to 2012-13.

⁸ For the 2013-14 school year, a \$96.00 million funding limit is recommended, the same as for the 2012-13 school year.

⁹ Expenditures and transfers from a district's total general and debt service funds as reported to the State Education Department on the annual ST-3 form.

¹⁰ The charter school adjusted expense per pupil equals a district's approved operating expense (AOE) per pupil for the year prior to the base year multiplied by the percentage increase of the total statewide approved operating expense for the base year over the total statewide approved operating expense for two years prior to the base year. Such expenses are a district's expenditures for the day-to-day operation of the school as defined in Education Law Section 3602, Subdivision 1, Paragraph t. For the TAPU for Expense pupil count, see Appendix III-C. Charter school basic tuition will be the same amount as the charter school basic tuition for the 2010-11 school year.

Tier 2 Aid

Eligible Districts
(Enrollment or TGFE)

2010-11 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2010-11 charter school payments greater than 2 percent of 2010-11 total general fund expenditures.

2011-12 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2011-12 charter school payments greater than 2 percent of 2011-12 total general fund expenditures.

Basic Tuition

0.6 x 2011-12 charter school adjusted expense per pupil.

0.6 x 2012-13 charter school adjusted expense per pupil.

Pupils

Increase in charter school enrollment from 2009-10 to 2010-11.

Increase in charter school enrollment from 2010-11 to 2011-12.

Tier 3 Aid

Eligible Districts
(Enrollment or TGFE)

2009-10 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2009-10 charter school payments greater than 2 percent of 2009-10 total general fund expenditures.

2010-11 charter school enrollment (excluding enrollment in schools chartered by the board of education) greater than 2 percent of resident public school enrollment or 2010-11 charter school payments greater than 2 percent of 2010-11 total general fund expenditures.

Basic Tuition

0.4 x 2011-12 charter school adjusted expense per pupil.

0.4 x 2012-13 charter school adjusted expense per pupil.

Pupils

Increase in charter school enrollment from 2008-09 to 2009-10

Increase in charter school enrollment from 2009-10 to 2010-11.

SUPPLEMENTAL EDUCATIONAL IMPROVEMENT PLAN

\$17.50 million

Same

ACADEMIC ACHIEVEMENT GRANT

\$1.20 million

Same

SUPPLEMENTAL PUBLIC EXCESS COST AID

A district will continue to receive the same aid as

Same

that for 2008-09 calculated by the State Education Department based on data on file for the computer run "SA0910" for the 2009-10 enacted budget.

ACADEMIC ENHANCEMENT AID

Districts identified as districts in need of improvement for at least 5 years.

Same

A district will continue to receive the same aid as that for 2008-09 calculated by the State Education Department based on data on file for the computer run "SA0910" for the 2009-10 enacted budget.

Same

GAP ELIMINATION ADJUSTMENT

The 2011-12 statewide GEA of -\$2,556.48 million will be adjusted by \$400.20 million for a net amount of -\$2,156.28 million.

The 2012-13 statewide GEA of -\$2,156.28 million will be adjusted by \$321.55 million for a net amount of -\$1,834.73 million.

A district's maximum adjustment will not exceed 25.00 percent multiplied by the district's 2011-12 GEA.

A district's maximum adjustment will not exceed 41.50 percent multiplied by the district's 2012-13 GEA.

Buffalo, Rochester Syracuse and Yonkers will receive an additional aid adjustment based on their percentage of Limited English Proficiency pupils.

APPENDIX III-B
MATHEMATICAL EXPLANATION OF AID FORMULAS

The mathematical formulas for calculating 2013-14 public high cost and private excess cost aids, BOCES aid, textbook aid, library materials aid, special services including academic improvement aid, transportation aid, computer software aid, instructional computer hardware and technology equipment aid, employment preparation education aid, incarcerated youth aid, building aid, reorganization incentive building aid, reorganization incentive operating aid, full-day kindergarten conversion aid, charter school transitional aid, high tax aid and the gap elimination adjustment are presented in this appendix.

For aids other than Foundation Aid, the State average wealth measures used in the calculation of 2013-14 aid ratios are:

2010 Actual Valuation/2011-12 TWP	\$562,300
2010 Adjusted Gross Income/2011-12 TWP	\$169,600
2010 Actual Valuation/2011-12 RWADA	\$677,300

Note that all aid ratios are assumed to have a minimum of .000 and a maximum of 1.000 unless otherwise stated.

Details of pupil counts for Foundation Aid are included in Appendix III-D.

Pupil counts for other 2013-14 aids appear in Appendix III-C. Pupil count abbreviations frequently used in these appendices include:

TAFPU...Total Aidable Foundation Pupil Units
TWFPU...Total Wealth Foundation Pupil Units

TWP...Total Wealth Pupil Units
ADA....Average Daily Attendance
RWADA...Resident Weighted Average Daily Attendance

CHARTER SCHOOL TRANSITIONAL AID

Education Law, Section 3602, Subdivision 41

A district's Charter School Transitional Aid equals the sum of Tier 1, 2 and 3 aid.

Tier 1 Aid: Districts are eligible for Tier 1 Aid if their number of resident pupils enrolled in charter schools (excluding enrollment in schools chartered by the board of education) in the 2012-13 school year was greater than 2.0 percent of total resident public school enrollment or payments made to charter schools in the 2012-13 school year exceed 2.0 percent of the district's 2012-13 total general fund expenditures.

The Tier 1 formula = (0.80 x 2012-13 charter school basic tuition) x the increase in the number of resident pupils enrolled in a charter school between the 2011-12 and 2012-13 school years.

Tier 2 Aid: Districts are eligible for Tier 2 Aid if their number of resident pupils enrolled in charter schools (excluding enrollment in schools chartered by the board of education) in the 2011-12 school year was greater than 2.0 percent of total resident public school enrollment or payments made to charter schools in the 2011-12 school year exceed 2.0 percent of the district's 2011-12 total general fund expenditures.

The Tier 2 formula = (0.60 x 2012-13 charter school basic tuition) x the increase in the number of resident pupils enrolled in a charter school between the 2010-11 and 2011-12 school years.

Tier 3 Aid: Districts are eligible for Tier 3 Aid if their number of resident pupils enrolled in charter schools (excluding enrollment in schools chartered by the board of education) in the 2010-11 school year was greater than 2.0 percent of total resident public school enrollment or payments made to charter schools in the 2010-11 school year exceed 2.0 percent of the district's 2010-11 total general fund expenditures.

The Tier 3 formula = (0.40 x 2012-13 charter school basic tuition) x the increase in the number of resident pupils enrolled in a charter school between the 2009-10 and 2010-11 school years.

Charter school basic tuition: This equals a district's approved operating expense (AOE) per pupil for the year prior to the base year multiplied by the percentage increase of the total statewide approved operating expense for the base year over the total statewide approved operating expense for two years prior to the base year. Such expenses are a district's expenditures for the day-to-day operation of the school as defined in Education Law Section 3602, Subdivision 1, Paragraph t. For the TAPU for Expense pupil count, see Appendix III-C. Charter school basic tuition will be the same amount as the charter school basic tuition for the 2010-11 school year.

PUBLIC EXCESS COST HIGH COST AID

Education Law, Section 3602, Subdivision 5

A district receives Public Excess Cost High Cost Aid for pupils with disabilities educated in resource intensive programs run by public school districts or BOCES. Public High Cost Special Education Aid is available for public school pupils with disabilities in programs in which the cost exceeds the lesser of:

\$10,000 or 4 x AOE/TAPU for Expense

Per Pupil Calculation:

$$\begin{array}{l} \text{High Cost Excess} \\ \text{Cost Aid} \end{array} = \begin{array}{l} \text{Excess Cost} \\ \text{(Approved Program Cost - (3 x AOE/TAPU)) x Aid Ratio} \end{array}$$

$$\text{AOE/TAPU} = \frac{\text{2011-12 Approved Operating Expenses (AOE)}}{\text{2011-12 TAPU for Expense}}$$

$$\text{Excess Cost Aid Ratio} =$$

$$1 - (\text{Combined Wealth Ratio} \times .51)$$

Minimum: .250

For the 2013-14 school year, for aids other than Foundation Aid, a district's Combined Wealth Ratio is equal to: (.5 x Pupil Wealth Ratio) + (.5 x Alternate Pupil Wealth Ratio). The district's Pupil Wealth Ratio is equal to:

$$\frac{\text{2010 Actual Valuation/2011-12 TWP}}{\$562,300}; \text{ and the}$$

Alternate Pupil Wealth Ratio is equal to:

$$\frac{\text{2010 District Income/2011-12 TWP}}{\$169,600}$$

PUBLIC EXCESS COST SETASIDE

Education Law, Section 3602, Subdivision 4, paragraph c

All school districts are required to set aside a portion of their Foundation Aid to support the education of students with disabilities and to ensure that federal maintenance of effort requirements regarding spending for students with disabilities are met.

$$\text{Public Excess Cost Aid Setaside} =$$

(2006-07 Supplemental Public Excess Cost Aid Base - 2006-07 High Cost Aid)

X

1 + percentage increase in the Consumer Price Index (CPI) between the current year and 2006-07 (1.1810 for 2013-14)

EXCESS COST AID FOR PRIVATE SCHOOL PUPILS

Education Law, Section 4405, Subdivision 3, paragraphs a and b
Education Law, Section 4401, Subdivision 6 and 7

A district receives Private Excess Cost Aid for pupils with disabilities in private school settings and the two State-operated schools at Rome and Batavia. The aid is computed on a student-by-student basis with districts receiving private excess cost aid for each student.

Private Excess Cost Aid

Private Excess Cost Aid per pupil = Aidable Cost x Aid Ratio

Aidable Cost = Tuition - (Basic Contribution per enrolled pupil)

Basic Contribution = A district's tax levy based on its property and non-property taxes divided by its base-year (2012-13) resident enrollment.

Excess Cost Aid Ratio = 1 - (Combined Wealth Ratio x .15)

Minimum: .50

SPECIAL SERVICES AID/ACADEMIC IMPROVEMENT AID

Education Law, Section 3602, Subdivision 10.

Districts that are non-components of a BOCES, including the Big Five City school districts, are eligible to receive Career Education Aid, Computer Administration Aid and Academic Improvement Aid.

Career Education Aid = Ceiling x Aid Ratio x Career Ed Pupils

Ceiling = \$3,900

Aid Ratio = 1 - (Combined Wealth Ratio x .59)

Minimum: .360

Career Education Pupils = 2012-13 Grade 10-12 ADA in a Career Education Trade Sequence + (.16 x Business Sequence ADA)

Computer Administration Aid = Expenses (up to \$62.30 x Enrollment) x Computer Expenses Aid Ratio

Enrollment = Fall 2012 public enrollment attending in the district

Computer Expenses Aid Ratio = 1 - (Combined Wealth Ratio x .51)

Minimum: .300

Academic Improvement Aid = Ceiling x Aid Ratio x Career Ed Pupils

Ceiling = \$100 plus \$1,000 divided by a district's Combined Wealth Ratio. No eligible district will receive less than \$1,100

Aid Ratio = 1 - (Combined Wealth Ratio x .59)

Minimum: .360

TRANSPORTATION AID

Education Law, Section 3602, Subdivision 7

Districts are allotted reimbursement for transportation expenses through the transportation aid formula. Districts will be eligible for reimbursement for capital expenditures based on the assumed useful life of the asset.

Transportation Aid = [Aid Ratio + Sparsity Factor] x Approved Expenses

Aid Ratio = greatest of three aid ratio calculations, two of which are based on a district's Actual Valuation per pupil:

(i) 1.263 x State Sharing Ratio

(ii) $1.010 - \frac{(2010 \text{ AV}/2011-12 \text{ RWADA} \times .46)}{\text{Statewide Average } (\$677,300)}$

(iii) $1.010 - \frac{(2010 \text{ AV}/2011-12 \text{ Resident Public+Nonpublic Enrollment} \times .46)}{\text{Statewide Average } (\$608,800)}$

Minimum: .065, Maximum: .900

State Sharing Ratio = The greatest of the following but not less than zero nor more than .90:

1.37 - (1.23 x CWR)

1.00 - (0.64 x CWR)

0.80 - (0.39 x CWR)

0.51 - (0.22 x CWR)

Sparsity Factor =

$\frac{21.00 - 2011-12 \text{ Public Enrollment}/\text{Square Mile}}{317.88}$

Approved Transportation Expenses include:

- Health and life insurance
- Collision insurance
- Equipment
- Uniforms
- Driver and mechanic salaries
- Supervisor and other salaries

- Operating and maintenance expenses
- Social Security payments on all salaries
- Approved contract expenses
- Retirement benefits
- Computerized bus routing services
- Transportation of children to and from day care centers
- Transportation of pupils in voluntary interdistrict programs
- District expenditures for transportation of pupils to and from district-operated summer classes to improve student performance will be aided up to a maximum of \$5.0 million statewide

But do not include:

- Transportation of pupils less than 1-1/2 miles from school
- Field trips
- Salaries of assistant drivers on regular buses (district operated programs)
- Salaries of drivers and mechanics who work on other than bus-type vehicles
- Bus purchase expenses exceeding the State contract price

BOCES AID

Education Law, Section 1950, Subdivision 5

Districts which are components of Boards of Cooperative Educational Services (BOCES) are eligible to receive BOCES operating, capital, and rental aids with the total amount subject to a save-harmless provision.

BOCES Operating Aid = Base Year Approved Expenses x Aid Ratio

Approved Expenses includes salaries of BOCES employees up to \$30,000

Aid Ratio = greater of:

(i) $1 - \frac{.008 (.003 \text{ for Central High Schools and Component Districts})}{\text{District Actual Valuation Tax Rate}}$
(Local Revenue/2010 Actual Valuation)

(ii) $1 - \frac{(2010 \text{ Actual Valuation}/2011-12 \text{ RWADA} \times .51)}{\text{Statewide Average}}$
(\$677,300)

Minimum: .360; Maximum: .900

BOCES Capital Aid = 2013-14 Capital Expense x RWADA Aid Ratio
(Maximum: .900)

BOCES Rental Aid = 2013-14 Rental Expense x RWADA Aid Ratio
(Maximum: .900)

Save-Harmless Provision

A district may receive the greater of:

- (i) 2013-14 BOCES Operating, Capital and Rental Aids, or
- (ii) BOCES aid received during 1967-68

BUILDING AID

Education Law, Section 3602, Subdivision 6

School districts with approved building projects may receive building aid to be paid according to an assumed amortization schedule. Aid is available for expenses related to the installation of computer laboratory hardware and for the purchase of stationary metal detectors. Payment for new construction projects otherwise eligible for aid is deferred in instances in which the school district other than New York City did not file a notice that a general construction contract has been signed with the Commissioner of Education by the November 15, 2012 database. A similar provision applies to aid payments for New York City.

Building Aid = Selected Aid Ratio x Approved Building Expenses

Current AV/RWADA Aid Ratio =

$$1 - \frac{(2010 \text{ Actual Valuation}/2011-12 \text{ RWADA} \times .51)}{\text{Statewide Average } (\$677,300)}$$

Approved Building Expenses:

For projects associated with any existing bonds, bond anticipation notes (BANs) and lease-purchase agreements that have principal remaining as of July 1, 2002, an assumed amortization will be applied to determine Building and Reorganization Incentive Building Aid. The assumed amortization is based on approved project costs, the term of borrowing and an assumed interest rate. New projects subject to prospective assumed amortization are those that were either approved by the Commissioner of Education on or after December 1, 2001, or, for which debt (bonds, BANs, and capital notes) is first issued on or after such date. Each project is assigned a useful life, cost allowance and assumed interest rate.

Starting in 2005-06, for projects in New York City for which a contract is signed July 1, 2004 or later, the cost allowance will include legitimate extraordinary costs related to:

- multi-story construction necessitated by substandard site sizes,
- site security costs,
- difficulties with delivery of construction supplies,
- increased fire resistance and fire suppression costs,
- site acquisition,
- environmental remediation and
- building demolition costs.

The State share of financing costs associated with refinancings for borrowings which had principal remaining as of July 1, 2002 is reimbursed in full to districts. In addition, districts are reimbursed for lease expenses and on a one year lag for costs of metal detectors, building condition surveys conducted once in five years, and capital outlay exception.

Selected Aid Ratio:

For the 2013-14 school year, districts may use the higher of the current year aid ratio or the aid ratio computed for use in any year commencing with the 1981-82 school year.

Starting with all new building projects approved by the voters after July 1, 2000, the selected Building Aid ratio is based upon the greater of a school district's current-year Building Aid ratio or the aid ratio selected for use in 1999-00 reduced by 10 percentage points. School districts with a pupil wealth ratio greater than 2.50 and an alternate pupil wealth ratio less than .850 in the school year in which the project was approved and the voter approval date was between 7/1/00 and 6/30/04 may select an aid ratio equal to 1.263 multiplied by the district's State Sharing Ratio.

School districts with a pupil wealth ratio greater than 2.50 and an alternate pupil wealth ratio less than .850 in the 2000-01 school year and the voter approval date was between 7/1/05 and 6/30/08, may select an aid ratio equal to the product of 1.263 multiplied by the district's State Sharing Ratio.

For aid payable in the 2005-06 school year and after for projects approved after July 1, 2005, high need school districts including the Big Five City schools, may compute an additional amount equal to .05 times their selected aid ratio. The maximum aid payable is 98 percent of the project's approved costs.

Incentive:

For aid payable in 1998-99 and after for new projects approved by the voters after 7/1/98, districts will continue to receive an additional 10 percent State reimbursement. However, the sum of the incentive and the selected aid ratio may not exceed .950 except that, for projects approved in high need districts, by the voters or the board of education in the Big Four dependent districts or the chancellor in New York City, on or after 7/1/2005, the sum of the incentive and the selected aid ratio, including the high-need supplemental Building Aid ratio, may not exceed .980.

In addition, cost allowances on all contracts awarded after 7/1/98 will be adjusted to reflect regional costs for school districts in high cost areas of the State.

New York City Data Submission:

In order to align the claiming process for New York City more closely with that of districts in the rest of state, aid on debt service in excess of that based on estimates submitted by New York City before November 15 of the base year will be considered payable in the following year.

Sale of School Building:

Pursuant to Chapter 58 of the Laws of 2011, school districts are required to notify the State Education Department if a school building is sold or ownership transferred and the building is no longer operated by the district. SED will re-compute the district's Building Aid to exclude from aidable cost any revenue received from the transaction.

Final Cost Report:

Chapter 97 of the Laws of 2011 provides that, except for New York City projects, the assumed amortization for projects approved by the Commissioner of Education on or after July 1, 2011 will begin the later of eighteen months after State Education Department (SED) approval or when the final cost report and final certificate of substantial completion have been received by SED or upon the effective date of a waiver based on a finding by the Commissioner that the district is unable to submit a final certificate of substantial completion or final cost report due to circumstances beyond its control.

NY Safe Act: The NY Safe Act provides that, for projects approved by the commissioner on or after July 1, 2013, specified safety system improvements will be eligible for enhanced re-imbusement under the Building Aid formula (a rate 10 percent higher than the district's current building aid ratio).

REORGANIZATION INCENTIVE BUILDING AID

Education Law, Section 3602, Subdivision 14, paragraphs e and f

An eligible district may receive Reorganization Incentive Building Aid in addition to its regular Building Aid.

For districts reorganizing prior to July 1, 1983,

$$\begin{array}{l} \text{Reorganization Incentive} \\ \text{Building Aid} \end{array} = \text{Approved Expenses} \times \text{Building Aid Ratio} \times 25\%$$

For districts reorganizing after July 1, 1983,

$$\begin{array}{l} \text{Reorganization Incentive} \\ \text{Building Aid} \end{array} = \text{Approved Expenses} \times \text{Building Aid Ratio} \times 30\%$$

REORGANIZATION INCENTIVE OPERATING AID

Education Law, Section 3602, Subdivision 14, paragraphs d and d-1

School districts that reorganize after July 1, 2007, are eligible to receive reorganization incentive operating aid for 14 years beginning with the first school year of operating as a reorganized district. The reorganization percentage will be 40 percent for a period of five years, to be reduced by 4 percent per year for nine years.

For the first five years, Reorganization Incentive Operating Aid =

$$\begin{array}{l} \text{2006-07 Selected} \\ \text{Operating Aid per Pupil} \end{array} \times \begin{array}{l} \text{Total Aidable Pupil} \\ \text{Units} \end{array} \times 40\%$$

The amount calculated as 2006-07 Selected Operating Aid per Pupil x Total Aidable Pupil Units will not be recalculated during the 14 years that a district receives aid. The 2006-07 Selected Operating Aid per Pupil x Total Aidable Pupil Units amount is frozen as of the date upon which a data file was created for the February 15, 2007 State Aid estimates. The sum of 2006-07 Operating Aid and Incentive Operating Aid is limited to 95 percent of 2011-12 Approved Operating Expense.

TEXTBOOK AID

Education Law, Section 701, Subdivisions 4, 6 and 7

All districts are eligible for Textbook Aid. The aid provided is to be used by districts to purchase textbooks to be made available to all resident enrolled pupils. Textbooks are loaned to both public and nonpublic pupils. A district's 2013-14 aid cannot exceed the amount of its base-year actual expenditures.

The existing formulas for Textbook, Computer Software, Computer Hardware and Library Materials Aids are continued. For 2013-14 aid is based on 2012-13 expenditures. If a district exceeds its maximum allocation in any of the above aids, the 2012-13 expense over the maximum allocation can be designated as an expense for aid in one or more of the other aid categories, with the exception of Library Materials expense.

Textbook Aid = 2012-13 Cost of Textbooks, not to exceed \$58.25 (\$43.25 per pupil for Regular Textbook Aid plus \$15.00 per pupil for Lottery Textbook Aid) x 2012-13 Resident Public and Nonpublic School Enrollment

COMPUTER SOFTWARE AID

Education Law, Section 751

All districts are eligible for Computer Software Aid. The aid is for the purchase of computer software which a pupil is required to use as a learning aid in a particular class in the school the pupil attends. Software programs designated for use in public schools are to be loaned on an equitable basis to nonpublic school pupils pursuant to the Rules of the Board of Regents. A district's 2013-14 aid cannot exceed the amount of its base-year actual expenditures.

Regarding flexibility in how 2012-13 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2013-14 aid, see Textbook Aid above.

Computer Software Aid = 2012-13 Cost of Software (up to \$14.98 x Enrollment)

Enrollment = Fall 2012 public and private school enrollment for the district of attendance plus BOCES and private school pupils in full-time programs for children with disabilities.

INSTRUCTIONAL COMPUTER HARDWARE AND TECHNOLOGY EQUIPMENT AID

Education Law, Section 753

A district may be eligible for Computer Hardware Aid to purchase or lease micro- and/or mini-computer equipment or terminals as well as technology equipment for instructional purposes. Schools may use up to 20 percent of hardware aid for the repair of instructional computer hardware and technology equipment or for training and staff development for instructional purposes.

Technology equipment is defined as equipment used in conjunction with or in support of educational programs including, but not limited to, video, solar

energy, robotic, satellite or laser equipment. Consistent with current statute, public school districts must loan computer hardware and equipment to nonpublic school pupils.

Approved expenses for technology education equipment were first eligible for aid in the 1992-93 school year. Beginning with the 1998-99 school year, the local match was eliminated.

Regarding flexibility in how 2012-13 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2013-14 aid, see Textbook Aid above.

Hardware Aid = 2012-13 Approved Expenses (up to \$24.20 x Enrollment) x Current Year Building Aid Ratio

Aid cannot exceed the amount of base-year approved expenditures.

Enrollment = Fall 2012 public and private school enrollment for the district of attendance plus BOCES and private school pupils in full-time programs for children with disabilities.

LIBRARY MATERIALS AID

Education Law, Section 711, Subdivision 4

All districts are eligible for Library Materials Aid. The aid is provided to enable districts to purchase necessary library materials to be made available on an equitable basis to all pupils attending public and nonpublic schools within such district. A district's 2013-14 aid cannot exceed the amount of its base-year actual expenditures.

Regarding flexibility in how 2012-13 expenses for Textbook, Computer Software, Computer Hardware and Library Materials Aids may be claimed for 2013-14 aid, see Textbook Aid above.

Library Materials Aid = 2012-13 cost of Library Materials (up to \$6.25 x Enrollment)

Enrollment = Fall 2012 public and private school enrollment for the district of attendance plus BOCES and private school pupils in full-time programs for children with disabilities.

FULL-DAY KINDERGARTEN CONVERSION AID

Education Law, Section 3602, Subdivision 9

Eligibility for Full-Day K Conversion Aid: If in 1996-97 and 2012-13 a district had half-day kindergarten enrollment or if a district had no kindergarten enrollment in 1996-97 and 2012-13.

Eligible school districts offering full-day kindergarten programs to all kindergarten students will receive Selected Foundation Aid per pupil for any increase in the number of students served in full-day programs in 2013-14 compared to 2012-13.

Full-Day Kindergarten Conversion Aid =

(2013-14 Full-Day K Enrollment minus 2012-13 Full-Day K Enrollment)
x Selected Foundation Aid per pupil

EMPLOYMENT PREPARATION EDUCATION (EPE) AID

Education Law, Section 3602, Subdivision 11

Districts are eligible for EPE aid for the attendance of pupils age 21 or older who have not received a high school diploma or equivalency diploma.

Since 1991-92, aid paid directly to BOCES for approved BOCES EPE programs has been based on component districts' aid ratios. Beginning in 1995-96, the BOCES EPE aid ratio has been based on the aggregate actual valuation and TWPU of the component districts of the BOCES. Adults can register with BOCES for participation at a BOCES site. Since 1996-97, the BOCES EPE aid ratio has been the greater of the EPE aid ratio based on the aggregate wealth of the component districts or 85 percent of the highest EPE aid ratio of a component district of the BOCES.

$$\text{EPE Aid} = \$12.50 \times \text{EPE Aid Ratio} \times \text{EPE Hours}$$

$$\text{EPE Aid Ratio} = 1 - (\text{Pupil Wealth Ratio} \times .40) \text{ Minimum: } .400$$

$$\text{Pupil Wealth Ratio} = \frac{2010 \text{ Actual Valuation}/2011-12 \text{ TWPU}}{\text{State Average } (\$562,300)}$$

$$\text{EPE Hours} = \text{Total hours of instruction for all students in EPE programs between July 1 and June 30 of the current year.}$$

EPE aid will be reduced if it and other State and Federal sources of aid for EPE programs exceed the entire cost of such program in that year. For the 2013-14 school year, total aid is limited to \$96.00 million.

INCARCERATED YOUTH AID

Education Law, Section 3602, Subdivision 13

All districts are eligible for Incarcerated Youth Aid. The aid is provided to enable districts to educate students in local centers of detention.

Incarcerated Youth Aid equals the lesser of:

- (i) 2011-12 AOE/TAPU for Expense x Number of full-day program pupils (2011-12 AOE/TAPU x 1.25 x pupils in 10 month programs or 2011-12 AOE/TAPU x 1.50 x pupils in 12 month programs) + ([.5 x (AOE/TAPU for Expense)] x Number of half-day program pupils) or
- (ii) Actual total instructional cost for the incarcerated youth program plus approved administrative costs (which may not exceed five percent of total instructional costs)

HIGH TAX AID

Education Law, Section 3602, Subdivision 16

Tier 1 Aid

Individual districts are eligible for Tier 1 High Tax Aid if they meet the following three criteria:

- (i) An Income Wealth Index for Foundation Aid less than 0.955,
- (ii) The district has an AOE/TAPU for Expense greater than \$11,938 (95.5 percent of the State average of \$12,500), and
- (iii) The Tax Effort Ratio, the ratio of the district's 2010 tax levy on residential real property (including condominium property) divided by the district's 2010 adjusted gross income, is greater than 4.5 percent.

Eligible districts will receive:

\$475.00 x State Sharing Ratio (see Transportation Aid) x 2012-13 public enrollment

Tier 2 Aid

Individual districts are eligible for Tier 2 High Tax Aid if the district's Tax Effort Ratio is greater than 5.5 percent.

Eligible districts will receive:

Formula Ceiling x Regional Cost Index x Aid Ratio x 2012-13 public enrollment x .195

Formula Ceiling = The positive difference, if any, of the district's 2011-12 AOE/TAPU for Expense - \$13,125

Regional Cost Index = Index values ranging from 1.000 for North Country/Mohawk Valley counties to 1.425 for New York City and Long Island. (See Appendix III-E for county regional cost indices.)

Aid Ratio = 1.37 - (Alternate Pupil Wealth Ratio x 1.23), minimum: 0.00, maximum: 1.00

Save-Harmless Provision: Greater of the sum of Tier 1 and Tier 2 formula aid or the save-harmless amount

Save-Harmless Amount: For districts with an Alternate Pupil Wealth Ratio (the income ratio component of the Combined Wealth Ratio) less than 1.0, 50 percent x 2012-13 High Tax Aid, 30 percent for other districts.

GAP ELIMINATION ADJUSTMENT (GEA)

Education Law, Section 3602, Subdivisions 17 and 18

The 2011-12 statewide GEA of -\$2,556.48 million was adjusted by \$400.20 million for a net amount of -\$2,156.28 million for 2012-13.

For the 2013-14 school year the 2012-13 statewide GEA of -\$2,156.28 million is adjusted by \$321.55 million for a net amount of -\$1,834.73 million.

2013-14 GEA ADJUSTMENT

The adjustment is the greater of (i) or (ii), plus (iii), but not more than the maximum (iv).

- (i) A district's Extraordinary Needs percent divided by 53.40 percent multiplied by \$210.20 with the result multiplied by the State Sharing Ratio (see Transportation Aid) and by 2012-13 public enrollment; or,
- (ii) The positive result of the product of 40.00 percent multiplied by a district's 2012-13 GEA restoration; plus,
- (iii) The positive result, if any, of \$50.00 multiplied by the aid ratio $(1.37 - (1.23 \times \text{CWR}))$ with the result multiplied by 2012-13 public enrollment.
- (iv) A district's maximum adjustment may not exceed the positive result of 41.50 percent multiplied by the district's 2012-13 GEA.

2012-13 GEA ADJUSTMENT (As calculated at the time of 2012-13 budget enactment)

The adjustment is the greater of (i), (ii), (iii), (iv), or (v) but not more than the maximum (vi). Buffalo, Rochester, Syracuse and Yonkers will receive an additional Limited English Proficiency pupil-based aid adjustment:

- (i) A district's Extraordinary Needs Percent divided by 48.00 percent multiplied by \$223.80 with the result multiplied by the State Sharing Ratio (see Transportation Aid) and by 2011-12 public enrollment.
- (ii) For districts with a 2011-12 GEA divided by district 2011-12 total general fund expenditures less than the statewide average of -4.79 percent:

The positive result of the district's 2011-12 GEA divided by the district's 2011-12 total general fund expense is divided by .0479 and the result (if greater than 1.00) is multiplied by \$90.00 with the result multiplied by the State Sharing Ratio and by 2011-12 public enrollment.

- (iii) The positive result of the product of 2.956 percent multiplied by a district's 2011-12 GEA.
- (iv) \$473.70 multiplied by the aid ratio $(1.37 - (1.50 \times \text{CWR}))$ with the result multiplied by 2011-12 public enrollment.

- (v) For districts with a Tax Effort Ratio greater than 4.40 and a Combined Wealth Ratio less than 1.50: \$309.30 multiplied by the State Sharing Ratio with the result multiplied by 2011-12 public enrollment.
- (vi) A district's maximum adjustment may not exceed the positive result of 25.00 percent multiplied by the district's 2011-12 GEA.

Limited English Proficiency-based aid adjustment for Buffalo, Rochester, Syracuse and Yonkers: A factor based on the district's percentage of LEP pupils (50 percent of 2011-12 LEP pupils divided by 2011-12 public enrollment) multiplied by 0.11 percent of 2011-12 total aid.

The factor is 1.75 if the district's percent of LEP pupils is less than 4 percent, 0.70 if the LEP percent is greater than 4 percent but less than 5 percent and 2.20 if the LEP percent is greater than 5 percent.

State Sharing Ratio = The greatest of the following but not less than zero nor more than .90:

- 1.37 - (1.23 x CWR)
- 1.00 - (0.64 x CWR)
- 0.80 - (0.39 x CWR)
- 0.51 - (0.22 x CWR)

Extraordinary Needs Percent = $\frac{\text{Extraordinary Needs Pupil Count}}{\text{2011-12 Public Enrollment}}$

Extraordinary Needs Pupil Count = The sum of the following:

- (i) 2011-12 public enrollment (including charter school enrollment) x the three-year average percentage of students in grades K-6 who are eligible for the free and reduced price lunch program (2008-09, 2009-10 and 2010-11) x .65, and

2011-12 public enrollment (including charter school enrollment) x the percentage of students aged 5-17 in poverty as of the 2000 census (National Center for Education Statistics - NCES) x .65, and
- (ii) The number of Limited English Proficiency pupils x .50., and
- (iii) For districts operating a K-12 program, a sparsity count equal to 2011-12 public enrollment x

$$\frac{25 - 2011-12 \text{ Public Enrollment/Square Mile}}{50.9}$$

with no maximum

2011-12 GEA (As computed for the 2011-12 enacted budget)

The lesser of:

The sum of (a) the product of -6.40 percent multiplied by a district's 2011-12 Formula Aid as computed for the 2011-12 Executive Budget school aid computer listing entitled "BT111-2" (without Universal Prekindergarten and Building and Building Reorganization Incentive Aids) plus (b) the result of -\$4,400.00 multiplied by 1.0 minus a district's three-year K-6 free and

reduced price lunch percentage for Foundation Aid with the result multiplied by a district's Combined Wealth Ratio for Foundation Aid multiplied by 2010-11 public enrollment.

The initial minimum reduction is -9.50 percent multiplied by a district's 2011-12 Formula Aid as computed for the 2011-12 Executive Budget school aid computer listing entitled "BT111-2" (without Universal Prekindergarten and Building and Building Reorganization Incentive Aids). The maximum reduction is -21.40 percent.

or

For districts with a Tax Effort Ratio (a district's residential levy divided by district adjusted gross income) greater than 4.00 percent and a Combined Wealth Ratio for Foundation Aid less than 1.50: The result of -23.00 percent divided by the quotient of a district's Tax Effort Ratio divided by 4.247 percent ($-23\% / (\text{district TER} / 4.247\%)$), but not less than -13.00 percent, multiplied by 2011-12 Formula Aid as computed for the 2011-12 Executive Budget school aid computer listing entitled "BT111-2" (without Universal Prekindergarten and Building and Building Reorganization Incentive Aids). The maximum reduction is -23.00 percent; the minimum reduction is -13.00 percent.

The Gap Elimination Adjustment for high need districts will not exceed -6.80 percent of the district's 2010-11 Total General Fund Expenditures (TGFE). For qualifying high need districts, those with 2008-09 expenditures for administrative purposes less than 1.55 percent and a three-year K-6 free and reduced price lunch percentage for Foundation Aid greater than 75.00 percent, the district's Gap Elimination Adjustment will be -4.09 percent of the district's 2010-11 TGFE.

For the Big Five City school districts, the percent will be:

New York City -4.537 percent
Buffalo -4.1 percent
Rochester -4.13 percent
Syracuse -5.53 percent
Yonkers -5.97 percent

For all other districts, the GEA will not exceed -11.00 percent of the district's 2010-11 TGFE.

Administrative Efficiency Aid

Qualifying districts will receive Administrative Efficiency Aid. Districts that qualify for this aid are those, other than the Big Five City school districts, with 2008-09 Board of Education and Central Administration expenditures (as reported to the State Education Department on the district's annual ST-3 form) the sum of which is less than 1.80 percent of the district's total expenditures and administrative expenditures are less than \$348.00 per pupil (2010-11 public enrollment). Eligible districts will receive:

$\$75.00 \times \text{Foundation State Sharing Ratio} (.100 \text{ minimum}) \times \text{Selected TAFPU.}$

Foundation State Sharing Ratio = The greatest of the following but not less than zero nor more than .90. High need school districts may compute an additional amount equal to .05 times their ratio up to a maximum of .90.

1.37 - (1.230 x FACWR)
1.00 - (0.640 x FACWR)
0.80 - (0.390 x FACWR)
0.51 - (0.173 x FACWR)

A district's Combined Wealth Ratio for Foundation Aid (FACWR) is equal to: $(.5 \times \text{Pupil Wealth Ratio}) + (.5 \times \text{Alternate Pupil Wealth Ratio})$. The Pupil Wealth Ratio for Foundation Aid is equal to:

$\frac{\text{Selected Actual Valuation/2009-10 TWPU}}{\$593,600}$; and the

Alternate Pupil Wealth Ratio for Foundation Aid is equal to:

$\frac{\text{Selected District Income/2009-10 TWPU}}{\$172,200}$

Selected Actual Valuation is the lesser of 2008 Actual Valuation or the average of 2007 Actual Valuation and 2008 Actual Valuation as reported by the Office of the State Comptroller. A district's Actual Valuation is the sum of the taxable full value of real property in the school district.

Selected District Income is the lesser of 2008 Adjusted Gross Income or the average of 2007 Adjusted Gross Income and 2008 Adjusted Gross Income. Adjusted Gross Income is the Adjusted Gross Personal Income of a school district, as reported by the Department of Taxation and Finance, including the results of the statewide computerized income verification process.

Need-Based Adjustment

Districts with a Need/Resource Capacity Code of 3 or 4 will receive an amount calculated as \$61.00 multiplied by 2010-11 public enrollment. For districts with a Need/Resource Capacity Code of 5, the amount will be \$54.00 multiplied by 2010-11 public enrollment.

If a district's 2010-11 Limited English Proficiency (LEP) pupil count is greater than 13.00 percent of its 2010-11 public enrollment, the district will receive an amount calculated as 0.0075 multiplied by the district's 2011-12 Formula Aid as computed for the 2011-12 Executive Budget school aid computer listing entitled "BT111-2" (without Universal Prekindergarten and Building and Building Reorganization Incentive Aids)

Low Wealth/High Tax Adjustment

For districts with a Tax Effort Ratio (a district's residential levy divided by district adjusted gross income) greater than 6.00 percent and a Combined Wealth Ratio for Foundation Aid less than 0.70 the district will receive an amount calculated as \$100.00 multiplied by 2010-11 public enrollment.

Enrollment Adjustment

For districts with a) a public enrollment increase from 2009-10 to 2010-11 equal to or greater than 45 and a Combined Wealth Ratio for Foundation Aid less than 3.00 and b) the enrollment increase is either greater than 1 percent or the Combined Wealth Ratio for Foundation Aid less than 2.00 the district will receive an amount calculated as \$500.00 multiplied by the increase in public enrollment.

APPENDIX III-C

DESCRIPTION OF PUPIL COUNTS USED IN AID FORMULAS FOR THE 2013-14 SCHOOL YEAR

- I. Average Daily Attendance/Average Daily Membership^a
- A. Average Daily Attendance (ADA) is the average number of pupils present on each regular school day in a given period. The average is determined by dividing the total number of attendance days of all pupils by the number of days school was in session.
- B. Average Daily Membership (ADM) is a measure of enrollment. It is the total possible aggregate daily attendance of all pupils in the district divided by the days of session.
- II. For Foundation Aid pupil counts for wealth and aid, see Appendix III-D.
- III. TAPU for Expense, RWADA, and TWPU

Short Title	Total Aidable Pupil Units For Expense	Resident Weighted Average Daily Attendance	Total Wealth Pupil Units
	TAPU for Expense	RWADA	TWPU
Year used for aid payable in 2013-14	2011-12	2011-12	2011-12
Attendance Periods	Full Year	Full Year	Full Year
Students: Based on:	Served 100% ADA	Resident 100% ADA	Resident 100% ADA

Basic Weightings

Half-Day Kindergarten	.50	.50	.50
Kindergarten-Grade 6	1.00	1.00	1.00
Grades 7-12	1.00	1.25	1.00
Dual Enrollment	1.00	--	--

^a The average daily attendance (or average daily membership) of pupils attending private and State operated schools (Rome and Batavia) for pupils with disabilities is excluded from ADA (or ADM).

	Total Aidable Pupil Units <u>For Expense</u>	Resident Weighted Average Daily <u>Attendance</u>	Total Wealth Pupil Units
<u>Additional Weightings</u>			
Secondary (including PSEN ^b but excluding students with disabilities (swd) in 1.7 & .9 public excess cost categories)	.25	--	.25
PSEN K-12 (including swd)	.25	--	.25
SWD in public schools for:			
60% of school day (special class)	1.70	--	1.70
20% of school week (resource room) ^c	.90	--	.90
Direct/Indirect Consultant Teacher	.90	--	.90
Private School	--	--	--
Summer/Extra School	.12	--	--

^b PSEN (Pupils with Special Educational Needs) are determined by multiplying district average daily attendance by the percentage of the student population falling below the State reference point on third and sixth grade reading and mathematics pupil evaluation program (PEP) tests administered in the Spring of 1985 and the Spring of 1986.

^c Or five periods (at least 180 minutes) per week.

APPENDIX III-D
FOUNDATION AID PUPIL UNITS

Total Wealth Foundation Pupil Units (TWFPU)

The sum of:

- (i) Average daily membership for the year prior to the base year,
- (ii) The full-time equivalent enrollment of resident pupils attending public school elsewhere, less the full-time equivalent enrollment of nonresident pupils, and
- (iii) The full-time equivalent enrollment of resident pupils attending a board of cooperative educational services full time.

Selected Total Aidable Foundation Pupil Units (TAFPU)

For the purposes of computing Foundation Aid, districts may select the TAFPU calculated for the current aid year, or the average of the TAFPU calculated for the current year and the TAFPU calculated for the base year. In determining the average TAFPU, current year TAFPU definitions are used for both years.

Total Aidable Foundation Pupil Units (TAFPU) =

(2011-12 Average Daily Membership (ADM) x Base Year Enrollment Index) +
(2011-12 Summer ADM x .12) + 2011-12 Weighted Foundation Pupils with
Disabilities (WFPWD)

Average Daily Membership (ADM) =

- Possible aggregate attendance of students in kindergarten through grade 12 (or equivalent ungraded programs), which is the total of the number of enrolled students that could have attended school on all days of session divided by the number of days of session;
- Possible aggregate attendance of non-resident students (in-state and out of state) attending the district full time but not resident students enrolled full time in another district;
- Possible aggregate attendance of Native American students that are residents of any portion of a reservation located wholly or partially in New York State;
- Possible aggregate attendance of students living on federally owned land or property;
- Possible aggregate attendance of students receiving home or hospital instruction (not home-schooled students, including students receiving instruction through a two-way telephone communication system);
- Full-time-equivalent enrollment of resident pupils attending a charter school;
- Full time equivalent enrollment of pupils with disabilities in BOCES programs;
- Equivalent attendance of students under the age of 21, not on a regular day school register in programs leading to a high school diploma or high school equivalency diploma;
- Average daily attendance of dual enrolled nonpublic school students in

career education, gifted and talented, and special education programs of the public school district as authorized by Section 3602-c of the Education Law. Attendance is weighted by the fraction of the school day that the student is enrolled in the public school programs. Dual Enrolled students with disabilities are further weighted at 1.41.

Enrollment Index for the base year =

$$\frac{2012-13 \text{ Public School Enrollment}}{2011-12 \text{ Public School Enrollment}}$$

Summer Average Daily Membership =

Possible aggregate attendance (in hours) of pupils who attend programs of instruction operated by the district during the months of July and August, other than pupils with disabilities in twelve month programs, divided by the number of hours summer school was in session.

Weighted Foundation Pupils With Disabilities (WFPWD) =

The full-time equivalent enrollment of pupils with disabilities determined by a school district committee on special education to require any of the services listed below, and who receive such services from the school district of attendance during the year prior to the base year will be multiplied by 1.41. (A weighting based on a Regents' analysis of special education and general education costs in successful school districts):

- Placement for 60 percent or more of the school day in a special class;
- Home or hospital instruction for a period of more than sixty days;
- Special services or programs for more than 60 percent of the school day;
- Placement for 20 percent or more of the school week in a resource room or requiring special services or programs including related services for 20% or more of the school week, or in the case of pupils in grades seven through twelve or a multi-level middle school program as defined by the commissioner or in the case of pupils in grades four through six in an elementary school operating on a period basis, the equivalent of five periods per week, but not less than the equivalent of one hundred eighty minutes in a resource room or in other special services or programs including related services, or
- At least two hours per week of direct or indirect consultant teacher services

PLUS

0.50 multiplied by the full time equivalent enrollment of declassified pupils. (Declassified pupils are pupils in their first year in a full-time regular education program after having been in a special education program and receiving declassification services.)

APPENDIX III-E
REGIONAL COST INDEX

Counties in each region - Regional Cost Index

Capital District - 1.124	Mohawk Valley - 1.000
Albany	Fulton
Columbia	Herkimer
Greene	Madison
Rensselaer	Montgomery
Saratoga	Oneida
Schenectady	Schoharie
Warren	
Washington	
Central New York - 1.103	North Country - 1.000
Cayuga	Clinton
Cortland	Essex
Onondaga	Franklin
Oswego	Hamilton
	Jefferson
	Lewis
	St. Lawrence
Finger Lakes - 1.141	Southern Tier - 1.045
Genesee	Broome
Livingston	Chemung
Monroe	Chenango
Ontario	Delaware
Orleans	Otsego
Seneca	Schuyler
Wayne	Steuben
Wyoming	Tioga
Yates	Tompkins
Hudson Valley - 1.314	Western - 1.091
Dutchess	Allegany
Orange	Cattaraugus
Putnam	Chautauqua
Rockland	Erie
Sullivan	Niagara
Ulster	
Westchester	
Long Island/New York City - 1.425	
New York City	
Nassau	
Suffolk	

NOTE: School districts are assigned to counties based on the location of the district's central office. The regional cost indices are based on a Regents' study of median salaries for 59 professional, non-teaching, occupations in nine labor force regions.
