INTRODUCTION

DOB¹ publishes the Capital Program and Financing Plan twice a year, with the Executive Budget and the Enacted Budget. The Executive Capital Program and Financing Plan (the “Capital Plan”) reflects capital spending and debt issuances in FY 2026 through FY 2030. It describes the State’s multi-year capital program, the way it will be financed, and the impact of debt on the State’s Financial Plan.

Factors affecting the State’s financial condition are numerous and complex. This Capital Plan contains “forward-looking statements” relating to future results and economic performance as defined in the Private Securities Litigation Reform Act of 1995. Since many factors may materially affect fiscal and economic conditions in the State, the forecasts, projections, and estimates should not be regarded as a representation that actual results will not vary. The forward-looking statements contained herein are based on the State’s expectations at the time they were prepared and are necessarily dependent upon assumptions, estimates, calculations and data that it believes are reasonable as of the date made, but that may be incorrect, incomplete or imprecise or not reflective of actual results. Forecasts, projections, and estimates are not intended as representations of fact or guarantees of results. The words “expects,” “forecasts,” “projects,” “intends,” “anticipates,” “estimates,” “calculates,” “assumes” and analogous expressions are intended to identify forward-looking statements. Any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially and adversely from projections. Such risks and uncertainties include, but are not limited to, general economic and business conditions; natural calamities; foreign hostilities or wars; domestic or foreign terrorism; changes in political, social, economic and environmental conditions, including climate change and extreme weather events; epidemics or pandemics; cybersecurity events; impediments to the implementation of gap-closing actions; regulatory initiatives and compliance with governmental regulations; litigation; Federal tax law changes; actions by the Federal government to reduce or disallow expected aid, including Federal aid authorized or appropriated by Congress, but subject to sequestration, administrative actions, or other actions that would reduce aid to the State; and various other events, conditions and circumstances. Many of these risks and uncertainties are beyond the control of the State. These forward-looking statements are based on the State’s expectations as of the date of this Capital Plan.

¹ Please see “Glossary of Acronyms” at the end of this document for the definitions of commonly used acronyms and abbreviations that appear in the text.

The Capital Plan consists of six major sections as follows:

- **The Executive Summary** summarizes the State’s capital initiatives, multi-year capital spending and financing sources, limitations on State debt, and debt issuance plans.
- **FY 2026 Capital Program and Financing Plan** provides estimates of annual capital spending and debt by program area and financing source.
- **Five-Year Capital Plan** provides a summary of the multi-year impact of the Capital Plan and describes agency capital goals, objectives, and capital maintenance efforts.
- **Debt Overview** includes information on the State’s bond programs and on the State’s actual and projected debt levels and debt service costs, as well as comparisons to objective affordability measures.
- **Detailed Data** explains various State debt limitations and provides detailed tables on capital projects financing, State-related debt, and debt service costs.
- **Agency Summary and Detail Tables** provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis.

Terminology used throughout the Capital Plan includes “commitment(s),” meaning the amount an agency expects to place under contract for a given fiscal year; and “appropriation(s),” referring to the statutory authorization against which expenditures (liability) and disbursements (cash) may be made during a specific State fiscal year. In general, appropriations are the legal authority which allows State agencies to spend money. Agency appropriations, commitments, and disbursements data can be found in the Agency Summary and Detail Tables section.

Additionally, the Capital Plan makes references to “off-budget” spending, which refers to capital spending that is occurring directly from bond proceeds held at public authorities. Off-budget spending requires an enacted appropriation, bonding authorization, and PACB approval to occur. However, in an effort to streamline all State capital spending within the Capital Plan, the State is converting all such spending to “on-budget” spending. This transition began in FY 2015 with the conversion of the local highway transportation program and the only remaining off-budget spending is for SED’s EXCEL program.

Reporting on State Debt

The Capital Plan provides information on State-supported debt and the broader measure of State-related debt:

State-supported debt represents bonds or notes of the State that are paid from traditional State resources (e.g., tax revenue) and have a budgetary impact. It includes both General Obligation debt approved directly by the voters, and debt authorized by the Legislature, acting on behalf of the people, and issued on behalf of the State by public authorities, where the State is contractually obligated to pay debt service, subject to appropriation. All debt authorized by the Legislature must be approved by PACB, and the board of the issuing authority, with the exception of General Obligation Bonds. The State's debt reform caps on debt outstanding and debt service apply to State-supported debt except for FY 2021 and FY 2022 when the caps were suspended.

State-related debt is a broader measure that includes State-supported debt, State-guaranteed debt, moral obligation financings, and certain contingent-contractual obligation financings, where debt service is paid from non-State sources in the first instance, and State appropriations are available, but typically not expected to be needed, to make payments. This category also includes inter-governmental loans, where no bonds are issued but the State has agreed to pay annual loan payments to another governmental entity. The classification is made at the time of the original issuance.

State debt is reported in the Capital Plan on a cash basis and includes all debt issued by the State and public authorities acting on its behalf for government activities and business-type activities as defined in the ACFR.

State debt does not include debt that is issued by State public authorities for which the State has no financial obligation (i.e., "conduit debt"), or debt issued by or on behalf of local governments and secured (in whole or in part) by State assistance and grants aid payments. For example, certain school districts and NYC have pledged State aid to help pay debt service for locally sponsored and locally determined financings. Additionally, certain of the State's public authorities issue debt supported by non-State resources (i.e., NYSTA toll revenue bonds, TBTA or MTA revenue bonds, or DASNY dormitory facilities revenue bonds) or issue debt on behalf of private clients (e.g., DASNY hospital revenue bonds). Because this debt was not issued by, or on behalf of, the State, the State has no obligation to pay debt service, and it is not considered State debt in the ACFR. Therefore, it is not included in the Capital Plan. Instead, this debt is accounted for in the respective financial statements of the local governments responsible for the issuance of such debt.

Additional information about the State's debt portfolio is available on DOB's public website ([New York State Division of the Budget](#)). The Investor's Guide section of the site contains detailed information on New York State bonds including: variable rate capacity reports, PIT and Sales Tax Revenue Bond debt service and debt outstanding, credit ratings on New York State bonds, and the State's bond issuance schedule.

EXECUTIVE SUMMARY

Executive Budget Capital Plan Overview

The FY 2026 Executive Capital Plan:

- Makes priority investments in transportation and mass transit; health care and mental health facilities; public safety; clean energy and the environment; economic and community development; and housing. The FY 2026 Executive Capital Plan also continues investments across the State including: five-year capital plans for transportation and housing; the Clean Water, Clean Air, and Green Jobs Bond Act; investments in clean water infrastructure; health care transformation funding; increased support for SUNY and CUNY; and regional economic development and community revitalization projects.
- Invests in projects to improve the State's transit systems, modernize airports, and rebuild infrastructure to upgrade the State's transportation network. Several projects are expected to be financed from multiple funding sources and administered by public authorities (e.g., MTA, PANYNJ) outside of the State budget. Funding partners for these projects include the State, local governments, the Federal government, public authorities, and private entities. The FY 2026 Executive Budget supports the State share of funding for these projects. Major infrastructure projects underway with funding partners are shown in the table below.

TRANSFORMATIVE INFRASTRUCTURE PROJECTS (billions of dollars)			
	Total Project Costs	State Share	Other Funding Partners Share ¹
Transformative Projects Total	87.4	4.7	82.7
Gateway Tunnel Project ²	15.8	1.3	14.5
MTA Capital Plan 2020-2024 ³	52.1	3.1	49.0
John F. Kennedy Airport	19.5	0.3	19.2

¹ Includes funding from Federal & local govts, public authorities, and other funding outside of the State budget.

² Project costs are as of the July 2024 RRIF loan closing for the Gateway Hudson Tunnel Project. Total includes financing costs.

³ MTA 2020-2024 Capital Plan State share excludes new revenue sources enacted by the State to fund \$25 billion of the capital plan. MTA 2025-2029 Capital Plan is being developed. Size and funding sources to be determined.

- Leverages ongoing Federal infrastructure funding. The Plan utilizes funding from the Federal infrastructure bills, IIJA and ARPA, to support new infrastructure investments, primarily for road and bridge projects, environmental programs, and broadband access.

- Maintains affordable debt levels while making significant capital investments. Specific actions taken by the State include:
 - Sized capital investments to fit within the State’s statutory debt limit over the five-year period by prioritizing capital investments to maintain an affordable Capital Plan.
 - Added \$13.6 billion of cash resources, including an increase of \$1 billion in the Executive Budget, for PAYGO capital spending to improve debt affordability. These cash resources are being used to supplant borrowing for both higher-cost taxable debt and assets with short economic useful lives. The reduction in debt issuances provides both debt service savings and debt cap relief.
 - Initiated \$20.5 billion of debt prepayments since FY 2021 to enable the State to retire debt early.
 - Generated \$265 million of present value savings in FY 2025 by refinancing debt, which takes advantage of lower interest rates.
- Reflects the positive impact of managing the State’s debt burden responsibly for decades.
 - New York’s credit rating of AA+ is at its highest level since 1972. The State has two highly-rated revenue credits and GO Bonds that are in high demand by investors.
 - At 3.3 percent, New York’s debt “burden” as measured as a share of State personal income is at its lowest level in 60 years. This is true even though the State intervened to assist the MTA during the pandemic and has since issued \$6.1 billion in debt on its behalf.
 - The State is expected to end FY 2025 with debt outstanding of \$56.6 billion, which reflects growth of less than 1 percent annually from debt outstanding 10-years prior. Adjusted for inflation, the State’s debt level today is roughly the same as it was in 1982.

FY 2026 Capital Disbursements and Financing Sources

The FY 2026 Capital Plan describes and summarizes capital appropriations, commitments and disbursements included in the FY 2026 Executive Budget.

Debt per Capita	2,890	3,313	3,815	4,251	4,639	4,915
Debt Reform Act - Debt Capacity (Cumulative)	25,105	19,335	12,279	7,069	2,860	441

¹ Does not include \$13 million of capital spending for the Excel Program, which is spent directly from bond proceeds.
² Transportation and Transit spending includes the State's contribution to the MTA's multi-year capital plans.
³ Debt service is adjusted for prepayments to reflect when payments were contractually due.

Executive Budget Capital Plan Highlights

The Capital Plan funds the capital activities of State agencies in a fiscally responsible manner, maintaining affordable levels of debt. Capital spending, which is projected to total \$21 billion FY 2026, includes investments for roadways, bridges, and transit systems; affordable and supportive housing units; economic development projects; health care facilities; and environmental protection projects. Additionally, the Capital Plan continues funding for State parks, and educational, mental health, and correctional facilities.

Major capital initiatives added or continued in the FY 2026 Executive Budget include:

- **Five-Year Department of Transportation Capital Plan.** The Executive Budget includes approximately \$6.9 billion for the fourth year of the five-year DOT Capital Plan. It also increases the overall DOT Capital Plan by \$1 billion, bringing the total size of the plan to \$34.1 billion, to support State and local road and bridge construction and transit system improvements. The DOT Capital Plan continues funding commitments to support the final phases of major infrastructure projects, including the Hunts Point Interstate Access Improvement and the replacement of I-81 in Syracuse. The plan also supports new large-scale projects, including: modernizing the Livingston Avenue Bridge in Albany; converting Route 17 to I-86 in Orange and Sullivan Counties; and assessing ways to improve road capacity at the Oakdale Merge in Suffolk County. In addition, the DOT Capital Plan includes \$1 billion for the “Bridge NY” program and \$1 billion for the Pave Our Potholes program, and it continues funding commitments to local highway and bridge programs.
- **Gateway Hudson Tunnel Project.** The Executive Budget includes the resources needed to make annual payments to fund the State’s commitment for the Gateway Hudson Tunnel Project starting in FY 2026.

The Gateway Hudson Tunnel Project consists of three elements: (i) a new two-track tunnel under the Hudson River between New York and New Jersey; (ii) the Hudson Yards Concrete Casing; and (iii) the rehabilitation of the existing Amtrak North River Tunnel under the Hudson River between New York and New Jersey. Funding for the Hudson Tunnel Project was originally expected to be split equally between the Federal government (50 percent) and the local sponsors (50 percent), consistent with a 2015 framework agreement among the Federal government, the PANYNJ, New York State and the State of New Jersey. However, additional Federal funding subsequently reduced the local sponsors’ share. The July 2024 financial projections for the Gateway Hudson Tunnel Project reflected an estimated total project cost of \$15.8 billion, with the local funding commitment for construction costs totaling \$4.1 billion, or 26 percent, allocated among the State of New Jersey, the State of New York and the PANYNJ. New York State’s capital commitment for the Hudson Tunnel Project is being funded with a USDOT RRIF loan obtained by the GDC, a bi-state public authority, which closed on July 8, 2024. The State expects to make annual payments to the GDC equal to the principal and interest on the RRIF loan as the same shall become due. Such payments are subject to annual appropriation by the State Legislature. The State has no plans to issue State-supported debt to fund its annual payment obligation to GDC. The maximum annual payments on the

RRIF loan are projected to be \$72 million when fully annualized. Such payments are substantially lower during the construction period, consistent with the terms of the RRIF loan. Principal and interest payments on the loan are projected to commence in FY 2034 after substantial completion of the project.

- **MTA 2025-2029 Capital Plan.** The Governor and Legislature are expected to work closely during budget negotiations to support and approve an MTA 2025-29 Capital Plan. Accordingly, the FY 2026 Executive Budget assumes \$32.7 billion of base funding that would be directly contributed by funding partners towards the 2025-29 Capital Plan. These assumed contributions consist of: \$3 billion from the State, \$3 billion from the City of New York, \$12.3 billion from the MTA (\$3 billion of which would be self-funded by Bridges and Tunnels) and \$14.4 billion requested from the Federal government. This base funding proposal acknowledges the need for partner commitments to support the MTA’s 2025-29 Capital Plan, while allowing additional time to work closely with the Legislature to advance additional funding as part of the budget negotiation process.
- **MTA 2020-2024 Capital Plan.** The Executive Budget continues the State’s \$3.1 billion contribution to the \$52.1 billion MTA 2020-2024 Capital Plan. The program prioritizes investments to revitalize the subway system, including improving signal technology, increasing accessibility, and addressing quality of life issues. The capital plan also makes investments in LIRR and Metro North Railroad commuter rail and bus service upgrades. A substantial amount of new funding to the MTA was authorized to fund the 2020-2024 Capital Plan, including \$15 billion from congestion pricing revenues. Congestion pricing was implemented in Manhattan on January 5, 2025.
- **Transforming John F. Kennedy Airport.** The State continues to invest in the \$19.5 billion plan to transform JFK Airport through an overhaul of the airport’s eight disparate terminal sites into one unified JFK Airport. Work will include demolishing old terminals, utilizing vacant space, and modernizing infrastructure. This investment includes \$15.6 billion in private sector funding and will increase the airport’s capacity by at least 15 million passengers annually. The first new facilities from this ongoing transformation opened in 2023.
- **Five-Year Housing Plan.** The Executive Budget continues a \$25 billion, five-year housing plan to create and preserve 100,000 affordable homes, including 10,000 homes with support services for vulnerable populations. Funding includes \$5.7 billion in State capital resources, \$8.8 billion in State and Federal tax credits and other Federal allocations, and \$11 billion to support the operation of shelters and supportive housing units and to provide rental subsidies. Additionally, the FY 2026 Executive Budget includes a \$1 billion State contribution to New York City’s “City of Yes” housing initiative, \$230 million for additional housing initiatives aimed at creating more affordable and supportive housing, and a new \$50 million round of “Resilient and Ready” capital grants to assist homeowners impacted by extreme weather events.

- **Mental Hygiene Capital Investments.** The Executive Budget continues to build on the Governor’s investments in expanding capacity to care for people with mental illness by funding an additional 100 new psychiatric inpatient beds at the Wards Island. The Budget also proposes \$75 million to modernize OPWDD’s IBR and \$18 million to renovate the Surmount campus in Tupper Lake.
- **Healthcare.** The Executive Budget invests up to \$1 billion in capital funds to supplement the existing Safety Net Transformation Program. The Budget also invests an additional \$5 million to support infrastructure improvements, modernization and safety and security for abortion access providers. Further, the budget provides for \$25 million to facilitate capital improvements at DOH- administered veteran's homes and Helen Hayes Hospital.
- **Community Development.** The Executive Budget includes new capital grants to support and encourage community development across the State, including:
 - \$100 million for the construction and renovation of community centers through NY BRICKS;
 - \$100 million for the construction and renovation of child care centers;
 - \$67.5 million for the construction and renovation of playgrounds through NY PLAYS; and
 - \$50 million in additional funding for NY SWIMS, which, including funding from FY 2025, will bring the total grant program to \$200 million.
- **Economic Development.** The Executive Budget supports continued capital investments expected to spur job creation. Specifically, the FY 2026 Executive Budget proposes:
 - \$300 million for the POWER UP Fund to create power-ready sites for advanced manufacturing and other development;
 - \$100 million to continue investing in shovel-ready sites to attract high-tech manufacturing to New York through FAST-NY;
 - \$400 million for economic and community development projects in the City of Albany, including funding for the State Museum;
 - \$90 million for the Empire AI Consortium; and
 - \$750 million to continue economic development programs, including \$400 million for the NY Works EDF; \$200 million for DRI, including NY Forward; funding to increase support for rural communities; and \$150 million for the REDC program.

- **Climate Change Adaptation and Mitigation.** The Executive Budget includes funding for investments to create a more sustainable future and to mitigate damage from and adapt to extreme weather events, including:
 - \$1 billion to reduce the State’s carbon emissions by building out thermal energy networks at SUNY campuses, making clean energy investments in State-owned buildings, retrofitting homes and incentivizing the installation of heat pumps, expanding green transportation options across the State, and supporting businesses in their decarbonization effort;
 - \$78 million for coastal resiliency projects;
 - \$30 million increase in Green Resiliency Grants to support flood control infrastructure projects;
 - \$50 million to support sustainability in New York’s dairy industry;
 - \$50 million to bolster the Resilient and Ready program, which will support low and moderate income homeowners to make resiliency improvements and assist with repairs in the event of a catastrophic event; and
 - \$50 million for the public facilities sustainability program.

- **Clean Water Infrastructure.** The Executive Budget adds \$500 million to support clean water infrastructure, raising the State’s total investment to \$6 billion. This funding will support local construction projects to improve municipal drinking water distribution, filtration systems, and wastewater treatment infrastructure.

- **Hazardous Waste Remediation.** The FY 2026 Executive Budget includes a ten-year reauthorization of the State Superfund program to clean up hazardous waste sites. Remediation is funded with a combination of funds collected from responsible parties and State resources. The Budget includes a \$1.25 billion reauthorization through FY 2035.

- **Public Safety Investments.** The Executive Budget proposes an additional \$35 million for the SCAHC program, \$15 million for Securing Reproductive Health Centers capital grants, \$50 million for law enforcement technology, and \$25 million for volunteer fire infrastructure and response equipment. Additionally, the Executive Budget includes funding to expedite the installation of fixed cameras in State prisons.

- **Higher Education.** The Executive Budget proposes \$2.2 billion in new capital funding for SUNY and CUNY, including \$834 million to maintain and preserve campus facilities, \$800 million for SUNY’s teaching hospitals, \$333 million for research facilities, \$166 million for community colleges, and \$25 million for the SUNY Green Loan Fund. SUNY and CUNY will also receive \$150 million from the Clean Water, Clean Air, and Green Jobs Bond Act to support decarbonization efforts at campuses.

- **Arts and Education.** The Executive Budget supports investments in cultural arts and education, including \$70 million for nonpublic school health and safety projects, \$40 million for arts and cultural grants administered by NYSCA, and \$34 million for library construction grants.
- **Agriculture and State Fairgrounds.** The Executive Budget proposes \$80 million for Agriculture and Markets programs, including \$53 million for renovations and new projects at the State fairgrounds, \$10 million for continued investment in the dairy industry, \$10 million to continue funding the creation of scratch kitchens, \$5 million for animal shelters and humane societies, and \$3 million for agribusiness child care centers.
- **General Government.** The Executive Budget proposes funding for the Empire State Plaza energy master plan, replacement of the Eastern Stairway at the State Capitol, and other health and safety projects at State-owned facilities. In addition, the Budget proposes \$130 million for the ITS Innovation Capital Fund and \$100 million for the Statewide equipment program.

Capital and Debt Management

The Capital Plan addresses several issues in the capital and debt program area, specifically:

- Proposing multiple reforms to increase speed and efficiency in the delivery of capital projects, including:
 - Expanding the use of alternative project delivery methods that are available to State agencies and public authorities to provide options that would be more cost-effective for project delivery depending on the project's size, nature, and timeline;
 - Increasing the discretionary purchasing thresholds of State agencies and public authorities for procurements made through certified MWBEs;
 - Providing municipalities with access to DASNY's planning, design, procurement, and construction management services;
 - Expanding the ability of State agencies and public authorities to pre-qualify vendors; and
 - Requiring a coordinated approach between the MTA and utility providers to reduce delays and project costs when utility relocations are necessary for the advancement of MTA capital projects.
- Creating a database and dashboard for capital projects, as well as a public-facing property inventory map to enhance transparency and efficiency in managing State assets.
- Dedicating cash resources in lieu of borrowing to fund capital projects. Since FY 2023, the State has added \$13.6 billion of cash resources for PAYGO capital spending, enabling the State to:
 - Avoid higher cost taxable debt issuances;
 - Avoid issuing debt for capital expenditures with short economic useful lives;
 - Meet the increased funding needs for the multi-year transportation capital plan; and
 - Maintain affordable debt levels.

- Executing \$20.5 billion of prepayments of future year debt service payments since FY 2021 has enabled debt to be retired early. The Executive Budget assumes an additional \$2 billion of prepayments will be executed in FY 2025. The prepayments provide a multi-year benefit to the Financial Plan. The following table shows the impact of prepayments on annual debt service costs.

STATE DEBT SERVICE (millions of dollars)						
	FY 2025 Projected	FY 2026 Projected	FY 2027 Projected	FY 2028 Projected	FY 2029 Projected	FY 2030 Projected
Base Debt Service	6,358	6,698	7,681	8,098	8,706	8,735
Total Prepayment Adjustment	(3,195)	(4,380)	(3,060)	(2,500)	(2,500)	0
Prior Prepayments	(3,695)	(2,380)	(2,860)	(2,000)	0	0
FY 2024 Prepayment	(1,500)	(500)	(200)	(500)	(2,000)	0
FY 2025 Prepayment	2,000	(1,500)	0	0	(500)	0
Executive State Debt Service	3,163	2,318	4,621	5,598	6,206	8,735

- Implementing several legislative changes to improve the State’s ability to manage the State’s bond issuances and debt portfolio. The Executive Budget includes legislation that would:
 - Reauthorize and permit any of the five issuers that are authorized to issue PIT bonds – DASNY, ESD, NYSTA, EFC and HFA – to issue for any capital program financed with PIT bonds. This provision would increase the number of issuers that could issue PIT bonds for any authorized purpose from three to five.
 - Amend bond cap language to be consistent across programs. State law contains bond cap authorizations that limit the amount of bonds that can be issued for specific programs (e.g., SUNY, CUNY, Transportation). The majority of the State’s 67 bond caps set a statutory limit based on the authorized amount of capital spending, which matches an associated capital appropriation. However, seven bond caps are based on the bond principal amount, which does not directly match capital appropriations. This proposal would standardize those inconsistent bond caps.
 - Authorize the State Comptroller to redeem General Obligation Bonds when doing so would result in debt service savings for the State by removing the limitation to redeem or refund bonds at a price of 103 percent of the par value or below.
- Authorizing the transfer of up to \$500 million from DRRF that could be used to reduce the State’s debt burden, maintain bond capacity under the State’s debt caps, or meet other Financial Plan goals. Potential DRRF uses include paying down existing debt and providing cash financing for capital projects that would otherwise be funded with debt.

- Continuing to sell a minimum of 50 percent of new debt issuances on a competitive basis in FY 2026, market conditions permitting. Issuing bonds on a competitive basis (a) lowers borrowing costs, (b) provides an essential benchmark for bonds sold on a negotiated basis, and (c) increases transparency related to the bond sale process. The State is projected to issue \$4.1 billion of bonds to date in FY 2025, of which 38 percent have been issued on a competitive basis to date. Over the past five years, the State has issued 45 percent of its bonds competitively, generating significant savings.
- Authorizing short-term financing for liquidity purposes during the fiscal year. In doing so, it maintains a tool to help the State manage cashflow, if needed, and more effectively deploy resources. Specifically, the authorization allows for the issuance of up to \$3 billion of PIT revenue anticipation notes which mature no later than March 31 of the fiscal year in which they are issued. Borrowed amounts cannot be extended or refinanced beyond the initial maturity. The Capital Plan does not assume the use of short-term financing for liquidity purposes. DOB evaluates cash results regularly and may adjust the use of notes based on liquidity needs, market considerations, and other factors.
- Retiring the remaining DOH Health Income Revenue Bonds. This will allow RPCI to be removed from the State borrowing program and transition to an RPCI-backed credit program. The Executive Budget proposes legislation that would remove RPCI revenues from the Health Income Fund once all DOH Revenue Bonds are paid off, which provides the flexibility for RPCI to issue bonds backed by its own revenue stream to fund capital needs.

Multi-Year Authorization to Finance MTA Assets Up To 50 Years

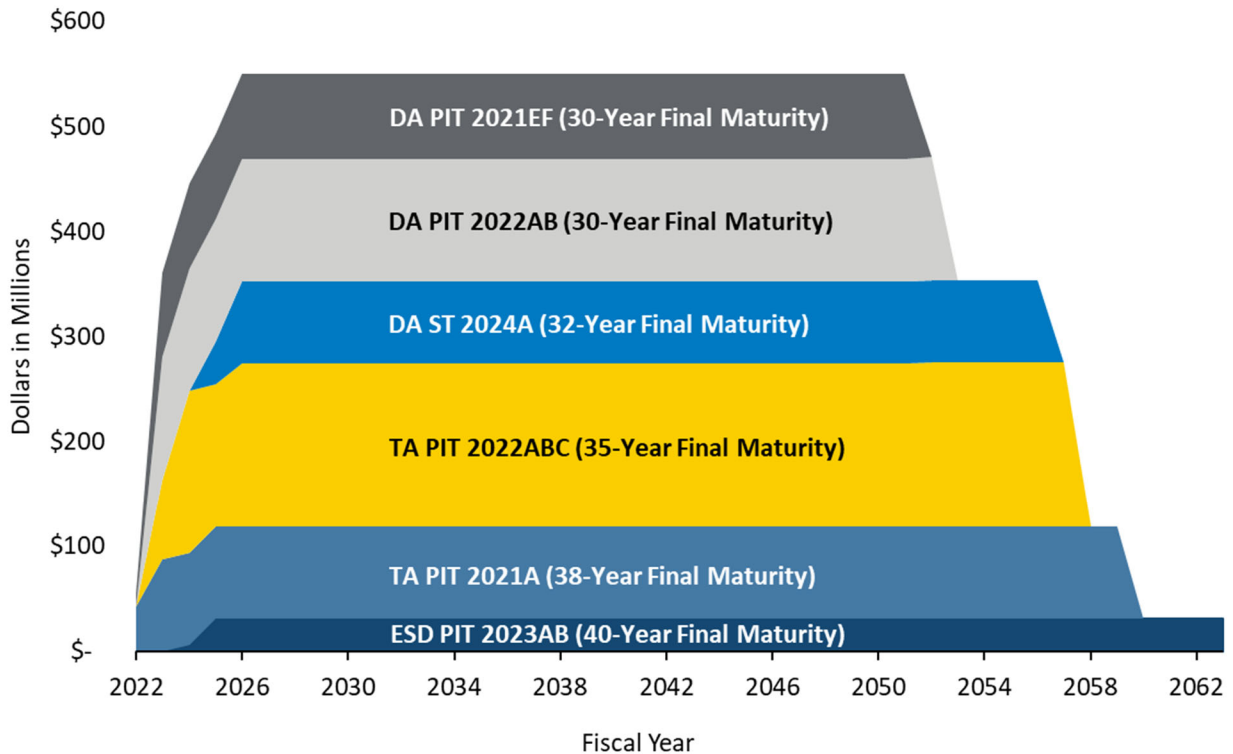

The Governor and Legislature are expected to work closely during budget negotiations to support and approve an MTA 2025-29 Capital Plan. In doing so, the State recognizes the need to finance the MTA Capital Plan responsibly by spreading the costs over the useful life of the assets. Accordingly, State law contains a three-year authorization that permits the State to finance MTA assets up to 50 years, still decades short of the useful lives of many MTA assets. For example, the State has financed \$2 billion for the East Side Access and Second Avenue subway projects, which have useful lives of 70 years. The Legislature passed a multi-year reauthorization of this provision for the first time in the FY 2025 Enacted Budget, demonstrating the State's commitment to maintaining a fiscally responsible approach when financing MTA assets.

In FY 2022, the State made a policy shift to financing MTA assets directly because the MTA was not in a position to borrow funds in the municipal bond market during the pandemic. At the same time, the State had substantially increased its contribution to MTA Capital Plans, from less than \$1 billion in the 2010-2014 Capital Plan to more than \$9 billion for the 2015-2019 Capital Plan. These factors, coupled with the long useful lives of MTA projects, prompted the State to issue PIT and Sales Tax bonds with maturities of up to 40 years to fund its capital contributions for the MTA. The State expects to continue financing MTA assets through the issuance of PIT and Sales Tax bonds with maturities of up to 50 years, provided the useful lives of the assets being financed support it. This approach is reflected in the five-year Capital Plan.

For nearly a decade, the State has been structuring its transactions, including those with MTA assets beyond 30 years, using a level debt service structure that aligns with the useful life of the assets being financed. The State consolidates the financing of its assets (e.g., buildings, roads, transit facilities) into one transaction and repays the debt service (principal and interest) in equal installments over the blended average useful life of the assets. This is consistent with the guidelines set forth in the NYS Constitution (for General Obligation Bonds), State law, and Federal tax law. This level debt structure ensures that the State pays debt back in a fair and timely manner, and applies the principle of generational equity, so that the significant costs incurred to build or reconstruct infrastructure are spread equitably over a timeframe associated with the assets' useful lives.

Since the State was first authorized to finance MTA assets for up to 50 years in FY 2022, the State has executed six bond transactions that contain long-lived MTA assets. In these transactions, the State issued a total of \$3.2 billion for MTA purposes – of which approximately \$1.7 billion included maturities between 31 and 40 years – in combination with other State projects which were financed with maturities of up to 30 years.

Debt Service Profile of Transactions Containing MTA Projects Since FY 2022

All of the transactions containing long-lived MTA assets were structured with level debt service that amortizes debt in equal annual installments, as depicted in the preceding chart. There is no “backloaded” debt service for any of the transactions containing MTA assets. Longer maturities for MTA assets in years 31-40 increase total debt service costs when the debt is repaid with interest but fairly align debt service costs with the generations that will benefit from the assets. In addition, there is a present value benefit of saving money in the early years (years: 1-30) before incurring higher costs later (years: 31-40).

The following chart shows the savings and costs related to the MTA transactions, as compared to a 30-year bond structure with level debt service. The comparison assumes the actual MTA bond transactions (term beyond 30 years) and the hypothetical 30-year bond transactions are issued on the same day and interest rate environment.

Actual Debt Service on MTA Projects Compared to 30-Year Level Debt Service

As shown in the illustration, the cost differential of issuing 40-year bonds would be offset if the benefit of investing short-term savings is included in the comparison and the State earns interest at 5.3%. For comparison, the FY 2025 STIP rate is 5.2%. Specifically, the comparison shows that financing MTA assets for longer than 30 years provided an estimated total of \$753 million in debt service savings over the first 30 years, but added an estimated \$2.1 billion in additional debt service costs in years 31 through 40. If the savings in the first 30 years were invested annually at a rate of 5.3%, it would produce an additional \$1.3 billion in savings and the transaction would break even.

Capital Projects Spending Overview

Capital projects spending from State appropriations is projected at \$21.2 billion in FY 2026 and is expected to be financed with State-supported debt (\$9.3 billion, 44 percent); State cash resources (\$7.9 billion, 38 percent); and Federal aid (\$3.9 billion, 18 percent). Transportation and transit capital spending accounts for \$8.9 billion or 42 percent of total projected spending in FY 2026. PAYGO resources dedicated to funding capital spending are expected to increase by \$850 million (8 percent) in FY 2026.

Capital spending is projected to increase by 24 percent in FY 2026. This is primarily attributable to increased investments in economic development and continuation of the five-year capital plans for housing and transportation. Over the next five years capital spending is expected to average \$20.2 billion annually.

Debt Summary

The State's debt burden (i.e., debt outstanding and annual debt service costs) is affected by the amount of bond-financed capital spending included in the Capital Plan (issuances), how rapidly debt is repaid (retirements), and the market interest rates at the time bonds are sold. In order to maintain affordable debt costs, DOB has longstanding debt practices, which include:

- **Level Debt Service:** State bond issuances are structured to achieve equal debt service payments in each year;
- **Generational Equity:** bonds are issued over the blended useful lives of the assets being financed in each sale, ensuring that the generations that benefit from an asset are responsible for paying for the asset;
- **Maximize Tax Exemption:** each bond sale is structured to comply with IRS rules to maximize the amount of bonds that can be financed on a tax exempt basis, the lowest cost of borrowing available to the State. In addition, when possible, the State dedicates PAYGO resources to avoid the issuance of taxable bonds; and
- **Limit Risk:** the State's debt portfolio has limited variable rate exposure and no derivative (swaps) exposure, which ensures that annual debt costs are not subject to rapid increases in interest rates.

The following debt projections include the debt related to bonds issued prior to the FY 2026 Executive Budget, as well as estimates of future bonded-capital spending. Capital spending is projected to increase above historic levels over the five-year plan, which results in higher bond issuances and associated debt service costs. If capital spending is lower than projected in the Capital Plan, debt outstanding and debt service estimates would also be lower.

Debt Outstanding

State-related debt outstanding is projected to total \$65.1 billion in FY 2026, an increase of \$8.5 billion (15 percent) from FY 2025. New debt issuances are expected to total \$9.9 billion in FY 2026, offset by \$1.5 billion in debt retirements. Additionally, debt outstanding reflects expected draws on the \$1.3 billion RRIF loan for the Hudson Tunnel Project. Debt outstanding and retirements have also been impacted by large debt prepayments in prior fiscal years. The annual increase in debt outstanding includes \$2.2 billion for economic development and housing, \$1.7 billion for education facilities, \$900 million for environmental facilities, \$1.1 billion for health and mental hygiene, \$565 million for State facilities and equipment, \$3.5 billion for transportation, and \$152 million for the Hudson Tunnel Project.

Over the Capital Plan period, State-related debt outstanding is projected to increase from \$56.6 billion in FY 2025 to \$96.3 billion in FY 2030, or an average increase of 11 percent annually. This reflects the impact from the reduction in debt outstanding due to large prepayments over the past four years and higher capital spending projections than historically experienced.

Debt Issuances

Debt issuances totaling \$9.9 billion are planned to finance capital project spending in FY 2026, an increase of \$4 billion (69 percent) from FY 2025. The year over year growth is largely attributable to the increase in capital spending projected in FY 2026. Bond issuances in FY 2026 will finance capital commitments for economic development and housing (\$2.2 billion), education (\$1.7 billion), the environment (\$900 million), health and mental hygiene (\$1.1 billion), State facilities and equipment (\$565 million), and transportation (\$3.5 billion).

Over the five-year Capital Plan, new debt issuances are projected to total \$51.3 billion. This reflects the application of \$13.6 billion of PAYGO to supplant bond issuances, including \$1 billion added in the FY 2026 Executive Budget Financial Plan. New issuances are expected for economic development and housing (\$11.3 billion), education facilities (\$8.7 billion), the environment (\$4.7 billion), mental hygiene and health care facilities (\$5.6 billion), State facilities and equipment (\$2.9 billion), and transportation infrastructure (\$18.1 billion).

Debt Retirements

The State expects to retire \$1.5 billion of debt in FY 2026. This reflects the impact of prior prepayments, which resulted in the early retirement (defeasance) of \$2.5 billion of bonds that had been scheduled to retire in FY 2026. Additional retirements beyond the level projected in FY 2026 are possible through debt management actions. Debt retirements are projected to average \$2.4 billion annually over the Capital Plan period.

Debt Service

State-related debt service is projected at \$2.3 billion in FY 2026, a decrease of \$843 million (27 percent) from FY 2025, which is affected by the expected prepayment of \$2 billion in FY 2025 of future debt service costs and additional prepayments in previous fiscal years. Adjusting for prepayments, State-related debt service is projected at \$6.7 billion in FY 2026, an increase of 5.4 percent from FY 2025. Over the five-year Capital Plan, adjusted debt service costs are expected to grow to \$8.7 billion in FY 2030, an average annual increase of 6.9 percent.

Debt Affordability Measures

The State’s debt affordability continues to improve as evidenced by the following measures:

- AA+ rating from all four rating agencies, the second highest credit rating.
- State debt outstanding has remained flat for the past ten years, which compares favorably to the prior ten-year growth rate in debt outstanding of 1.6 percent.
- State-related debt as a percentage of personal income has steadily declined to 3.3 percent in FY 2025, the lowest level in over 60 years and well below the historic average of 5.1 percent.

- State-related debt service, adjusting for prepayments and liquidity facilities, has averaged \$6.1 billion annually over the past ten years. In FY 2025, the State is expected to pay \$6.4 billion for debt service costs, or 2.6 percent of All Funds Receipts.
- From 2005 to the present, the State has not borrowed to fund a deficit, despite enduring two severe economic contractions (the Great Recession and the pandemic). This is the longest stretch without deficit borrowing since 1939 - 1972.

Future projections of debt affordability measures for FY 2026 through FY 2030 reflect growth in bond issuances commensurate with increased capital spending estimates. If capital spending is lower than expected, debt outstanding and debt service estimates would also be lower.

- State-supported debt outstanding is projected to remain under the statutory debt cap over the Capital Plan period, declining to an estimated low point of \$441 million in remaining debt capacity in FY 2030. Debt cap calculations exclude all issuances from FY 2021 and FY 2022.
- Adjusted State-related debt service as a share of All Funds Receipts is projected to increase from 2.6 percent in FY 2025 to 3.3 percent in FY 2030. Debt service is adjusted for prepayments to reflect when payments are contractually due.
- State-related debt outstanding as a percentage of personal income is expected to increase from 3.3 percent in FY 2025 to 4.6 percent in FY 2030. This includes the RRIF Loan to fund the State's contribution to the Hudson Tunnel Project.

Debt Reform Act Limit

The Debt Reform Act of 2000 (“Debt Reform Act”) restricts the issuance of State-supported debt funding to capital purposes only and, with certain limited exceptions for long-lived MTA projects, generally limits the maximum term of bonds to 30 years. The Debt Reform Act limits the amount of new State-supported debt to 4 percent of State personal income, and new State-supported debt service costs to 5 percent of All Funds receipts. The restrictions apply to State-supported debt issued after April 1, 2000. DOB, as administrator of the Debt Reform Act, determined that the State complied with the statutory caps in the most recent calculation period (FY 2024).

The State enacted legislation that suspended certain provisions of the Debt Reform Act for FY 2021 and FY 2022 bond issuances as part of the State’s response to the COVID-19 pandemic. Accordingly, a total of \$13 billion of State-supported debt issued in FY 2021 and FY 2022 and outstanding as of March 31, 2025, is not counted towards the statutory caps on debt outstanding and debt service.

Current projections anticipate that State-supported debt outstanding and State-supported debt service will continue to remain below the limits imposed by the Debt Reform Act. Based on the most recent personal income and debt outstanding forecasts, the available debt capacity under the debt outstanding cap is expected to decline from \$25.1 billion in FY 2025 to a low point of \$441 million in FY 2030. This calculation includes the estimated impact of funding capital commitments with State bonds. The debt service on State-supported debt subject to the statutory cap is projected at \$2.2 billion in FY 2025 inclusive of prior year prepayments, or roughly \$10.1 billion below the statutory debt service limit.

¹ Does not include debt issued prior to April 1, 2000. Does not include debt issued in FY 2021 and FY 2022 because the debt caps were temporarily suspended in response to the COVID-19 pandemic, pursuant to Chapter 56 of the Laws of 2020 and Chapter 59 of the Laws of 2021.

² Total State-supported debt service is adjusted for prepayments.

The State uses personal income estimates published by the Federal government, specifically the BEA, to calculate the cap on debt outstanding, as required by statute. The BEA revises these estimates on a quarterly basis and such revisions can be significant. For Federal reporting purposes, BEA reassigns income from the state where it was earned to the state in which a person resides, for situations where a person lives and earns income in different states (the “residency adjustment”). The BEA residency adjustment has the effect of reducing reported New York State personal income because income earned in New York by non-residents regularly exceeds income earned in other states by New York residents. The State taxes all personal income earned in New York, regardless of place of residency.

Executive Budget – Debt Cap Changes

In the FY 2026 Executive Budget, the State includes new bond-financed capital commitments that would add \$5.9 billion in new debt over the five-year Capital Plan period. The capital spending increases are offset by the FY 2026 Executive Budget personal income forecast, greater underspending on capital projects than previously assumed, changes in the timing of bond issuances, \$1 billion of new PAYGO capital spending, and reductions in debt as a result of legal defeasances to date. The State may adjust capital spending priorities and debt financing practices from time to time to preserve available debt capacity and stay within the statutory limits, as events warrant.

DEBT OUTSTANDING SUBJECT TO CAP ¹

¹ Does not include debt issued in FY 2021 and FY 2022 because the debt cap was temporarily suspended in response to the COVID-19 pandemic, pursuant to Chapter 56 of the Laws of 2020 and Chapter 59 of the Laws of 2021.

CAPITAL PROGRAM AND FINANCING PLAN

FY 2026 Capital Projects Spending

State Capital Spending

State capital spending is authorized from appropriations made in the State budget and funded with State Authority Bonds, General Obligation Bonds, PAYGO resources, and/or Federal grants. The State Capital Plan balances the need to preserve the State's assets, invest in new initiatives, and maintain a plan that is affordable. The Capital Plan limits debt issuances to a level that is expected to allow the State to remain in compliance with its statutorily imposed debt limits and maintains sufficient capital spending for core capital projects. The Capital Plan continues investments in transportation and transit infrastructure, affordable and homeless housing, economic development, environmental protection and infrastructure, and health care.

Spending on capital projects is projected to total \$21.2 billion in FY 2026. Overall, capital spending in FY 2026 is projected to increase by \$4.1 billion or 24 percent from FY 2025.

¹	Transportation and Transit spending includes the State's contribution to the MTA's multi-year capital plans.			
²	All Other category includes spending for Statewide elected offices, equipment, grants for local and community projects, and a spending offset that accounts for potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects.			
³	Represents spending for the EXCEL program which occurs directly from bond proceeds held by public authorities.			

Capital Projects Appropriations

The FY 2026 Executive Budget includes \$27.0 billion in new capital appropriations, which will be committed and spent over a multi-year period. For a complete description of how these funds will be used, please refer to the Five-Year Capital Plan section of this report.

Annual Capital Spending Disbursements and Debt Impacts

The following sections summarize total capital spending from new and existing appropriations included in the Capital Plan and the related impact on State debt.

FY 2026 Capital Spending by Function
\$21,185
(millions of dollars)

In FY 2026, transportation and transit spending is projected to total \$8.9 billion, which represents 42 percent of total capital spending. Economic development spending accounts for 12 percent, education and higher education spending accounts for 13 percent, and spending related to parks, environment, and clean energy represents 12 percent. The remaining 21 percent comprises spending for health care, mental hygiene, social welfare, public protection, education, general government, and all other (discussed later).

Transportation and transit spending is projected to increase by \$1.4 billion (18 percent) from FY 2025 to FY 2026. The growth is attributable to projected increased spending by DOT for the continuation of road and bridge projects and increased spending for local transportation programs, such as CHIPS. State spending on the MTA is expected to total \$1.3 billion in FY 2026, an increase of \$557 million, which is attributable to the continued State support for the MTA's 2020-24 Capital Plan and initial funding for the 2025-29 Capital Plan.

Parks and environment spending is estimated to increase by \$348 million (17 percent) in FY 2026, primarily reflecting spending from the clean water drinking grants program, which the FY 2026 Executive Budget proposes to increase to \$6 billion; increased capital support for State parks, including NY SWIMS; and spending from the \$4.2 billion Clean Water, Clean Air, and Green Jobs Bond Act. Additionally, the Plan reflects spending in FY 2026 from new initiatives, including: the Sustainable Future Program, NY PLAYS, and NY BRICKS.

Economic development spending is projected to increase by \$415 million (20 percent) in FY 2026. The increase is primarily attributable to regional economic development programs administered by ESD, including the Buffalo Billion program, URI, DRI and NY Forward, Lake Ontario REDI, RESTORE NY, and REDCs. FY 2026 spending also includes continued investment in offshore wind port infrastructure and supply chains, ConnectALL broadband expansion, and maintenance and improvement projects at ORDA.

Spending for health care is projected to increase by \$414 million (57 percent) in FY 2026. The increase is due to spending from Health Care Restructuring Program grant awards and spending related to five rounds of the Health Care Facility Transformation Program.

Spending for social welfare is projected to increase by \$303 million (16 percent) in FY 2026, primarily reflecting ongoing spending from the prior housing plan and the phase-in of funding from the \$25 billion housing plan, of which the State is providing \$5.7 billion in direct capital assistance.

Education spending is projected to increase by \$27 million (6 percent) in FY 2026. The increase is largely due to the implementation of additional programs included in the FY 2025 Enacted and FY 2026 Executive Budgets, and implementation delays in prior year initiatives.

Higher education spending is projected to increase by \$575 million (32 percent) in FY 2026, which is primarily related to maintaining SUNY and CUNY campus facilities in a state of good repair and making strategic investments in new facilities.

Spending for public protection is projected to increase by \$191 million (31 percent) in FY 2026. Public protection capital funding supports maintaining DOCCS, DHSES, DMNA, and DSP infrastructure. In addition, FY 2026 continues spending for capital investments in communities with high gun violence and another round of the SCAHC grant program.

Mental hygiene capital spending is anticipated to increase by \$180 million (27 percent) in FY 2026, reflecting continued investment in both inpatient and outpatient facilities.

General governmental capital spending is projected to increase by \$101 million (18 percent) in FY 2026, which includes the maintenance of State facilities and State information technology projects.

Spending in the all other category is projected to increase by \$201 million (15 percent). Total planned capital disbursements are reduced by \$2 billion, or approximately 10 percent, in each year of the Capital Plan, consistent with spending trends for the past ten years.

Financing FY 2026 Capital Projects Spending

In FY 2026, the State plans to finance 44 percent of capital projects spending with long-term bonds and 56 percent with cash and Federal aid. Most of the long-term bonds (96 percent) will be issued on behalf of the State through public authorities. All authority debt issued on behalf of the State is approved by the State legislature, acting on behalf of the people, and the issuing authority's board of directors, and in most instances, is subject to approval by PACB. Authority Bonds, as defined in the Capital Plan, do not include debt issued by authorities that are backed by non-State resources. State cash resources will finance 38 percent of capital spending. Federal aid is expected to fund 18 percent of the State's FY 2026 capital spending, primarily for transportation. Year-to-year, total PAYGO support is projected to increase from FY 2025 to FY 2026 by \$850 million, with State PAYGO increasing by \$345 million and Federal PAYGO support increasing by \$504 million. Bond-financed spending is projected to increase by \$3.3 billion, with Authority Bond spending increasing by \$3.2 billion and General Obligation Bond spending increasing by \$35 million.

FY 2026 Capital Spending by Financing Source
\$21,185
(millions of dollars)

FY 2026 Debt Issuances

Debt issuances will finance capital investments in transportation, higher education, environmental protection, economic development, and the maintenance of correctional and mental hygiene facilities. Debt issuances over the five-year period are expected to be offset by the \$13.6 billion increase in PAYGO capital spending, including \$1 billion of new PAYGO resources added in the FY 2026 Executive Budget.

The State expects to issue \$9.9 billion in debt during FY 2026 to finance existing and newly authorized capital program initiatives. Economic development and transportation projects are projected to represent approximately 57 percent of new issuances. The remaining balance is divided among education, environmental facilities, health care and mental hygiene facilities, and State facilities. The State uses three credits — PIT Revenue Bonds, Sales Tax Revenue Bonds, and General Obligation Bonds — to finance capital projects.

The State plans to sell at least 50 percent of bonds on a competitive basis in FY 2026, market conditions permitting. Issuing bonds on a competitive basis (a) lowers borrowing costs, (b) provides an essential benchmark for bonds sold on a negotiated basis, and (c) increases transparency related to the bond sale process. The State has issued \$4.1 billion of bonds to date in FY 2025, with 38 percent being issued on a competitive basis to date. These sales provided consistently low interest costs compared to negotiated bond sales, as well as lower issuance costs.

The \$9.9 billion of new issuances are expected to be sold through multiple bond sales scheduled for FY 2026 which will include \$7.1 billion of PIT Revenue Bonds, \$2.4 billion of Sales Tax Revenue Bonds, and \$413 million of General Obligation Bonds.

The following pie charts provide a distribution of projected debt issuances for new capital projects in FY 2026 by both functional area and financing program.

Debt Issuances by Program
\$9,852 Projected in FY 2026 Budget
 (millions of dollars)

Debt Issuances by Credit Structure
\$9,852 Projected in FY 2026 Budget
 (millions of dollars)

FY 2026 Debt Retirements

Retirements represent the annual repayment of principal for State-related debt. Retirements are recorded as of the date payment is due to bondholders, rather than the actual date the State makes the cash payment. For example, if principal payments are due on April 1, the bonds are considered outstanding on March 31, even if the State is contractually obligated to make payments to the bond trustee prior to that date.

The rate at which State-related debt is retired or paid off has an impact on the State’s ability to recycle debt capacity to finance new capital projects. Relatively faster amortization frees up debt capacity but increases debt service costs in the State operating budget. Over time the practice of retiring debt more quickly increases the State’s debt service burden at the expense of other purposes.

RAPIDITY OF NEW YORK STATE DEBT RETIREMENTS	
Period	Cumulative Percentage of Existing Debt to be Retired ¹
5 years	9%
10 years	36%
15 years	56%
20 years	75%
25 years	91%
30 years	98%
40 years	100%

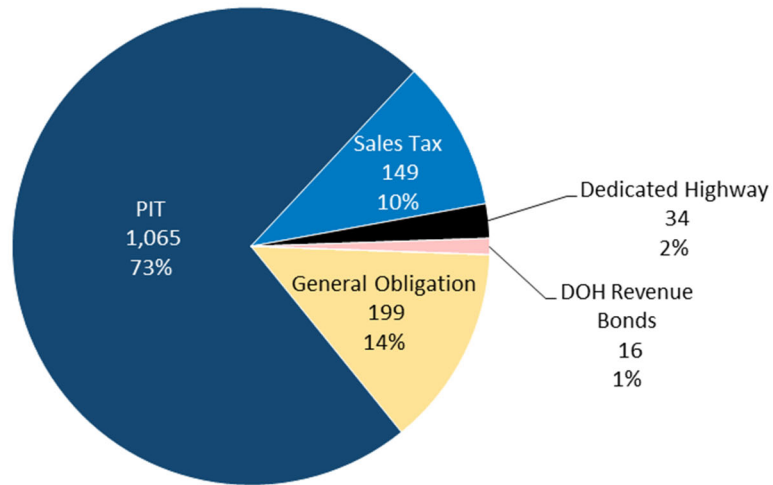

¹ Existing debt outstanding calculated as of 1/1/2025

Over the next five years, retirements of State-related debt are projected to average \$2.4 billion annually. Retirements projected in FY 2026 of \$1.5 billion are below the annual average due to the early retirement of bonds as part of debt prepayments. The following pie charts provide a distribution of projected debt retirements for FY 2026 by both functional area and financing program.

Debt Retirements by Program
\$1,463 Projected in FY 2026 Budget
 (millions of dollars)

Debt Retirements by Credit Structure
\$1,463 Projected in FY 2026 Budget
 (millions of dollars)

FY 2026 Debt Outstanding

State-related debt outstanding is projected to increase from \$56.6 billion in FY 2025 to \$65.1 billion in FY 2026. Debt issuances during FY 2026 are expected to add about \$9.9 billion in new debt, while \$1.5 billion of State-related debt is expected to be retired during FY 2026. In addition, the State finalized a service contract (i.e., financing agreement) with GDC in FY 2025 to cover the costs related to the Hudson Tunnel Project, which adds \$152 million of new debt obligations in FY 2026 and will eventually increase to \$1.3 billion in obligations in total. Projected State-related debt outstanding at the end of FY 2026 is summarized by major programmatic area and credit below.

* In FY 2022, DASNY issued Personal Income Tax Bonds to refund NYC STARC debt.

FY 2026 Debt Service

State-related debt service is projected to total \$2.3 billion in FY 2026. The State's debt service costs consist of payments to meet obligations for bonds issued over the past 30 years, as well as new debt service costs that will result from bond issuances projected to occur during the forecast period. Debt service payments due on existing debt total approximately \$2.0 billion. The remaining FY 2026 payments are for new money debt issued during the remainder of FY 2025 and in FY 2026 (\$297 million). These debt service payments reflect the amount that is expected to be paid in FY 2026 and are not adjusted for prepayments.

Bond-financed capital investments, primarily for transportation, education, and economic development, account for most of the State's debt service costs. The majority of debt service costs are for bonds approved by the Legislature, on behalf of the people, and issued on the State's behalf by public authorities. As the State issues bonds under the PIT and Sales Tax credit structures, debt service for service contract bonds will decline, while PIT and Sales Tax Revenue Bond debt service will increase.

The following charts summarize debt service costs by both program area and financing program.

Debt Service by Program
\$2,319 Projected in FY 2026 Budget
 (millions of dollars)

Debt Service by Credit Structure
\$2,319 Projected in FY 2026 Budget
 (millions of dollars)

* In FY 2022, DASNY issued Personal Income Tax Bonds to refund NYC STARC debt.

FIVE-YEAR CAPITAL PLAN

Total	17,046	21,185	21,438	20,644	19,602	18,206

¹ All Other category includes spending for Statewide elected offices, equipment, grants for local and community projects, and a spending offset that accounts for potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects.

² Represents spending for the EXCEL program which occurs directly from bond proceeds held by public authorities.

Over the five years of the Capital Plan, capital spending is projected to total \$101 billion, the majority of which will support transportation and transit projects (45 percent).

Five-Year Capital Spending by Function
(millions of dollars)

Five-Year Capital Spending by Financing Source
(millions of dollars)

Transportation and Transit

The FY 2026 Executive Budget reflects the fourth year of a \$34.1 billion, five-year DOT Capital Plan that will improve the State's roads, bridges, airports, rail facilities, ports, and other transit systems. The DOT Capital Plan, which covers the period from FY 2023 to FY 2027, provides almost \$6.9 billion in FY 2026 and includes funding from both State and Federal resources. Funding includes \$800 million to restore the purchasing power lost to rising construction costs and ensure that planned projects remain on track.

For FY 2026, the DOT Capital Plan includes \$638 million for the CHIPS and Marchiselli local highway and bridge programs; \$100 million for Extreme Winter Recovery; \$140 million for State Touring Routes; \$45 million for freight and passenger rail; and \$27 million for aviation. The Capital Plan also commits \$150 million in local highway aid through the PAVE NY program and includes an additional \$200 million to fund Pave Our Potholes, a State and local program that commits \$1 billion over the five-year plan. The Capital Plan also includes \$200 million to fund local bridge projects from the BRIDGE NY program as part of a \$1 billion total commitment over the five-year plan.

The FY 2026 Executive Budget includes \$220 million in non-MTA transit capital assistance appropriations: \$120 million that was previously scheduled for FY 2026 in the DOT Capital Plan, and an additional \$100 million, which includes \$20 million to continue aiding local transit agencies with the transition to electric buses. This is part of a five-year, \$824 million investment in non-MTA transit services that began in FY 2023.

Also included is a \$25 million appropriation for planning and design of improvements to Hudson Valley rail service between New York City and Poughkeepsie, including projects such as a second track at Spuyten Duyvil; interlocking, signaling and trackwork at Croton Harmon; and capacity improvements at Poughkeepsie Yard.

The Governor and Legislature are expected to work closely during budget negotiations to support and approve a 2025-2029 MTA Capital Program. Accordingly, the FY 2026 Executive Budget assumes \$32.7 billion of base funding that would be directly contributed by funding partners towards the 2025-2029 Capital Program. These assumed contributions consist of: \$3 billion from the State, \$3 billion from the City of New York, \$12.3 billion from the MTA (\$3 billion of which would be self-funded by Bridges and Tunnels) and \$14.4 billion requested from the Federal government. This base funding proposal acknowledges the need for partner commitments to support the MTA's 2025-2029 Capital Plan, while allowing additional time to work closely with the Legislature to advance additional funding.

In addition, the FY 2026 Executive Budget continues the State's \$3.1 billion contribution to the MTA's 2020-2024 Capital Program. The Program will increase accessibility by making 70 additional subway stations ADA-accessible so that stations serving over 60 percent of passengers will be fully accessible. The Program also advances several major construction projects, including:

- Phase 2 of the Second Avenue subway, which will extend the Q line into East Harlem and Harlem and will provide three new fully ADA compliant stations.
- Penn Station Access, which will carry New Haven line passengers and East Bronx passengers directly into Penn Station.
- East Side Access, which brought the LIRR into Grand Central Madison, a new concourse below Grand Central Terminal.
- LIRR third track, which added 10 miles of mainline between Floral Park and Hicksville, providing additional capacity and shortened service disruptions for 41 percent of LIRR ridership.

Parks and Environment

Over the course of the Capital Plan, environment and parks capital spending will continue to support climate change mitigation efforts; conservation of environmental resources; clean water and wastewater infrastructure needs; on-going improvements to parks and public lands; and the continued cleanup of environmentally hazardous areas, in addition to many other capital and infrastructure needs throughout the State.

The Capital Plan includes \$400 million in funding for the EPF for FY 2026. Annual spending from the EPF is projected to increase to \$390 million in FY 2026, and \$400 million per year thereafter. The EPF finances a variety of environmental projects and is funded through several revenue sources including RETT, unredeemed deposits on cans, bottles and containers, and a transfer from the General Fund. Additional miscellaneous environmental receipts to the EPF include wetland permit applications, pesticide applications, and water withdrawal fees; freshwater wetland, mineral resource, hazardous waste, and electronic waste fees; and interest from the sale and lease of surplus property.

The Capital Plan includes \$125 million in FY 2026 funding for the newly reauthorized, ten-year State Superfund Program. Additionally, the plan advances \$500 million for clean water infrastructure funding, which continues the State's commitment to the development of clean drinking water and wastewater infrastructure, as well as source water protection.

Also included is a new round of appropriations under the NYW program, which will provide \$90 million to DEC for flood control, air monitoring infrastructure, the improvement of campgrounds, the repair and maintenance of dams, stewardship of public lands, and the rehabilitation of fish hatcheries. The Executive Budget will also provide \$200 million to support OPRHP's core capital projects budget, \$50 million to continue the NY SWIMS initiative, \$67.5 million for the NY PLAYS initiative, and \$100 million to launch the NY BRICKS initiative.

DEC is expected to spend \$1.8 billion in FY 2026 to meet health and safety requirements; ensure compliance with state and federal environmental mandates; maintain and upgrade campgrounds, environmental centers and camps, fish hatcheries, and other State-owned facilities; maintain flood control structures; fund wastewater and drinking water infrastructure; and fund shore protection projects for communities threatened by coastal erosion.

The FY 2026 Capital Plan also includes a new \$1 billion appropriation to address the climate crisis. This funding is expected to benefit New Yorkers by retrofitting homes and incentivizing the installation of heat pumps, building out thermal energy networks, and expanding green transportation. This investment is intended to create jobs, improve long-term energy affordability, and cut down on harmful pollution and its impacts.

The Capital Plan also includes a \$50 million appropriation to support the implementation of Executive Order 22. Investments will be made to supplement public facilities' decarbonization efforts and provide resources to implement procurement practices that prioritize sustainable and climate-resilient design practices.

Economic Development

Economic development spending will support capital projects and programs intended to create jobs, increase economic activity, and retain and attract businesses to the State.

The Capital Plan includes over \$1.75 billion in new appropriations for regional economic development initiatives. The new funding provides: \$150 million for competitively determined economic development projects through REDCs; \$400 million for the NYW EDF; \$110 million for ORDA; \$100 million for NY Forward; \$100 million for a new round of DRI; \$8 million for Market New York projects; \$250 million for the redevelopment of State-owned sites for housing; \$400 million for investments in the City of Albany, including \$150 million for the State Museum; \$100 million for the POWER UP program; \$90 million for Empire AI; \$50 million to support intermodal infrastructure investments in Suffolk County, Long Island; and \$43 million for other regional capital projects.

The Capital Plan maintains over \$12 billion in reappropriated capital funding for various economic development and regional initiatives, including: URI; Transformative Investment; REDC and high technology initiatives; grants for communities affected by correctional and youth facility closures; statewide competitive grant programs; specific downstate regional initiatives; and upstate city-by-city projects. Funding is also included for cultural facilities, university development, and environmental and energy projects.

The Capital Plan also includes \$52.5 million in new appropriations and \$53 million in reappropriations to make improvements to the historic New York State Canal System as it enters its third century of operation.

Health

The FY 2026 Executive Budget builds upon the existing Safety Net Transformation Program, investing \$1 billion to support capital improvements and provide regulatory flexibility for Safety Net Hospitals and their partners. Additionally, the FY 2026 Executive Budget invests an additional \$5 million to support the Reproductive Health Care Improvement Program, which will provide capital grants to eligible reproductive health centers in support of projects that promote the modernization, enhanced safety and security, and financial viability of abortion care in the State.

The Capital Plan also includes projected grant disbursements from the existing \$1.2 billion Capital Restructuring Financing program as well as Statewide Health Care Facility Transformation programs (\$3.8 billion) and Kings County Transformation (\$700 million).

The Capital Plan continues \$355 million in additional health care capital funding reappropriated from the SIA to support health care facility transformations. This builds on \$1.6 billion in HEAL NY grants, which started in FY 2006. Including FY 2026 investments, health care providers will have received \$10.5 billion in capital support over the last eighteen years.

The Capital Plan continues to provide support for the SHIN-NY and APD programs, as well as other health care IT initiatives. Additionally, the capital program supports maintenance and improvements of laboratories and institutions operated by DOH, and the Federal Safe Drinking Water Program. This includes an investment of \$1.7 billion to reconstruct WCLR, which is expected to break ground during FY 2026. The Capital Plan also continues \$2 million in annual funding to support laboratory testing of drinking water in underserved and rural communities to combat emerging contaminants, otherwise known as "forever chemicals."

The FY 2026 Executive Budget also proposes an annual investment of \$5 million under DOH to support the modernization and enhancement of the four Veterans' Homes administered by DOH, as well as the Helen Hayes Hospital. This funding will supplement the \$5.5 million capital subsidy received by these facilities on an annual basis, and will be used to support capital projects that enhance the safety and security, quality of care, staff recruitment and retention, and overall financial stability of these institutions.

Further, the budget continues \$9 million in capital projects support for Public Health Information Technology projects.

Overall, spending for health care capital is projected to increase by approximately \$414 million from FY 2025 to FY 2026. This increase is primarily due to the new grants for reproductive health providers, as well as an increase in disbursements related to the Statewide IV and V programs, the Safety Net Transformation Program, and the WCLR reconstruction initiative.

Housing and Social Welfare

Capital spending for social welfare supports HHAP grants administered by OTDA, the preservation and maintenance of youth facilities operated by OCFS, and programs administered by HCR to create and preserve affordable housing units across the State.

The Capital Plan continues the State’s share of the multi-year \$25 billion investment to create and preserve 100,000 affordable homes, including 10,000 homes with supportive services for vulnerable populations, and to electrify an additional 50,000 homes. Additionally, the Governor committed more than \$1 billion in capital over five years to support the City of New York's City of Yes for Housing Opportunity program to develop more housing. The FY 2026 Executive Budget also invests \$100 million as part of the Child Care Construction Fund, and \$25 million in new funding to preserve units in HHAP.

Education

Education capital spending includes the costs of the Smart Schools General Obligation Bond Act, funding for the SED capital plan, and the EXCEL program.

Current estimates in the Capital Plan project that the State will spend approximately \$1.5 billion over the upcoming five-year period for SED's capital projects. This projection includes: \$599 million for the Smart Schools Bond Act; \$375 million for nonpublic school health and safety projects, including maintenance of nonpublic schools' facilities; \$120 million for public library construction projects; \$86 million for renovation projects at State-owned schools on Native American reservations; \$69 million for health and safety projects at the State-supported schools for the blind and deaf; \$64 million for infrastructure improvements and minor rehabilitation projects at the Rome School for the Deaf, Batavia School for the Blind, the Cultural Education Center, and the Education Building; \$59 million for the Cultural Education Storage Facility; \$22 million for the development of a State aid data system; \$21 million to support personal service and other costs associated with staff whose duties include the maintenance, preservation, and operation of SED facilities; \$17 million for the ongoing development of an electronic licensing system for the Office of the Professions; \$15 million for Smart Schools nonpublic school projects; \$11 million for safety and security upgrades at nonpublic schools, day cares, community centers, and residential and day camps; \$10 million for the State Longitudinal Data System, and \$22 million for other projects.

The FY 2026 Capital Plan expands SED's capital budget by providing \$159 million in new capital appropriations to support: nonpublic school health and safety projects, including repair and maintenance of nonpublic schools' facilities (\$70 million); construction projects at public libraries (\$34 million); maintenance projects at SED's other State-owned facilities (\$23 million); rehabilitation and renovation projects at State-owned schools on Native American reservations (\$20 million); rehabilitation and renovation projects at the School for the Blind and the School for the Deaf (\$7 million); and personal service and other costs associated with staff whose duties include the maintenance, preservation, and operation of SED facilities (\$4 million).

Overall spending for education capital projects is projected to increase by \$27 million in FY 2026. The increase is largely due to the implementation of additional programs included in the FY 2025 Enacted and FY 2026 Executive Budgets, and implementation delays in prior year initiatives.

Higher Education

Higher education capital spending includes the costs of the SUNY and CUNY capital plans as well as funding for private colleges and universities through the HECap Program.

The Capital Plan provides SUNY and CUNY with \$8.0 billion in new appropriations over the five-year period. New capital funding will allow the university systems to maintain existing capital infrastructure, as well as advance new capital investments.

The five-year plan includes \$4.2 billion to support maintenance at SUNY State-operated campuses and CUNY senior colleges (\$2.8 billion for SUNY and \$1.4 billion for CUNY) and \$586 million to match local sponsor funding for community college capital projects. The plan also includes \$650 million in State-supported capital for modernization and revitalization of SUNY hospitals (\$450 million Downstate, \$200 million Upstate) and \$333 million for research facilities at SUNY (\$200 million) and CUNY (\$133 million) four-year institutions. Other expenses in the five-year plan include: \$1.2 billion for SUNY maintenance and operations positions; \$404 million for CUCF, DASNY, and SUCF operations; \$400 million for SUNY residence hall projects funded with dorm fees; \$150 million for routine maintenance projects at SUNY hospitals funded with hospital revenue; \$25 million to establish the Green Energy Loan Fund at SUNY to finance campus energy conservation projects; and \$5 million in authority for federally directed capital spending.

For FY 2026, the Executive Budget provides \$2.1 billion in new bonded spending authority, which includes: \$800 million for SUNY hospitals (\$500 million Downstate, \$250 million Upstate, \$50 million Stony Brook), \$750 million for SUNY State-operated campuses, \$417 million for CUNY senior colleges, and \$166 million for community colleges (\$131 million SUNY, \$35 million CUNY).

The Capital Plan assumes \$2.4 billion in FY 2026 disbursements for higher education capital expenses. Of this amount, SUNY is projected to spend \$1.6 billion, which includes: \$1.1 billion for the State-operated campuses and hospitals; \$86 million for community colleges; \$55 million for educational facility projects supported by non-State funds (i.e., grants and donations); \$125 million for dormitory-related projects; \$31 million for SUCF administration; \$235 million for staff whose job duties include the maintenance, preservation, and operation of facilities; \$5 million for SUNY Green Energy Loan Fund projects; and \$1.5 million for federally funded capital projects. CUNY is projected to spend \$731 million in FY 2026 for capital projects, including \$686 million for senior colleges and community colleges, as well as \$45 million for operating costs supported by the General Fund. Additionally, the HECap Program is expected to disburse \$40 million during FY 2026 in support of capital projects at private colleges and universities.

Overall spending for higher education capital projects is projected to increase by \$575 million from FY 2025 to FY 2026.

Public Protection

Capital spending for public protection agencies will preserve and maintain infrastructure at DOCCS correctional facilities, and facilities operated and maintained by DHSES, DMNA, and DSP.

The FY 2026 Executive Budget includes the following investments:

- Continues \$50 million grant program to meet the needs of communities impacted by gun violence by supporting crime-reduction strategies.
- \$400 million in funding to accelerate the installation of the fixed camera system and associated technology across all correctional facilities.
- \$40 million in funding to support a multi-year construction of a new DMNA 42nd Infantry Division Headquarters.
- \$35 million in funding to support a new round of the SCAHC grant program. These grants provide funding for safety and security for organizations at risk of hate crimes or attacks because of their ideology or beliefs.
- \$30 million in additional DMNA capital to support armory projects, including an addition to the Saratoga Military Museum.
- \$25 million in funding for a new round of the Volunteer Fire Infrastructure and Response grant. This program provides funding to volunteer-only fire districts for facility construction, renovation costs, or equipment.
- \$10 million in additional DCJS capital for a New York State Crime Analysis and Joint Special Operations Command Headquarters.
- \$3 million in continued funding to support preventative maintenance projects at the Academy of Fire Science and State Preparedness Training Center facilities.

Mental Hygiene

The Capital Plan continues to fund projects to preserve and maintain institutional and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS.

The Capital Plan provides resources to renovate and maintain community-based residential and non-residential services, and State-operated inpatient and residential services. Specifically, the Capital Plan supports projects for OPWDD’s residential and day programs to meet safety standards, and the development of new community-based settings. The Capital Plan also provides resources to OASAS to renovate and maintain community-based addiction services in residential and non-residential settings, and State-operated inpatient and residential services. Furthermore, the Capital Plan provides funding for improvements to OMH's inpatient campuses, community residential sites, and non-residential community programs.

General Government

General government capital spending in FY 2026 includes: construction, rehabilitation, consolidation, and renovation of State office buildings to maintain asset value, achieve space efficiencies, and reduce operational costs; an ongoing commitment to sustainability through the procurement of zero-emission light duty vehicles; systems modernization projects to enhance agency workflow and accessibility; and IT systems modernization and improvement efforts designed to implement enterprise solutions that enhance service delivery.

The FY 2026 Executive Budget continues to invest funding in State government facility infrastructure projects including:

- ESP infrastructure projects to prevent mechanical failures, structural vulnerabilities, and power outages;
- Various projects to ensure the health and safety of employees and visitors;
- Recurring maintenance funding to address projects across the State; and
- Performing energy conservation projects for OGS owned and operated office buildings across the State.

The FY 2026 Executive Budget also provides funding for the ongoing electrification of the State fleet by 2035. This annual funding is estimated to grow as the percentage of zero-emission vehicles purchased by the State increases through 2035.

Spending for ITS will continue to enhance the State's cyber posture, streamline business operations, and improve project delivery.

All Other

Spending for agencies in the All Other category supports capital investments for the SIA; SAM, CREST, and LOCAP grant programs; statewide equipment, systems development and upgrades; the Arts and Cultural Facilities program; Lake Ontario REDI program; and capital projects for the Judiciary, the Department of Law (Attorney General), and OSC. Additionally, All Other spending includes a spending adjustment to accommodate potential under-spending projected to occur as a result of normal timing related to the delivery of capital projects as well as the implementation of capital efficiency plans at State agencies and authorities.

State and Municipal Facilities

The Capital Plan retains \$1.75 billion in reappropriations for the State and Municipal Facilities Program. Entities eligible to receive grants under this program include: State agencies, local governments (e.g., counties, cities, towns, and villages), MTA, SUNY and CUNY senior and community colleges, private nonprofit colleges and universities, public school districts, public housing authorities, public libraries, fire districts, and other entities.

Similar to other State funded grant programs, non-State entities receiving funds through the State and Municipal Facilities Program must be qualified for eligibility through the NYS Grants Gateway, which includes a vetting process to determine organizational integrity, capacity to administer grants, and legal compliance. Additionally, the program administrator (DASNY) performs an independent review and certification process to assess a potential grantee's: (i) grant history, (ii) institutional and employee integrity, (iii) compliance with all NYS laws and regulations, and (iv) fiscal responsibility and resources.

Community Resiliency, Economic Sustainability, and Technology Program

The Capital Plan includes \$1.1 billion in reappropriations for the Community Resiliency, Economic Sustainability, and Technology Program. Grants under this program will be awarded to qualifying capital projects at civic facilities that support arts, cultural, athletic, housing, child care, educational, parks and recreational, transportation, port development, economic development, workforce training, employment development, tourism, community redevelopment, climate change mitigation, resiliency, environmental sustainability, and other civic activities.

Local Community Assistance Program

The Capital Plan retains \$278 million in reappropriations for the Local Community Assistance Program. Grants under this program will be awarded to municipal and state governmental entities, public authorities, and not-for-profit corporations for eligible capital expenses related to community development or redevelopment, revitalization, economic development, economic sustainability, arts and cultural development, housing, public security and safety and local infrastructure improvement or enhancement.

All Other (Continued)

State Equipment

The Capital Plan retains \$581 million in reappropriations for the Statewide equipment financing program. In addition, the Capital Plan includes a new \$100 million appropriation to acquire and modernize State equipment. This centralized approach to equipment acquisition allows the State to allocate capital funding based on an enterprise-wide assessment of agency needs. Equipment purchases may include the acquisition and/or modernization of information systems, health and safety equipment, heavy equipment and machinery, security systems, and laboratory equipment.

Arts and Cultural Facilities

The Capital Plan provides \$40 million in new appropriation authority and retains \$151 million in reappropriations to support capital grants to nonprofit arts and cultural organizations. These programs focus on improving the quality, efficiency, and accessibility of the facilities of arts and cultural organizations.

Lake Ontario REDI

The Capital Plan retains \$10.5 million in reappropriations to support the 2019 REDI program, which was created in response to the extended pattern of flooding along the shores of Lake Ontario and the St. Lawrence River. REDI and the Lake Ontario Business Resiliency Program intends to address the immediate and long-term resiliency needs of these areas while also enhancing economic development opportunities and the health of the lake.

Special Infrastructure Account

The SIA will continue to support a wide range of projects throughout the State. The Capital Plan retains \$1.9 billion in capital reappropriations, including a \$1.2 billion reappropriation for the Pennsylvania Station Area Civic and Land Use Improvement Project.

Financing Sources of Capital Projects Spending

The State issues bonds (both directly and through public authorities) and uses Federal and State PAYGO resources to finance capital spending. All bonds issued through public authorities on behalf of the State are approved by the Legislature, on behalf of the people. Since 1976, all State-related debt, except General Obligation Bonds, has been subject to more rigorous approval processes, including PACB and authority boards. The amounts for All Governmental Funds spending include both those capital project disbursements that are reflected in the Comptroller's accounting system, and those disbursements which would have formerly been made directly from bond proceeds which had been reflected only in GAAP accounting statements. Over the plan, 52 percent of capital spending is projected to be financed with authority-issued bonds and General Obligation Bonds, and 48 percent is projected to be financed with State and Federal PAYGO resources.

Authority Bond Financing

The State's PIT Revenue Bonds and Sales Tax Revenue Bonds, the State's principal vehicles for financing capital projects, are currently issued by three public authorities, DASNY, ESD and NYSTA, on behalf of the State. Other State-supported bonds, excluding General Obligation Bonds, have been issued by public authorities in prior years.

Authority bond-financed capital spending is reimbursed from the proceeds of bonds sold by State public authorities pursuant to contractual agreements with the State. Reimbursements are managed to maximize efficient financing of capital projects from State resources. Factors affecting the timing of reimbursement of State expenditures include the availability of existing bond proceeds, bond market access, investment terms, and State cash flow considerations.

Over the Capital Plan period, approximately 51 percent of total spending will be financed with authority bond proceeds. The State expects to use State PIT and Sales Tax Revenue Bonds as the financing vehicles for the vast majority of bond-financed spending.

- **State PIT and Sales Tax Revenue Bonds** will be issued for the following purposes:
 - **Economic Development and Housing.** Housing, REDCs, and other regional economic development initiatives (FY 2026 issuances of \$2.2 billion).
 - **Education.** SUNY and CUNY, EXCEL, SED, and HECap (FY 2026 issuances of \$1.7 billion).
 - **Environment.** Clean Water Infrastructure Act, State Revolving Fund, State Superfund Program, EPF, State Parks, and other environmental projects (FY 2026 issuances of \$900 million).
 - **Health Care.** Health Care Facilities Transformation Program, as well as capital projects to preserve and maintain both State and community-based facilities operated and/or licensed by OMH, OPWDD, and OASAS (FY 2026 issuances of \$1.1 billion).

- **State Facilities and Equipment.** Correctional facilities, youth facilities, State office buildings, OCFS, DHSES, and State Police capital (FY 2026 issuances of \$565 million).
- **Transportation and Transit.** State and local transportation infrastructure, including the CHIPS program, and projects at the MTA (FY 2026 issuances of \$3.5 billion).

The estimated debt service coverage ratios for PIT and Sales Tax Revenue Bonds for FY 2025 through FY 2030 are shown in the following tables.

Projected Sales Tax Coverage Ratio	7.1	6.5	6.0	5.5	5.2	5.0

General Obligation Bond Financing

The State finances a portion of its capital projects with General Obligation Bonds. Over the Plan period, the State expects that \$1.6 billion of General Obligation Bonds will be issued to fund projects authorized pursuant to the Smart Schools Bond Act, Rebuild and Renew New York Transportation Bond Act of 2005 and other transportation purposes, and the Clean Water, Clean Air and Green Jobs Environmental Bond Act of 2022 and other environmental bond acts.

General Obligation Bonds must be approved directly by the voters at a general election. Only one General Obligation offering, limited to a single work or purpose, may be voted on in a general election. General Obligation bond-financed spending accounts for approximately 2 percent of total spending over the Capital Plan. The Capital Plan assumes the continued implementation of ten previously authorized bond acts (five for transportation, four for environmental and recreational programs, and one for education), as well as spending for the \$4.2 billion Clean Water, Clean Air, and Green Jobs Bond Act that was approved by voters in November 2022.

State and Federal PAYGO Sources and Uses

State PAYGO resources include: taxes collected in the General Fund; other taxes and user fees set aside or dedicated for specific capital programs; repayments from local governments and public authorities for their share of projects; and transfers from other funds, including monetary settlements from the General Fund. Over the five-year Plan, State PAYGO resources are expected to support 28 percent of total spending. Federal PAYGO resources support spending financed by grants from the Federal Government, primarily for highways and bridges, drinking water and water pollution control facilities, and constitute 19 percent of total spending over the Capital Plan.

The DHBTF receives revenue from motor vehicle fees, the petroleum business tax, the motor fuel tax, the highway use tax, the auto rental tax, utilities taxes, and miscellaneous transportation-related fees. Receipts deposited into the DHBTF are used to pay debt service on transportation bonds, finance capital projects on a PAYGO basis, and pay certain operating expenses of transportation agencies. A detailed accounting of the sources and uses of the DHBTF can be found in the "Detailed Data" section of the Capital Plan.

Capital spending supported by General Fund receipts is funded with a transfer to various capital projects funds. The General Fund is projected to transfer, on average, \$3.5 billion annually over the Capital Plan period to finance capital spending on projects administered by DOT, OGS, HCR, DEC, OPRHP, DOCCS, the Department of Mental Hygiene, and other State agencies. Furthermore, the General Fund is expected to transfer an average of \$572 million annually from FY 2026 to FY 2030 to the DHBTF. Capital transfers also include, on average, \$225 million annually from the General Fund to the DIIF.

State PAYGO resources, derived primarily from statutorily dedicated revenues that finance projects for environmental and recreational purposes, are projected to average approximately \$656 million annually. In addition to receipts that will be deposited annually into the Hazardous Waste Remedial Fund, the EPF will continue to receive annual deposits from the RETTs for a total of \$1.3 billion over the Capital Plan period. In addition to RETT revenues, over the Capital Plan period, the EPF is

expected to receive \$115 million from unclaimed deposits from the Bottle Bill, \$25 million in RGGI funds, \$3 million in Waste Tire funds, and \$491 million from General Fund transfers. The EPF also receives receipts from pesticide applicator fees, wetland permits, water withdrawal fees, and other miscellaneous receipts totaling approximately \$20 million annually. These taxes and miscellaneous receipts will support PAYGO portions of projects advanced from the EPF.

The SPIF will finance about \$87 million annually in improvements to the State's Park system from park fees and other miscellaneous revenues.

Federal grants support 19 percent of total capital spending over the Capital Plan. The largest components of Federal PAYGO spending over the Capital Plan are for transportation (\$14.7 billion) and the environment (\$2.3 billion). Federal PAYGO spending is projected to average \$3.9 billion per year, with an average \$2.9 billion annually spent on transportation.

Federal authorizations in the IIJA are expected to provide \$13.6 billion in Federal funding from the IIJA, of which \$5.9 billion is expected to flow through the State budget, primarily for road and bridge projects, and \$7.7 billion is to be disbursed by public authorities, primarily the MTA, and local governments. In total, the State is expected to receive funding for the following programs:

- Roads, Bridges, and Major Projects (\$4.8 billion);
- Public Transit (\$4.1 billion);
- Clean Water, Weatherization, and Resiliency (\$3.2 billion);
- Broadband Access (up to \$800 million); and
- Airports (\$685 million).

Additionally, the State was allocated \$346 million from the Coronavirus Capital Projects Fund, which was included in ARPA. This funding is expected to be used to support the ConnectALL initiative to provide affordable broadband access to New York residents in rural and urban areas.

Finally, the Inflation Reduction Act ("IRA," PL 117-169), which was signed into law in August 2022, makes New York (and other States, municipalities, and tax-exempt entities and organizations) eligible to receive the value of new and extended clean energy tax credits as elective payments. This program provides funding for clean energy production and investment projects, including:

- Installation of energy facilities (e.g. biogas projects, solar);
- Conversion of vehicle fleets to electric/hybrid;
- EV charging station deployment;
- Use of renewable fuels, such as biodiesel; and
- Energy efficient building design and construction.

The Executive Budget includes a \$10 million capital appropriation to disburse funds from this program, which are expected to be received in FY 2026.

AGENCY CAPITAL PROGRAM PLANS

The Agency Capital Program Plans section provides a narrative description of the capital investment recommendations of agencies for the FY 2026 through FY 2030 period. This section of the Plan is organized programmatically. Each program area begins with a functional overview, followed by each agency's narrative description.

Transportation

New York's diverse transportation system plays a crucial role in the State's economy. The State has 240,000 lane miles of roads, 17,600 highway bridges, 4,100 railroad miles, 129 public use airports, 12 major ports, and over 100 public transportation operators. These public assets are managed and maintained by an integrated network of State agencies, public authorities, local governments, and private entities.

Department of Transportation

DOT is responsible for maintaining and rehabilitating the State's system of highways and bridges, which includes approximately 44,475 State highway lane miles and 7,700 State highway bridges. Private contractors perform major construction and repair work, while DOT provides seasonal maintenance and repair. The Department also oversees and funds programs that help defray local capital expenses associated with road and bridge projects, including the State-funded CHIPS and Marchiselli programs and Federal aid spent on local infrastructure.

The FY 2026 Executive Budget provides \$6.9 billion of funding for the fourth year of the current five-year DOT capital plan, which covers the period from FY 2023 to FY 2027. These funds will be used to improve highways, bridges, rail, aviation infrastructure, non-MTA transit, and DOT facilities. Funding includes \$800 million to restore the purchasing power lost to rising construction costs and ensure that planned projects remain on track. The FY 2026 plan also includes \$200 million to repair and replace local bridges through the BRIDGE NY program, and an additional \$200 million to fund the Pave Our Potholes program. The capital plan also includes \$150 million for local road construction through the PAVE NY program. Funding for local highway and bridge projects under the CHIPS and Marchiselli programs is maintained at the FY 2025 level of \$638 million. Other core appropriations include \$10 million for rail investments, \$44 million for Amtrak service subsidies, and \$14 million for aviation projects. The New York Works program will provide additional funding for rail improvements (\$35 million) and aviation projects (\$13 million).

The FY 2026 Executive Budget includes \$220 million in non-MTA transit capital assistance appropriations: \$120 million that was previously scheduled for FY 2026 in the DOT Capital Plan, and an additional \$100 million, which includes \$20 million to continue aiding local transit agencies with the transition to electric buses.

Preventive and on-demand maintenance remains a primary focus for DOT. Preventive maintenance extends the life of a road or bridge and is a cost-effective alternative to major reconstruction. For highways, the goal of keeping water and other materials away from the base of the highway is accomplished through activities such as crack sealing, pothole repair, joint repair, and drainage repair. Painting, washing, repairing joints, and maintaining drainage are key elements to extending the lives of State bridges. In addition to maintenance activities supported through highway and

bridge construction contracts, the Executive Budget includes \$466 million for non-winter preventive and on-demand maintenance activities, equipment, and facilities in FY 2026.

Metropolitan Transportation Authority

The Governor and Legislature are expected to work closely during budget negotiations to support and approve a 2025-29 MTA Capital Plan. Accordingly, the FY 2026 Executive Budget assumes \$32.7 billion of base funding that would be directly contributed by funding partners towards the 2025-29 Capital Plan. These assumed contributions consist of: \$3 billion from the State, \$3 billion from the City of New York, \$12.3 billion from the MTA (\$3 billion of which would be self-funded by Bridges and Tunnels) and \$14.4 billion requested from the Federal government. This base funding proposal acknowledges the need for partner commitments to support the MTA's 2025-29 Capital Plan, while allowing additional time to work closely with the Legislature to advance additional funding.

The FY 2026 Executive Budget also includes \$3.5 billion in reappropriations for the MTA. Of this total, \$2.6 billion is from the continued commitment of \$3.1 billion in State resources toward funding the MTA's \$52.1 billion 2020-2024 Capital Program. The additional \$900 million is from other reappropriations, including the remainder of the State's \$9.1 billion multi-year commitment towards the MTA's \$31 billion 2015-2019 Capital Program.

The \$3.1 billion State commitment complements another \$25 billion of funding secured specifically to support the MTA's 2020-2024 Capital Program, through a combination of \$15 billion from Central Business District Tolling Program and \$10 billion from a progressive tax on high-end real estate sales and internet sales taxes.

The continuation of these funds will provide for the improvement of capital facilities operated by the New York City Transit Authority, LIRR, Metro-North Railroad, MTA Bus Company, and various system-wide initiatives.

Department of Motor Vehicles

The DMV issues driver licenses and vehicle registrations, promotes highway safety, and collects more than \$2 billion annually in revenues for the State and localities. From these revenues, approximately \$712 million supports the State's DHBTF, which will fund over \$355 million of the Department's expenses for FY 2026.

New York Power Authority

The FY 2026 Executive Budget includes a new \$50 million appropriation for the reconstruction and preservation of the New York State Canal System. This is in addition to a \$2.5 million appropriation and reappropriations of \$53 million under the Canal System Development Fund.

The Executive Budget also includes a \$1.5 million reappropriation for the New York State Canal Corporation to implement watershed modeling for the Mohawk and Oswego River Basins. A \$9 million reappropriation is included for the continued support of the Empire State Trail.

Parks and Environment

DEC and OPRHP are the primary agencies responsible for preserving and protecting the State's environmental, historic, and cultural resources, as well as providing recreational opportunities for its citizens. Each agency is responsible for the development and maintenance of a wide array of capital facilities.

Department of Environmental Conservation

DEC is charged with protecting and preserving the State's natural resources. DEC responsibilities include cleaning up solid and hazardous waste disposal sites; enforcing air and water quality standards; maintaining projects to address flooding and coastal erosion; and the ongoing stewardship of approximately five million acres of public land. The land maintained by DEC provides opportunities for outdoor recreation, such as hunting, fishing, camping, and hiking. DEC also manages hundreds of facilities including dams, boat launch sites, campgrounds, fish hatcheries, and wildlife management areas.

The DEC capital program enhances and maintains the infrastructure necessary to maintain a healthy environment. An estimated \$1.8 billion in capital disbursements will support these activities in FY 2026. New appropriations of over \$53 million are recommended in FY 2026 to meet health and safety requirements; ensure compliance with State and Federal environmental mandates; maintain and upgrade campgrounds, environmental centers, camps, fish hatcheries, and other DEC-owned buildings and facilities; maintain flood control structures; fund wastewater infrastructure oversight; and fund shore protection projects for communities threatened by coastal erosion.

The FY 2026 Executive Budget commits \$500 million for clean water infrastructure, continuing the State's dedication to funding drinking water infrastructure, wastewater infrastructure, and water quality protection. These resources aim to improve municipal drinking water and wastewater treatment infrastructure, replace lead service lines, make investments in open space, and expedite the cleanup of hazardous waste that can impact drinking water.

The Executive Budget includes \$90 million in new capital funding through the New York Works program to finance a variety of capital needs, which include: creating new public access projects to connect hunters, anglers, bird watchers, and other outdoor enthusiasts to State-owned lands; providing for air monitoring infrastructure and information technology investments; and completing health and safety repairs for dams, State lands, fish hatcheries, and other State infrastructure.

A key element of the DEC capital program is the EPF, a dedicated fund supported by revenues from the RETT and other sources. The Executive Budget includes new appropriations of \$400 million for FY 2026 to fund a variety of environmental projects including: land acquisition; farmland protection; municipal waste reduction and recycling; waterfront revitalization projects; non-point source water pollution control; smart growth; municipal park projects; Hudson River estuary management; and water quality improvement projects. The EPF also includes a climate change mitigation and adaptation account which will provide funding for adaptive infrastructure, greenhouse gas management, and resiliency planning programs. The capital program includes additional EPF appropriations of \$1.6 billion through FY 2030 to continue funding for these purposes.

To provide the revenues to support these EPF appropriation levels, the Executive Budget includes \$257 million in RETT funds deposited into the EPF, as well as revenues from other sources, such as unclaimed beverage deposits, wetland application permit fees, pesticide applicator fees, electronic and hazardous waste fees, and fines for violations of freshwater wetland and mineral resource laws.

The Executive Budget includes a \$125 million FY 2026 appropriation for the newly reauthorized ten-year Hazardous Waste Superfund Program, as well as \$10 million for the Brownfield Cleanup Program to remediate sites containing significant levels of hazardous waste.

The DEC capital maintenance plan focuses on preservation and preventive maintenance of various lands, facilities, and other structures. DEC manages a vast array of assets that vary in age, condition, and useful life, including: approximately five million acres of land, over 500 boat launching and fishing access sites, 102 flood control structures, 52 campgrounds, 12 fish hatcheries, four environmental education camps, two environmental education centers, and one tree nursery. DEC maintains an information management system to facilitate planning and preventive maintenance for these resources.

Office of Parks, Recreation and Historic Preservation

OPRHP operates 181 parks and 35 historic sites that provide places for visitors to relax and learn about New York's natural, historic, and recreational treasures, welcoming over 84 million people each year.

New York's park system is one of the oldest in the nation, featuring 29 golf courses, 36 swimming pools, 67 beaches, 40 boat launch sites, and more than 5,000 buildings and 2,000 miles of trails. Since more than half of the facilities at state parks are at least 50 years old, a primary component of the capital program is devoted to maintenance and rehabilitation.

For FY 2026, the OPRHP capital plan includes over \$500 million in appropriations from various sources, including: \$200 million in NYW funding to address ongoing capital rehabilitation and improvement needs at State parks and historic sites; \$50 million for OPRHP and partner agencies to continue the NY SWIMS program; \$100 million to support high-impact community projects through the NY BRICKS program; and \$67.5 million to support NY PLAYS which will help communities construct new playgrounds and renovate existing playgrounds.

The OPRHP capital maintenance plan for FY 2026 concentrates investments in the rehabilitation and maintenance of its many facilities. These physical assets consist of approximately 5,000 buildings which vary in age, condition, and useful life, including historic buildings, offices, cabins, comfort stations, maintenance and storage buildings, restaurants, visitor and nature centers, pump houses, and toll booths.

Economic Development

Economic development spending is projected to total \$10.6 billion over the Plan period. The projects supported by this funding aim to create jobs and increase economic activity in the State. Funding will provide continued support for initiatives including the REDCs, Market New York, and Upstate Revitalization.

Economic Development

The FY 2026 Executive Budget includes \$1.75 billion in new appropriation authority for the following initiatives:

- \$150 million for a new round of funding for the REDC initiative to be made available on a rolling basis to support competitive economic development projects that further advance each region's long-term economic development strategies. The Plan also includes a \$150 million recurring annual commitment for the Regional Councils in FY 2027 and beyond. This program is bolstered by additional investment of \$75 million in Excelsior Tax Credits.
- \$200 million in DRI/NY Forward funding overseen by DOS for downtown and community revitalization projects.
- \$8 million to support Market New York projects.
- \$5 million to support campus improvements at Pace University.
- \$400 million to support community development projects in the City of Albany. This program will revitalize the downtown core of Albany, including the New York State Museum.
- \$400 million to the NYW EDF as part of the NYW initiative. This fund provides capital grants to support projects that create or retain jobs, or fund infrastructure investments necessary to attract or expand businesses.
- \$100 million in funding for the Fast NY program.
- \$250 million in capital funding for RUSH-NY.
- \$100 million in capital funding for the POWER UP Fund. This fund will promote the proactive development of electric capacity to create power-ready sites and attract new businesses to the State.

AGENCY SUMMARY AND DETAIL TABLES

- \$90 million for the Empire AI Partnership, which is complemented by more than \$125 million from private partners, for the Empire AI initiative. This \$90 million is in addition to the \$275 million State investment provided in the FY 2025 Enacted Budget.
- \$50 million to support intermodal infrastructure investments in Suffolk County, Long Island.
- \$110 million for ORDA, including \$85 million to support modernization of the Olympic facilities and ski resorts and \$25 million for maintenance and energy efficiency upgrades.

Department of Agriculture and Markets

AGM is responsible for operating the New York State Fairgrounds and the State Food Laboratory. The State Fairgrounds include 22 major buildings and 58 other structures, the majority of which have useful lives greater than ten years and are in good or fair overall condition.

AGM's capital plan for the next five years prioritizes projects that preserve, rehabilitate, and improve the Fairgrounds' infrastructure for year-round use. In addition, the Fairgrounds' structures are upgraded annually to provide accessibility for people with disabilities and ensure public safety.

The FY 2026 Capital Plan includes \$82 million in appropriations to: repair and rehabilitate the State Fairgrounds, including a renovation of Chevy Court; provide the second installment of a two-year investment to bolster New York's dairy industry; and support local animal shelters.

Over the last ten years, the State has invested over \$200 million to upgrade and transform the historic Fairgrounds into a multi-use entertainment facility. The State has expanded the Fair by 60 acres; added a new expo center and main gate; built an RV park for the Fair and its year-round facilities; and created large, open spaces that accommodate expanded programming and large events year-round.

Energy Research and Development Authority

The Executive Budget Capital Plan includes \$182 million in appropriations over the next five years for the Western New York Nuclear Service Center. This reflects NYSERDA's continuing role in a joint Federal-State demonstration project to treat and dispose of liquid nuclear waste in compliance with environmental laws. NYSERDA's costs are largely dictated by a Federal match requirement. FY 2026 disbursements for work at West Valley are expected to total \$26 million.

Health

Department of Health

DOH's capital program focuses on promoting the efficient operation of health care facilities statewide; protecting the health and safety of patients, employees, and visitors; and maintaining the WCLR. The capital program includes the continuation of the \$1.2 billion Capital Restructuring Financing Program, \$4.5 billion for existing Health Care Facility Transformation Programs, and \$355 million for the Essential Health Care Provider Program, available through SIA.

The FY 2026 Executive Budget expands the existing Safety Net Transformation Program with a \$1 billion investment to support capital improvements and provide regulatory flexibility for Safety Net Hospitals and their partners.

The capital program dedicates \$5 million for capital grants to eligible reproductive health centers for projects that promote the modernization, enhanced safety and security, and financial viability of abortion care in the State. In addition, the capital program includes \$25 million over five years for the enhancement and modernization of DOH-administered health facilities, and \$2 million for the creation of a new abortion data tracking system under DOH.

The capital program also continues a \$1.7 billion investment to reconstruct the WCLR laboratory, which is expected to break ground during FY 2026 with a targeted completion date during FY 2030. While the new laboratory is under construction, DOH will continue necessary capital maintenance projects for the existing WCLR, which is comprised of five separate facilities located in Albany County. The capital program also supports ongoing maintenance and improvement of other DOH capital assets, which include five health care facilities: Helen Hayes Hospital in West Haverstraw; and the Oxford, St. Albans, Batavia, and Montrose veterans' nursing homes.

The DOH capital program is financed by the State's General Fund, HCRA, related account balances, authority bond proceeds, and Federal funds. Total disbursements are estimated at \$5.8 billion over the five-year Plan period – including \$2.9 billion for the Health Care Facility Transformation Programs, \$650 million for Laboratory Reconstruction, \$1.3 billion for Federal safe drinking water loans, and \$220 million for the Capital Restructuring Financing Program.

FY 2026 support for other DOH capital programs includes \$35 million in HCRA resources for SHIN-NY, \$10 million in HCRA Resources for APD, \$51 million in HCRA resources for RPCI capital, \$12 million from the General Fund for maintenance projects at the laboratories, \$11 million from the General Fund for institutions, \$385,000 in Federal awards for institutions, \$2 million in General Fund support for emerging contaminant water testing in underserved communities, and \$23 million in authority bond proceeds for Reproductive Health Grants. Debt service on outstanding institutional DASNY bonds will continue to be supported by patient care revenues.

Housing and Social Welfare

Office of Children and Family Services

The FY 2026 Executive Budget supports OCFS capital improvements that focus on maintaining security and upholding health and safety standards. The agency’s capital program maintains youth facilities, while also funding modifications to accommodate program changes. Additionally, the Executive Budget includes \$100 million as part of the Child Care Construction Fund.

OCFS’s five-year capital plan totals \$326 million. The plan will support capital maintenance and improvement activities, including facility rehabilitation and security enhancements, health and safety purposes, environmental compliance projects, Tonawanda Indian Reservation capital improvements, and maintenance and operations.

OCFS is currently undertaking capital projects to improve the condition and useful life of its youth facilities. In FY 2026, the OCFS capital program will continue additional health and safety repairs, physical plant rehabilitation projects, security projects, and environmental compliance work. The following chart provides information regarding the age and condition of OCFS youth facilities by security level.

Capital Asset Group*	Age Range	Condition			Total
		Good	Fair	Poor	
Secure Facilities	28 to 55+ years	1	1	1	3
Limited Secure Facilities	28 to 55+ years	3	1	2	6
Non-Secure Facilities	28 to 55+ years	0	1	0	1
Total		4	3	3	10

*Does not include 25 vacant or decommissioned buildings under OCFS jurisdiction.

Homes and Community Renewal

The State’s housing capital programs provide grants, low-interest loans, and technical assistance to facilitate the construction and preservation of the State’s affordable housing stock. State capital funds are combined with Federal funds, State and Federal tax credits, low-cost mortgages, and available private sector investments to finance activities that, absent the State’s involvement, would not be financially feasible.

The State’s housing capital appropriations are made to HCR. The individual housing programs are implemented through three public benefit corporations: HTFC, AHC, and HFA. HCR staff perform administrative functions, including the annual review and evaluation of requests for funding, and ongoing compliance reviews for awarded projects. Applications submitted by sponsors of proposed affordable housing projects are scored and ranked on a competitive basis and the review process culminates in award notifications for the projects that are most effective in meeting the State’s housing needs. During the application review process, HCR considers the REDCs’ determinations as to whether the proposed project aligns with regional priorities.

The Capital Plan recommends \$1.8 billion in HCR appropriations and commitments during FY 2026. This includes \$122 million to fund nine housing capital programs and existing contracts under the Empire State Supportive Housing Initiative, as well as:

- \$1.025 billion for the “City of Yes for Housing Opportunity” program in the City of New York, including \$1 billion in capital over five years and \$25 million in capital for NYCHA repairs in Section 9 buildings;
- \$50 million to support the Resilient and Ready program to anticipate and respond to emergencies through rapid home repairs and permanent retrofits;
- \$50 million in funding for Modular and Starter Homes to spur development of 2,000 starter and modular homes;
- \$50 million for a Mixed-Income Rental Revolving Loan Fund to stimulate the development of mixed-income housing outside of New York City; and
- \$100 million for a Pro-Housing Supply Fund to support housing infrastructure in Pro-Housing certified communities.

In addition, the Executive Budget continues to support the \$25 billion housing plan enacted in FY 2023 and funded through a variety of sources. As part of this new multi-year investment in affordable housing, supportive housing, and related services, the HCR Capital Plan continues funding for the following programs in FY 2026:

- \$44 million for the Low-Income Housing Trust Fund Program, which provides grants of up to \$125,000 per unit to construct or renovate low- and moderate-income single and multi-family housing projects;

AGENCY SUMMARY AND DETAIL TABLES

- \$26 million for the Affordable Home Ownership Development Program, which provides grants to construct or renovate homes for low- and moderate- income individuals and families;
- \$6 million for the Public Housing Modernization Program, which subsidizes repairs at State-supervised public housing projects across the State;
- \$14 million for the Homes for Working Families Program, which combines State funds with other available public and private sector funding, Federal Low Income Tax Credit proceeds, and non-State supported bond financing to construct affordable rental housing for low- and moderate-income households;
- \$1 million for the Housing Opportunities for the Elderly Program, which provides grants to low-income elderly homeowners for emergency home repairs;
- \$1 million for the Access to Home Program, which provides funding for home adaptations for individuals with disabilities, enabling them to continue to live in their own residences and avoid institutional care;
- \$4 million for the New York Main Street Program, which provides assistance to communities for the revitalization of historic downtowns, mixed-use neighborhood commercial districts, and village centers;
- \$20 million to assist landlords in meeting lead remediation requirements to protect children from lead exposure; and
- \$5 million for the Manufactured Home Advantage Program to fund loans and grants for the acquisition, demolition, or replacement and/or repair of mobile or manufactured homes and mobile/manufactured home parks.

The following programs in the comprehensive housing plan continue to be supported by an existing \$4.5 billion capital allocation:

- \$1.5 billion for development or rehabilitation of 10,000 Supportive Housing units across the State over the next five years;
- \$1 billion for new construction or adaptive reuse of affordable rental housing;
- \$300 million for the development or rehabilitation of affordable housing targeted to low-income seniors, aged 60 or above;
- \$80 million for the Rural and Urban Community Investment Fund Program;
- \$90 million for new construction, adaptive reuse, or reconstruction of affordable middle-income rental housing for households that earn up to 130 percent of AMI;

AGENCY SUMMARY AND DETAIL TABLES

- \$450 million for the rehabilitation of multi-family rental housing currently under an affordable regulatory agreement with HCR or another State, Federal, or local housing agency;
- \$120 million to preserve and improve Mitchell Lama properties in the State;
- \$150 million for the rehabilitation and/or demolition and replacement through new construction of multi-family rental housing currently owned by public housing authorities outside of NYC;
- \$60 million for rehabilitation and/or demolition and replacement through new construction of smaller buildings with 5 to 50 units;
- \$400 million for new construction and preservation of affordable single-family and one-to-four family homeownership opportunities for low-, moderate-, and middle-income households;
- \$20 million for mobile and manufactured home programs;
- \$85 million to create or upgrade accessory dwelling units (backyard cottage, garage, attic, etc.); and
- \$250 million to weatherize and electrify New York's housing stock, including through all-electric, high-performance equipment for heating and air-conditioning, alternative energy sources, and other energy-efficient best practices.

Office of Temporary and Disability Assistance

OTDA administers HHAP, which provides grants to nonprofit corporations and municipalities to expand and improve the supply of permanent, transitional, and emergency housing for people experiencing homelessness.

In FY 2026, the Capital Plan provides HHAP with \$153 million. This includes up to \$5 million dedicated to the development of housing for people with HIV or AIDS, \$5 million dedicated to the development of housing for homeless veterans, and an additional \$25 million invested this year to preserve projects that rely solely on HHAP. To date, approximately \$1.8 billion in HHAP funding has supported 914 capital projects statewide, creating over 30,000 housing units. HHAP also links its projects to other State and Federal funding sources that deliver supportive services to help tenants move towards greater self-sufficiency and economic stability.

Nonprofit Infrastructure

NICIP was authorized as part of the FY 2016 Budget to make targeted investments in capital projects that aim to improve the quality, efficiency, and accessibility of nonprofit human services organizations.

NICIP grants support capital projects including: renovations or expansions of existing spaces used for direct program services; technology upgrades to improve electronic record-keeping, data analysis, and/or confidentiality; sustainability and efficiency improvements that result in overall energy and cost savings; and accessibility upgrades. The grants are administered by DASNY.

In FY 2024, an RFA was announced to award no less than \$60 million in grants to support the work of the State's nonprofit direct human services partners in delivering services to New Yorkers. Following the issuance of the RFA, \$64 million in capital improvement project grants were awarded to 188 nonprofit organizations across the State.

NICIP is supported by \$170 million in bonded capital appropriations. The Executive Budget includes \$74 million in reappropriations.

Education

State Education Department

SED is tasked with overseeing public elementary and secondary education programs. State funding for capital infrastructure supports SED's 24 State-owned buildings, including: the Batavia School for the Blind; the Rome School for the Deaf; three Native American schools located on the Onondaga, St. Regis Mohawk, and Tuscarora reservations; the Education Building Annex; the Cultural Education Center (which houses the State Museum, State Library, and State Archives); and the New York State Records Center.

The FY 2026 Executive Budget authorizes \$159 million in new appropriations to support: nonpublic school health and safety projects, including repair and maintenance of nonpublic schools (\$70 million); construction projects at public libraries (\$34 million); maintenance projects at SED's other State-owned facilities (\$23 million); rehabilitation and renovation projects at the three State-owned schools on Native American reservations (\$20 million); rehabilitation and renovation projects at the School for the Blind and the School for the Deaf (\$7 million); and personal service and other costs associated with staff whose duties are related to the maintenance, preservation, and operation of SED facilities (\$4 million).

School Aid

A \$2 billion Smart Schools Bond Act was approved in November 2014. The Bond Act funds education technology in schools, including infrastructure improvements to bring high-speed broadband to schools and their communities and the purchase of classroom technology for use by students. Additionally, Smart Schools enables long-term investments in full-day pre-kindergarten through the construction of new pre-kindergarten classroom space. The Bond Act also funds both the replacement of classroom trailers with permanent space and high-tech school safety improvements.

Higher Education

New York State supports higher education infrastructure through programs offered at various State agencies and private-sector systems. Capital investments in higher education include funding and support for SUNY, CUNY, and the HECap Program. These capital investments ensure that facilities are designed and developed to meet both current and future needs of the systems, while providing a safe and healthy environment for the State's students, faculty, and staff.

State University of New York

SUNY is one of the largest public university systems in the nation with 29 State-operated campuses, five statutory colleges, and 30 community colleges, which together serve 376,000 students annually (Fall 2024 enrollment). SUNY's State-operated and community college campuses consist of more than 2,800 facilities, including classrooms, dormitories, libraries, research laboratories, athletic and recreation facilities, and hospitals. System-wide, SUNY's physical infrastructure spans more than 100 million gross square feet.

The FY 2026 Executive Budget advances a five-year plan to support \$4.2 billion in infrastructure improvements at SUNY State-operated campuses, hospitals, and dormitory-related projects, and \$310 million to match local sponsor funding for community college capital projects. For FY 2026, the Capital Plan provides \$750 million in new funding for State-operated campuses (\$550 million for maintenance, \$200 million for research facilities), \$800 million for SUNY hospitals (\$650 million for modernization and revitalization and \$150 million for maintenance), \$131 million for community colleges, \$100 million for dormitory-related projects, \$25 million to establish the SUNY Green Energy Loan Fund to finance energy conservation projects, and \$5 million for Federally directed capital spending.

The FY 2026 Executive Budget continues support for SUNY capital programs by reappropriating \$5.9 billion for SUNY's State-operated and community college campuses. The Budget also includes \$31 million for the operating costs of SUCF, the public benefit corporation that serves as the construction agent for academic, hospital, and student service facilities under SUNY's jurisdiction. Consistent with the University Master Capital Plan, SUCF oversees design, construction, acquisition, reconstruction, and rehabilitation of SUNY facilities.

Finally, the Budget includes \$235 million to support personal service and other costs associated with staff whose duties are related to the maintenance, preservation, and operation of SUNY facilities.

City University of New York

CUNY is the nation's largest urban public university system and is comprised of 11 senior colleges, 7 community colleges, a graduate center, a graduate school of journalism, a law school, and a central administration facility. CUNY serves approximately 238,000 full-time and part-time students (Fall 2024 enrollment). CUNY's physical infrastructure includes 300 facilities and spans 28 million gross square feet.

The FY 2026 Executive Budget advances a \$1.8 billion five-year capital plan to support infrastructure improvements at CUNY, including \$1.6 billion for senior colleges and \$275 million for community colleges. For FY 2026, the capital plan provides \$417 million in new capital appropriations for senior college facilities (\$284 million for maintenance, \$133 million for research facilities) and \$35 million for community colleges, which represents the State's 50 percent share of projects that have local sponsor support from the City of New York.

The Executive Budget continues to support CUNY capital programs by reappropriating \$4.4 billion in authority for CUNY senior and community college campuses.

Finally, the FY 2026 Executive Budget includes \$45 million of appropriation authority for operating expenses at DASNY and CUCF. Both authorities share the responsibility of overseeing the design, construction, acquisition, reconstruction, and rehabilitation of CUNY's facilities.

Higher Education Facilities Capital Matching Grants Program

The HECap Program was initiated in 2006 to support capital projects at the State's various independent colleges. These grants were allocated to private colleges based on enrollment and relative student financial need, as measured by total awards provided through the Tuition Assistance Program. This program requires a three-to-one (non-State-to-State) match by institutions. In FY 2015, a competitive process was established to fully award unused grant funds from the initial program. To date, \$275 million in appropriations have been authorized for competitive awards.

Grants are awarded by the HECap Board, which consists of three members (one member appointed directly by the Governor, and two members appointed on the recommendation of the President of the Senate and the Speaker of the Assembly). Grants may be used for the design, construction, or acquisition of new facilities; rehabilitation and repair of existing facilities; or for targeted priorities including economic development, technology, academic facilities, urban renewal, and historic preservation.

The Executive Budget includes \$189 million in reappropriations for HECap.

Public Protection

Department of Corrections and Community Supervision

DOCCS' capital program focuses on maintaining the State's existing prison infrastructure, which is comprised of 42 correctional facilities and three separate support buildings. The Capital Asset Maintenance Plan is designed to preserve the useful life of the prison infrastructure. The Department has established a rating system to identify the condition of its physical plants as a tool for prioritizing rehabilitation projects.

The FY 2026 capital program ensures all housing, medical, support, and program facilities remain functional, safe, and secure. To meet the future needs of the Department, the capital program includes new appropriations of approximately \$3.25 billion over the next five years, as well as \$1.4 billion in reappropriations. This funding will address maintenance and health and safety priority projects across the correctional system.

With the issuance of Executive Order 88 and Executive Order 22, DOCCS has been pursuing energy efficiencies and improvements in its facilities. The Department, in coordination with NYPA, is working on energy savings measures that are expected to reduce energy usage by 20 percent. The projects include installation of meters to track energy usage, boiler and chiller replacements, upgrades to boiler and HVAC controls, installation of LED lighting, building envelope and equipment upgrades, upgrades to control systems, and energy recovery ventilators.

To enhance security at DOCCS facilities, and to assist in the Department's compliance with the Federal Prison Rape Elimination Act, the Department will continue to install closed-circuit television systems. In FY 2026, DOCCS is initiating the design and construction of closed-circuit television projects at additional correctional facilities alongside the installation of civilian personal alarm systems.

Division of Criminal Justice Services

The FY 2026 Executive Budget includes \$35 million to support a new round of the SCAHC grant program. This program provides funding for safety and security projects at nonprofit organizations at risk of hate crimes or attacks because of their ideology, beliefs, or mission. Through previous Enacted Budgets, the State has provided a total of \$225 million for this purpose.

The FY 2026 Executive Budget also includes \$10 million to establish a New York State CA-JSOC. The CA-JSOC will be a centralized location to enhance intelligence sharing, operational coordination, and crime analysis for statewide public safety initiatives.

The FY 2026 Executive Budget also continues funding for a \$50 million grant program to meet the needs of communities most impacted by gun violence by supporting capital investments related to crime-reduction strategies.

Division of State Police

DSP staff operate out of more than 200 facilities across the state. These include Troop Headquarters, Zone Headquarters, stations, and specialized facilities such as the State Police Training Academy and the Forensic Investigation Center. The agency's central command and administrative functions are housed at the Division Headquarters in Albany.

Over the next five years, DSP's capital program reflects continued funding for ongoing repair and expansion of facilities, replacement and repair of equipment, and the maintenance and operation of facilities. The FY 2026 Executive Budget includes new appropriations of \$145 million, including appropriations for the Federal Equitable Sharing Program, and \$321 million in reappropriations.

Division of Military and Naval Affairs

DMNA operates more than five million square feet of facilities on behalf of the New York National Guard. Of this total, 2.9 million square feet support the stationing of National Guard units in armories and Readiness Centers, while another 2.1 million square feet support the maintenance, supply, and logistical requirements of the assigned units. DMNA's FY 2026 capital program includes \$249 million in appropriations and \$435 million in reappropriations.

DMNA's capital plan continues support of the Federal Military Construction Program, which aids the State in the renovation, replacement, and expansion of National Guard armories, training centers, and equipment maintenance facilities across New York State. The Plan continues State and Federal funding for a multi-year renovation at the Lexington Avenue Armory in New York City.

The FY 2026 Executive Budget includes a \$40 million State investment to support the construction of a new 42nd Infantry Division Headquarters. When completed, this new armory will provide a larger space for the Division Headquarters.

The FY 2026 Executive Budget also includes \$25 million in additional funding to support new and ongoing armory projects, including an addition to the Saratoga Military Museum and \$4.6 million to support maintenance at DMNA facilities statewide.

Division of Homeland Security and Emergency Services

DHSES is responsible for operating three facilities across the State: the State Emergency Operations Center in Albany, the State Preparedness Training Center in Oriskany, and the Academy of Fire Science in Montour Falls. Additionally, DHSES is responsible for advancing the completion of an interoperable statewide public safety communications network.

Over the next five years, the DHSES capital program supports the ongoing repair, maintenance, operation, and expansion of facilities; and the creation of an interoperable statewide public safety communications network. The FY 2026 Executive Budget includes \$28 million in appropriations and \$492 million in reappropriations. This includes continued funding of \$3 million to support preventative maintenance projects at DHSES training facilities.

The FY 2026 Executive Budget also includes \$25 million in funding for a new round of Volunteer Fire Infrastructure and Response grants. In addition, it continues support for the construction of a new State Emergency Operations Center in Albany, as well as the design and construction of a new Field Evolution Building at the Academy of Fire Science.

Mental Hygiene

The Department of Mental Hygiene capital program is administered through the three agencies within the Department – OASAS, OMH, and OPWDD. The capital program supports the maintenance and rehabilitation of facilities operated by both the State and not-for-profit agencies, as well as the development of new community services.

Office of Mental Health

OMH provides services to an inpatient population of approximately 3,400 people on campuses for adults, children, and youth; and, in support of these programs, operates forensic and research facilities. In addition, OMH helps fund the capital construction of community residential sites; mental health-related general hospital projects, including psychiatric inpatient and specialized emergency rooms; and non-residential community programs.

OMH Institutional Facilities

In support of OMH’s mission, the five-Year Capital Plan includes \$2.0 billion in appropriations and \$2.6 billion in disbursements for OMH State-operated institutions. OMH capital projects meet health and life safety codes, Joint Commission accreditation standards, and Federal Medicaid certification requirements; remediate environmental deficiencies; improve energy efficiency; preserve long-term facilities; and consolidate campus facilities.

FY 2026 appropriations of \$532 million and reappropriations of \$2.3 billion support rehabilitation projects focused on the health and safety of patients and staff. The Executive Budget also includes \$160 million to add an additional 100 forensic State-operated beds.

OMH’s capital maintenance plan ensures that infrastructure is preserved, to maximize the useful life of buildings and prevent more costly future repairs. A recent assessment report identifies OMH’s capital assets by group and condition.

Capital Asset Group	Condition			Total
	Good	Fair	Poor	
Residential/Hospital Buildings	59	48	2	109
Psychiatric Rehabilitation Buildings	27	37	3	67
Administrative Support Buildings	134	108	11	253
Vacant/Unoccupied Buildings	18	69	26	113
Total	238	262	42	542*

*Excludes leased, sold, demolished, other structures with zero gross square feet. Buildings considered uninhabitable/scrap are excluded from the building count.

OMH Community Facilities

The five-year Capital Plan maintains the State's existing capital commitments to community mental health providers. It includes \$359 million in appropriations and \$1.2 billion in disbursements to support ongoing developments. New FY 2026 appropriations of \$71 million and reappropriations of \$1.8 billion will be used to support residential initiatives within communities.

Office for People With Developmental Disabilities

OPWDD offers services to people with developmental disabilities in a variety of settings, ranging from homes and small facilities to campus-based centers. The five-year Capital Plan for OPWDD focuses on serving individuals in the most appropriate setting and keeping all programs safe.

In support of this goal, the Capital Plan recommends \$1.5 billion in appropriations, and \$928 million in projected disbursements over the five-year period. For FY 2026, the Capital Plan proposes new appropriations of \$267 million and reappropriations of \$532 million to fund the following:

- Projects to maintain health and safety standards for new and existing facilities, and to ensure conformance with all Federal and State certification standards;
- Minor rehabilitation projects for State and voluntary-operated community facilities;
- Environmental modifications improving accessibility;
- Development of housing capacity to ensure the availability of independent living opportunities for individuals with intellectual or developmental disabilities;
- Projects to expand intensive treatment options for individuals with intellectual or developmental disabilities, and various infrastructure upgrades at existing intensive treatment option facilities;
- Modernization and renovation of IBR, including the development of a Genomics Core, modernization of equipment needed to help advance IBR's research goals, and renovation of space for a Willowbrook learning center;
- Grants to develop accessible clinic space for people with mobility issues; and
- Renovations at the Sunmount DDSO campus to ensure the health and safety of residents and staff.

AGENCY SUMMARY AND DETAIL TABLES

The majority of the OPWDD Capital Plan is dedicated to ensuring quality care for individuals in State facilities and continuing Federal certification of those programs. The remainder of the plan supports similar activities in the not-for-profit sector. Based on a recent assessment of OPWDD facilities by DASNY and OPWDD staff, the following table identifies the capital assets by group and condition.

<u>Capital Asset Group</u>	<u>Condition</u>			<u>Total</u>
	<u>Good</u>	<u>Fair</u>	<u>Poor</u>	
Institutional	62	122	45	229*
Community	1,013	55	0	1,068
Total	1,075	177	45	1,297

*There are an additional 70 buildings not scheduled for use that are excluded from the institutional total.

Office of Addiction Services and Supports

OASAS operates and oversees a system of care for individuals with problem gambling and substance use disorders. This continuum of care includes prevention, treatment, harm reduction, and recovery services; and is provided through a network of community organizations and twelve State-operated ATCs.

The FY 2026 Executive Capital Plan assumes \$586 million in appropriations over the five-year plan, and \$354 million in disbursements for OASAS to support health and safety and to preserve State and not-for-profit facilities.

For FY 2026, the Executive Capital Plan includes \$94 million in appropriations, \$795 million in reappropriations, and \$76 million of projected spending. These funds will be used to maintain and strengthen the capital infrastructure to support addiction prevention, treatment, and recovery services.

OASAS is responsible for the maintenance of all twelve ATCs, which is informed by comprehensive building condition assessments completed on a five-year cycle. OASAS continues to address Phases VI and VII of the ATC Master Plan and is working on design and implementation of a new Phase VIII, which addresses life and safety maintenance needs throughout the ATC infrastructure. The scope and cost plans for future projects have been incorporated into the agency’s five-year plan.

General Government

Office of General Services

OGS' Real Property and Facilities Management Group is responsible for the operation and maintenance of 58 major State office buildings and related structures, as well as 119 ancillary structures, such as parking facilities. OGS operates two office complexes in Albany — the Nelson A. Rockefeller Empire State Plaza and the Harriman State Office Building Campus. Both complexes are supported by central utility infrastructure including heating and cooling plants, as well as high voltage electrical systems.

The OGS capital plan focuses on the preservation of aging buildings and infrastructure; optimization of the State's real estate, sustainability and resiliency initiatives; and improvement of system and equipment management. This is accomplished through various preservation, rehabilitation, procurement, and improvement projects. Smaller preventative maintenance projects are performed regularly to reduce more expensive emergency projects and, in some cases, delay or avoid larger rehabilitation projects. In addition, the OGS capital plan includes dedicated capital funding for sustainable energy projects and the conversion of the State's fleet to zero-emission vehicles.

Initiatives for FY 2026 include:

- Completing the replacement of motor control centers throughout the Empire State Plaza to update security and safety components;
- Rehabilitation and repair of the New York State Capitol Eastern Approach;
- Ongoing rehabilitation of elevators and escalators at various OGS facilities throughout the State;
- Performing building modifications to facilities at the Empire State Plaza to utilize more energy efficient heating and cooling equipment; and
- Performing energy conservation projects for OGS State Office Buildings across the State to accomplish energy savings.

Department of State

The FY 2026 Executive Budget recommends \$200 million in funding for new rounds of DRI grants and NY Forward, and \$1 billion in reappropriations for previous awards. Additionally, the Budget includes \$10 million in reappropriations to support a New York State African American History Commission capital grant program. The FY 2026 Executive Budget also includes \$2 million in new funding and \$4 million in capital reappropriations for cemetery maintenance.

Workers' Compensation Board

The FY 2026 Executive Budget includes \$31 million in capital reappropriations to modernize the operations of the WCB. Ongoing modernization efforts include the launch of a cloud-hosted systems solution to transition away from legacy software and paper-based systems. Additional software acquisition and digitization efforts are also included to improve the delivery of benefits to injured workers and their employers.

Information Technology

The Information Technology Strategic Governance Process is used to evaluate proposed projects across State government to eliminate duplicative efforts, link development to enterprise technologies, and prioritize projects for funding. Projects that are approved through this process are eligible for IT Innovation Capital funding. The FY 2026 Capital Plan includes \$131 million in appropriations to fund several projects, including:

- Systems to support the consolidation of administrative and business functions;
- Replacement of health and human services legacy systems; and
- Modernization of agency legacy systems, including those for DCS, DTF, and DMV.

Department of Veterans' Services

The core mission of DVS is to connect veterans, members of the Armed Forces, and their families and dependents to various economic, medical, and social benefits and programs as a result of active-duty military service.

The FY 2026 Executive Budget includes \$4 million in DVS capital funding to support the development and care of the first State Veterans' Cemetery to provide veterans and their families with a final resting place that honors their service.

Public Employment Relations Board

The FY 2026 Executive Budget includes \$2.5 million in capital reappropriations for modernization and digitization related to the State Employment Relations Act and the Farm laborers' Fair Labor Practices Act. Information technology systems upgrades will improve electronic filing, electronic case management, and technical assistance.

Other

Judiciary

The FY 2026 Judiciary Budget includes \$50 million in new capital appropriations for investments in technology, equipment for facility renovations, records management projects, and security infrastructure to support the work of the courts. Of this total, \$42 million is allocated for technology equipment, software, and services; \$5 million is allocated for health and safety related alterations and improvements at courthouses; and \$3 million is allocated for general facility renovations and upgrades.

Department of Law

The FY 2026 Executive Budget includes \$16 million in reappropriations to support ongoing technology development, including application replacements and upgrades, and equipment renewals. The Department is also working to develop a case management system and consolidate and upgrade its data center.

World Trade Center

The FY 2026 Executive Budget includes \$145 million in reappropriations for the World Trade Center to continue the reconstruction of Route 9A and facilitate State and NYC efforts to revitalize lower Manhattan.

Audit and Control

The FY 2026 Executive Budget includes \$33 million in capital reappropriations related to the Justice Court Fund project, Office of Unclaimed Funds System Modernization project and HR 20/20 project.

Hudson River Valley Greenway

The FY 2026 Executive Budget Capital Plan includes \$10 million in reappropriations for the continued support of the Empire State Trail.

State Board of Elections

The FY 2026 Executive Budget includes \$42 million in reappropriations, which provides funding to state and local boards of elections for software and technology upgrades and equipment. It also supports reimbursements to local boards of elections for costs associated with purchasing electronic poll books and costs associated with the development of an online automatic voter registration system within the State Board of Elections.

DEBT OVERVIEW

State debt levels, as measured by common benchmarks, are summarized below. All measures reflect the total level of State-related debt issued for all State purposes as described in the “Introduction” section of this Plan. In order to provide consistent comparisons, debt service has been adjusted to reflect prepayments. In addition, FY 2021 debt service excludes repayment of \$4.4 billion of PIT notes which provided short-term liquidity for the State. Such adjustments and exclusions have been noted accordingly.

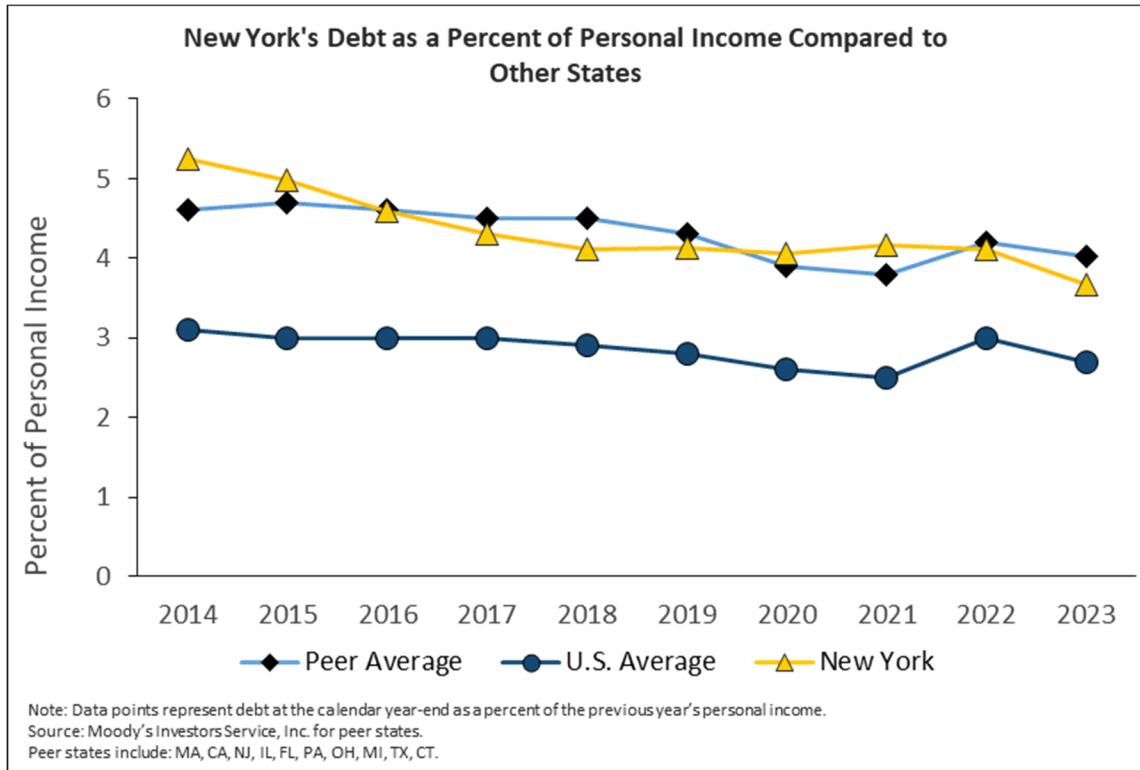

State Debt as a Percent of Personal Income

The State debt projections from FY 2026 to FY 2030 reflect a 10.3 percent average annual increase in debt levels and 4.1 percent average annual increase in statewide personal income. As a result, debt as a percentage of personal income is expected to increase over the five-year Plan period, from 3.7 percent in FY 2026 to 4.6 percent in FY 2030.

Over a longer time horizon, State-related debt outstanding as a percentage of personal income has decreased from 4.6 percent in FY 2016 to a low of 3.3 percent in FY 2025. Over that 10-year period debt outstanding has grown at less than 1 percent annually. Lower debt outstanding can be attributed to the application of PAYGO to lower bond issuances and the early retirement (defeasance) of debt related to prepayments. Projected increases in debt outstanding due to higher capital spending estimates result in debt as a percent of personal income increasing over the next five years to 4.6 percent in FY 2030.

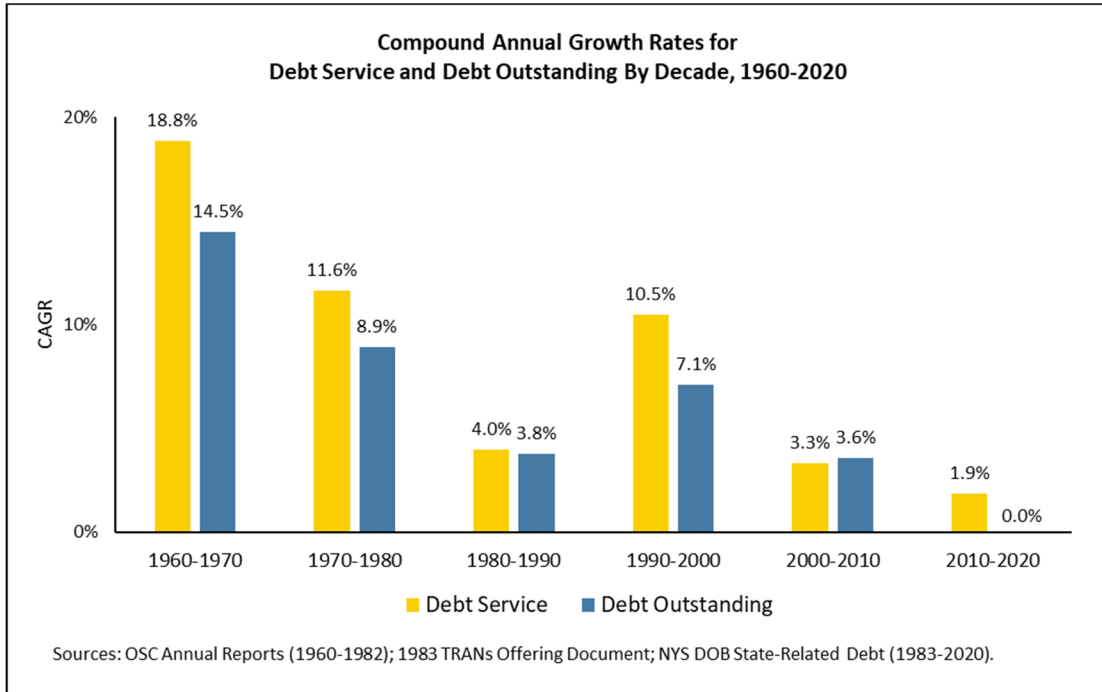

The following table compares the State's debt as a percentage of personal income to other peer states and the U.S. average.

State Debt Outstanding

From 2010 to 2020, State debt outstanding fell by .05%. This was the first absolute decline in debt measured over a census decade (i.e., ten-year periods starting in years ending in zero) since 1880. State debt has remained flat since 2020.

Adjusted for inflation, the State’s debt level is roughly the same as it was in 1982.

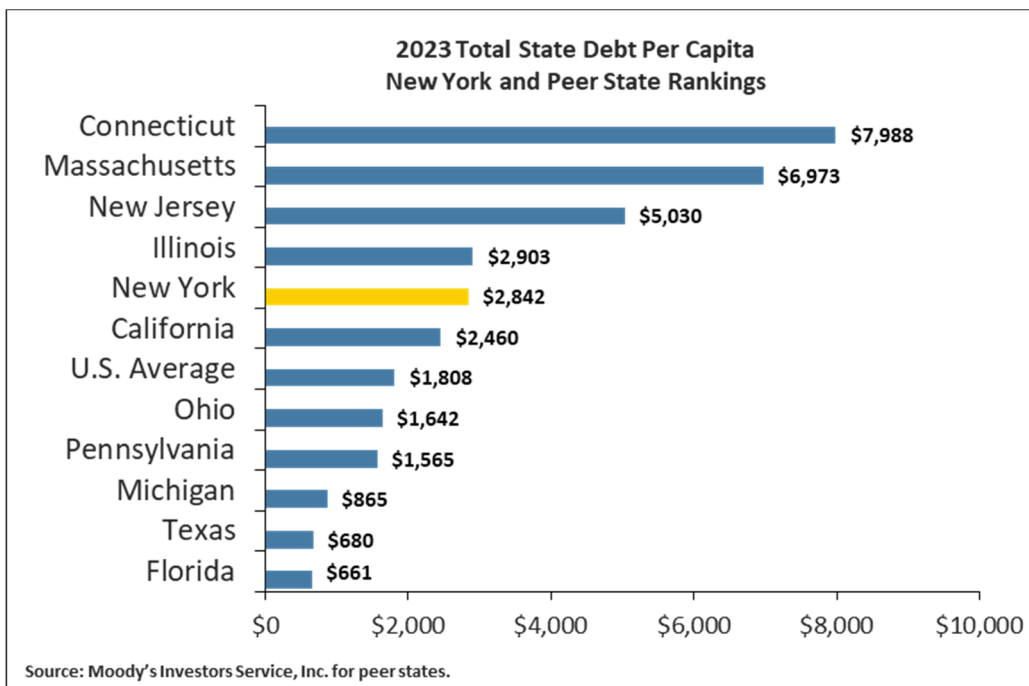

State Debt Per Capita

State-related debt per capita is projected to increase from \$2,651 in FY 2016 to \$4,915 in FY 2030, an average annual increase of 4.5 percent. As of FY 2025, the State’s debt per capita of \$2,890 is consistent with metrics from 10-years ago.

New York’s debt per capita in FY 2023 of \$2,842 ranked eleventh highest in the nation and fifth compared to peer states as shown in the chart below.

Debt Service

After adjusting for debt service prepayments, debt service costs from FY 2026 through FY 2030 are projected to increase by an average of 6.9 percent annually, while All Funds receipts are projected to increase by an average of 1.7 percent through FY 2030. Thus, debt service costs are projected to be about 3.3 percent of the All Funds budget in FY 2030 due to the issuance of bonds to finance the State’s capital needs.

The 0.5 percent average annual rate of growth in adjusted debt service from FY 2016 through FY 2026 is lower than the growth in inflation of 3.1 percent and the 4.8 percent growth in State revenue during that same time period.

*Adjusted for prepayments

Debt service growth after adjusting for prepayments is projected to average roughly 6.6 percent in the forecast period due to continued support for the State’s capital program. If capital spends closer to historical levels, the projected growth in State debt service will be significantly less than shown below.

The following table provides the detailed data to support previous graphs.

DEBT AFFORDABILITY MEASURES										
(millions of dollars)										
Fiscal Year	State-Related Debt Outstanding					State-Related Debt Service				
	Personal Income	All Funds	Total Debt	% Change	Debt to PI	Debt Per Capita	Total Debt Service	Adjusted Debt Service**	% Change	% All Funds**

DETAILED DATA

Variable Rate Exposure and Interest Rate Exchange Agreements

Article 5-D of the State Finance Law authorizes the use of a limited amount of variable rate obligations and interest rate exchange agreements (“swaps”). The statute was implemented as a debt management tool to lower debt service costs, diversify the State’s debt portfolio, and to better match variable rate debt exposure to variable rate earnings on the State’s short-term investments. Issuers of State-supported bonds may enter variable rate debt instruments that result in a maximum net variable rate exposure of 15 percent of State-supported debt. Issuers may also enter into interest rate exchange agreements in a total notional amount that does not exceed 15 percent of State-supported debt, subject to various criteria established in the statute to reduce risk.

Variable Rate Exposure

The State’s variable rate exposure is expected to average less than 0.1 percent of outstanding debt from FY 2026 through FY 2030. The debt that is counted against the variable rate cap represents the State’s unhedged variable rate bonds. The State continues to evaluate the utilization of variable rate debt as part of the debt portfolio, but has no current plans to issue variable rate bonds.

VARIABLE RATE EXPOSURE (millions of dollars)						
	FY 2025 Projected	FY 2026 Projected	FY 2027 Projected	FY 2028 Projected	FY 2029 Projected	FY 2030 Projected
Variable Rate Exposure Cap	8,478	9,735	11,222	12,480	13,580	14,343
Current Unhedged Variable Rate Obligations	70	62	54	45	36	27
Additional Planned Variable Rate Exposure	0	0	0	0	0	0
Total Net Variable Rate Exposure	70	62	54	45	36	27
Net Variable Rate Exposure to Debt Outstanding	0.1%	0.1%	0.1%	0.1%	0.04%	0.03%

Interest Rate Exchange Agreements (Swaps)

In FY 2022 the State took advantage of favorable market conditions to terminate all remaining swaps outstanding. The State used this opportunity to eliminate the inherent risks associated with swaps, including basis risk, tax risk, counterparty risk, and liquidity risk. The following table shows the calculation of the State's interest rate exchange statutory cap. Currently, there are no interest rate exchange agreements outstanding, and the State is not currently considering the use of new swaps.

INTEREST RATE EXCHANGE CAP (millions of dollars)						
	FY 2025 Projected	FY 2026 Projected	FY 2027 Projected	FY 2028 Projected	FY 2029 Projected	FY 2030 Projected
Interest Rate Exchange Cap	8,478	9,735	11,222	12,480	13,580	14,343

Bond Caps

Bond caps provide the legal authorizations to issue bonds to finance a portion of the State’s Capital Plan. Bond caps can finance a single year’s appropriations or can be for multi-year periods. As the bond cap for a particular programmatic purpose is reached, subsequent legislative changes are required to raise the statutory caps to the level necessary to meet the bondable capital needs. A total of \$19.8 billion of increased bond authorizations are included in the Capital Plan. The following table details the bond cap authorizations for all State-supported debt, including legislative actions included in the Capital Plan.

Monetary Settlements - Project Details

Since FY 2015, the State has received a total of nearly \$13.6 billion in Extraordinary Monetary Settlements for violations of State laws by major financial institutions and other entities. A total of \$8.0 billion has been appropriated from capital projects funds, as summarized in the following table, of which \$6.1 billion has disbursed through December 31, 2024.

Behavioral Health Care Grants	16	0	0	0	0	16
	10	0	0	0	0	10

The following purposes continue to be funded with Extraordinary Monetary Settlement funds and are reappropriated in the FY 2026 Executive Budget:

- **Upstate Revitalization Program (\$1.7 billion).** In FY 2015, \$1.5 billion was awarded through URI to three upstate regions. An additional \$200 million (\$170 million from monetary settlements) was provided in 2016 to support projects in the remaining four eligible Upstate regions.
- **Health Care/Hospitals (\$590 million).** The Capital Plan provides \$580 million in grants to health care providers to facilitate mergers, consolidations, acquisitions, or other corporate restructuring activities, including \$225 million to the health care facility transformation program. The Capital Plan also funds IT and other infrastructure costs associated with the inclusion of behavioral health sciences in the Medicaid Managed Care benefit package (\$10 million).
- **Affordable and Homeless Housing (\$640 million).** Settlement funds will augment the multi-year investment in affordable housing services (\$590 million) and provide housing opportunities for individuals and families who are homeless or at risk of homelessness (\$50 million).
- **Broadband Initiative (\$500 million).** The \$500 million investment in the New NY Broadband Fund Program is intended to expand the availability and capacity of broadband across the State, and support development of other telecommunication infrastructure.
- **Buffalo Billion Phase II (\$400 million).** The Capital Plan reflects a continued investment of \$400 million from monetary settlement funds to support the second phase of the Buffalo Billion initiative, which totals \$500 million.
- **Life Sciences (\$320 million).** The Capital Plan reflects the commitment from monetary settlement funds to support the State's Life Sciences Initiative. The State will provide funding to support state-of-the-art laboratory space, equipment, technology, and investment capital for early-stage life science firms, which is expected to be matched by private sector partners.
- **MTA Capital Plan (\$250 million).** The Capital Plan includes \$250 million for the MTA's Penn Station Access project, which will open a new Metro-North link directly into Penn Station. The project is expected to provide enhanced system resiliency, improvements in regional mobility, and four new Metro-North stations in the Bronx.
- **Municipal Restructuring and Downtown Revitalization (\$270 million).** The Capital Plan includes \$20 million in funding for a municipal consolidation competition to encourage the reduction of costs through a competitive process to be administered by DOS. This funding is in addition to \$150 million for the first DRI and for municipal restructuring to assist and encourage local governments and school districts to implement shared services, cooperation agreements, mergers, and other actions that are intended to reduce operating costs and property tax burdens. The second DRI (\$100 million) funds housing, economic

development, transportation, and community projects to attract and retain residents, visitors, and businesses to downtowns.

- **Clean Water Infrastructure (\$250 million).** The Capital Plan continues the commitment of \$500 million for water quality capital projects, including \$250 million funded from monetary settlements. The investment continues supporting drinking water infrastructure, wastewater infrastructure, and source water protection.
- **Resiliency, Mitigation, Security, and Emergency Response (\$250 million).** The Capital Plan provides funding for preparedness and response efforts related to severe weather events, as well as efforts to prevent, prepare for, and respond to acts of terrorism, other public safety and health emergencies, and natural and man-made disasters. Additionally, funding has been used for counter-terrorism efforts in New York City, including increased security and anti-terror exercises at nine MTA-operated bridges.
- **Transportation Capital Plan (\$200 million).** The Capital Plan provides funding for transportation infrastructure projects across the State.
- **Transformative Economic Development Projects (\$150 million).** The Capital Plan includes funds to promote economic development in Nassau and Suffolk counties.
- **Infrastructure Improvements (\$115 million).** The Capital Plan provides \$115 million in funding for infrastructure improvements to support transportation, upstate transit, rail, airport, port, and other projects.
- **Economic Development (\$85 million).** The Capital Plan includes \$85 million in funding for economic development with the intention of creating jobs, strengthening and diversifying economies, and generating economic opportunities across the State, including investments in infrastructure.
- **Southern Tier/Hudson Valley Farm Initiative (\$50 million).** The Capital Plan contains \$50 million in funding to help landowners in the Southern Tier and Hudson Valley maintain and develop farming, agricultural, and related businesses.
- **Empire State Poverty Reduction Initiative (\$25 million).** The ESPRI is intended to bring together State and local governments, nonprofits, and community groups to design and implement coordinated solutions for addressing poverty in 16 municipalities: Albany, Binghamton, the Bronx, Buffalo, Elmira, Hempstead, Jamestown, Newburgh, Niagara Falls, Oneonta, Oswego, Rochester, Syracuse, Troy, Utica, and Watertown.
- **Non-MTA Transit (\$20 million).** These settlement funds will be directed by DOT toward upstate and downstate public transportation systems other than the MTA to defray the costs of capital projects or acquisitions.

State Debt Detail

The tables that follow provide a comprehensive listing of all current and projected State debt outstanding, debt service costs, debt retirements, and new debt issuances.

State-related debt levels reported in the tables are cash-basis amounts that are consistent with the GAAP basis debt levels reported in the ACFR. Thus, the tables reflect all debt issued by the State (including blended component units) for Government activities and Business-type activities as defined in the ACFR.

The tables do not include debt that is issued by, or on behalf of, local governments that may be funded in part by State assistance and grants or aid payments. However, such debt is reflected in the respective financial statements of the local governments responsible for the issuance of such debt.

DHBTF Detail

This section is provided to comply with the requirements of the amendment to Section 22-c of the State Finance Law as added by Chapter 62 of the Laws of 2006 and amended by Chapter 61 of the Laws of 2006 and Chapter 59 of the Laws of 2009.

The following table provides projected receipts, disbursements, and transfer amounts for the DHBTF. Projected spending from this Fund, including DMV, will total \$11 billion over the next five fiscal years, which represents one fourth of the total transportation-related spending for capital projects estimated during that period.

¹Includes \$65.993 million annual transfer in permanent statute.

²Does not include possible transfers from State Capital Projects Fund or Dedicated Infrastructure Investment Fund.

³FY 2022 Enacted Budget changed flow of Debt Service Funds for PIT and Sales Tax transfers. Monies now flow directly to the General Fund.

The DHBTF has a projected financing gap, or deficit, of \$401 million in FY 2025. Gaps are projected to average \$476 million in the outyears, for a total gap of \$2.4 billion from FY 2026 through FY 2030. These projections are based upon estimates of revenues, bond proceeds, transfers, debt service, and program disbursements. Gap estimates are the result of an imbalance in the DHBTF between projected revenues and expenditures.

The table below provides DHBTF bond coverage ratios for prior and future periods. In FY 2025, the State refinanced the remaining DHBTF bonds. The State has no plans to issue DHBTF in the future.

\$100,500,000	\$101,000,000	\$6,000,000

Increasing Opportunities for Minority and Women-Owned Business Enterprises and Service-Disabled Veteran-Owned Business Enterprises

The New York State DOT, through the Purchasing Office, Construction contracts, Consultant contracts, and its grant programs aggressively promotes the use of M/WBE and SDVOB firms. As part of the recruitment and outreach process, the Department provides all prospective vendors with educational information on how to do business with the Department. In addition, the Department holds webinars, partners with other State agencies, and sponsors regional in person training sessions offering best practices on how to increase engagement with the Department.

Only M/WBEs certified by ESD are used to fulfill goals on 100-percent State funded projects and/or goods and services. Only SDVOBs certified by the OGS SDVOB Development Office are used to fulfill goals on 100 percent State funded projects and/or goods and services. For federally eligible projects, the Department is one of four agencies in the New York State Unified Certification Program that are authorized to certify businesses as DBEs, which is a Federal (USDOT) certification program. The other three certifying partners are the MTA, NFTA, and PANYNJ.

The Department establishes annual goals for M/WBE participation that support the State's 30 percent goal target. Regulations require a 6 percent SDVOB participation goal for construction contracts, professional service agreements (including civil engineering), and for the procurement of goods and services. The Department reviews these goals and takes appropriate measures to help ensure attainment, including the removal of barriers to participating in NYSDOT contracts. These goals are based on projected opportunities and the availability of certified M/WBEs and SDVOB's in relation to the projected areas of opportunity. The Department submits its Annual M/WBE Goal Plan to the director of the State Division of Minority and Women Business Development. The Department submits its Annual SDVOB Goal Plan to the director of the Service-Disabled Veteran Owned Business Development Office.

The Department partners regularly with Federal, State, and local agencies, as well as industry/professional associations and community-based organizations to conduct outreach to the M/WBE and SDVOB community regarding contract opportunities and the Department's contracting methods (i.e., lowest responsible bidder, best value, discretionary purchasing, etc.). These organizations include: The Federal Highway Administration, ESD, OGS, the Small Business Administration, PANYNJ, the Association of General Contractors, General Contracting Association, and multiple local entities. The Office of Diversity and Opportunity has conducted, and will continue to conduct, D/M/WBE and SDVOB outreach and business networking events that will focus on upcoming Department contracting opportunities in an effort to encourage and increase participation.

The Department will also continue to implement targeted supportive services to DBEs using Federal funds. Since many DBEs are also certified M/WBEs, these supportive services will benefit firms in both contracting programs. Furthermore, the Department has developed a pilot Mentor/Protégé program as a strategy for DBEs to increase their contracting opportunities. The Governor remains committed to maximizing M/WBE and SDVOB participation in State contracting and continues to set a M/WBE utilization goal and SDVOB utilization goal that maximizes participation. The Department remains committed to expanding and maximizing opportunities for M/WBE and SDVOB firms and continues to endeavor to meet the goals through increased M/WBE and SDVOB utilization in Department procurements. Additionally, the Department will summarize its program efforts and results to both the Federal Highway Administration, and in the plans and reports required by those agencies.

GLOSSARY OF ACRONYMS

ACFR	Annual Comprehensive Financial Report
ADA	American Disability Act
AHC	Affordable Housing Corporation
AMI	Area Median Income

RBTF	Revenue Bond Tax Fund
REDC	Regional Economic Development Councils
REDI	Resiliency and Economic Development Initiative
RETT	Real Estate Transfer Tax
RGGI	Regional Greenhouse Gas Initiative
RPCI	Roswell Park Cancer Institute
RUSH-NY	Redevelopment of Underutilized Sites for Housing
SAM	State and Municipal Facilities

GLOSSARY OF ACRONYMS

SCAHC	Securing Communities Against Hate Crimes
SED	New York State Education Department
SDVOB	Service-Disabled Veteran-Owned Businesses
SHIN-NY	Statewide Health Information Network for New York
SOECK	Sexual Offense Evidence Collection Kits
SPIF	State Parks Infrastructure Fund
STARC	Sales Tax Asset Receivable Corporation
SUCF	State University Construction Fund
SUNY	State University of New York
TBTA	Triborough Bridge and Tunnel Authority
TIFIA	Transportation Infrastructure Finance and Innovation Act
URI	Upstate Revitalization Initiative
USDOT	United States Department of Transportation
WCLR	Wadsworth Center for Laboratories and Research

AGENCY SUMMARY AND DETAIL TABLES

AGENCY SUMMARY AND DETAIL TABLES

The following tables provide a summary of projected appropriations, commitments, and disbursements for each agency on both a comprehensive construction program and capital projects fund basis. Immediately following the agency summary table are detailed projected disbursements for each fiscal year, beginning in FY 2026, by individual appropriation on a comprehensive construction program basis. The disbursements on these tables reflect projected spending from reappropriations and new appropriations effective for FY 2026 and beyond, as well as appropriations anticipated to be recommended in future State fiscal years from FY 2027 through FY 2030. Spending that is not made from a capital appropriation is not reported on in the agency and summary detail tables. All amounts are in thousands of dollars.

Reappropriations and appropriations in the FY 2026 Executive Budget represent the estimated costs for the various agencies and the respective comprehensive construction programs. Each of the reappropriations, new appropriations, and future appropriations are identified by a reference number, as required by section 22-c of the State Finance Law. These individual eight-character reference numbers are included at the end of the text for each Executive appropriation, and the fifth and sixth characters identify the State fiscal year in which it was originally Enacted. Reference numbers for new appropriations for FY 2026 will display 25 as the fifth and sixth characters.
